Madison

*National Conference on Fetal Alcohol Spectrum  
Disorders (FASD): Evidence-Based Strategies  
to Support Individuals, Families, and  
Communities Affected by FASD*

**April 3 - 4, 2008  
Madison, Wisconsin**

***ABSTRACT GUIDELINES***

This two day national conference will offer keynote addresses, breakout sessions, poster presentations, and exhibits sharing state-of-the-art information and strategies for providers, families, and communities affected by FASD.

We will accept abstract submissions until 4:30 p.m. on Monday October 1, 2007 for workshop sessions or poster presentations that address the following conference themes: preventing FASD, effective interventions for individuals with FASD, research outcomes, family support models. **Selected presenters will receive a registration discount.**

**To apply:** Submit a one page abstract that includes title, type of session (i.e. 1.5 hour workshop, 3 hour skills building session, abstract display), presenters/authors, and goals/objectives of presentation or poster exhibit. Email abstract by October 1, 2007 to: [healthy.choices@fammed.wisc.edu](mailto:healthy.choices@fammed.wisc.edu)

**Exhibit Space:** Non-profit, educational organizations, and family support groups can reserve a conference display table for \$250. For profit groups can reserve a table for \$500. Each paid exhibitor will receive one free conference registration.
