

SAVE THE DATE

National Conference on Fetal Alcohol Spectrum Disorders (FASD): Evidence-Based Strategies to Support Individuals, Families, and Communities Affected by FASD

Dates: April 3 - 4, 2008

Host: University of Wisconsin-Madison

Sponsors: Family Empowerment Network (FEN) and the Healthy Choices Project at the UW Department of Family Medicine

Location: American Family Insurance National Headquarters in Madison, Wisconsin

Space is limited for this two day national conference offering state-of-the-art information and strategies for providers, families, and communities affected by FASD. Please submit the following application to pre-register for this conference. Pre-registrants will be sent conference information, including registration guidelines, prior to the general release of conference marketing. Pre-registration does not obligate individuals to register for the conference.
