KEY FACTS

- Chair: **Valerie Gilchrist, MD**
- FY19 revenue: \$108 million

OUR PEOPLE

- 895 employees (including 172 faculty) plus affiliations statewide.
- 10 new faculty in FY19; 3 faculty promotions.

EDUCATION

- Taught 511 medical students through coursework, clerkship, preceptorships, required courses and electives.
- Three-year statewide residency programs (DFMCH-sponsored and academic partner) are fully accredited; six sites have achieved osteopathic recognition. In FY19, 154 residents were in training; of the 44 who graduated in 2019, 26 (59%) entered practice in Wisconsin.
- Academic, addiction medicine, integrative health, primary care research and primary care sports medicine fellowships offered.

PATIENT CARE

- 348,648 patient visits at 17 statewide clinics (153,465 total patient panel), plus 29,662 patient visits at UW Health urgent care sites.

COMMUNITY HEALTH

- Office of Community Health supported education, research, clinical service and outreach projects that promote and enhance community health.

RESEARCH

- \$8.8 million in grant awards in FY19. Major projects focused on addiction and substance misuse prevention and treatment, infectious disease surveillance and systems-engineering approaches for improving ambulatory care.
- Wisconsin Research and Education Network (WREN) partnered with primary care clinicians and communities.

YEAR IN REVIEW

July >> 56 residents entered our statewide sponsored and academic partner programs.

September >> Renee Crichlow, MD, presented the Farley Visiting Professor Lecture.

October >> **Jonathan Temte, MD, PhD, MS**, received the 2018 AAFP Public Health Award; **Ann Evensen, MD**, received the 2018 AAFP Humanitarian Award.

November >> An oral presentation by **Paul Smith, MD**, was selected as a distinguished presentation at the 2018 North American Primary Care Research Group annual meeting.

Byron Crouse, MD, received the 2018 Renner Award; **Russell Lemmon, DO**, received the 2019 Hansen Lectureship Award. **David Deci, MD**, received the AAFP Award for Distinguished and Meritorious Service to Family Medicine.

December >> **Jennifer Edgoose, MD, MPH**, was selected as a University of Wisconsin-Madison Outstanding Women of Color.

Melissa Stiles, MD, was selected as the 2018 Wisconsin Academy of Family Physicians Family Medicine Educator of the Year.

The Accreditation Council for Graduate Medical Education conferred accreditation status—with no citations—on the DFMCH's multidisciplinary addiction medicine fellowship.

March >> 35 fourth-year UW School of Medicine and Public Health students matched into family medicine residency programs nationwide.

April >> **Randall Brown, MD, PhD, DFASAM**, was inducted into the Alpha Omega Alpha (AOA) Honor Medical Society.

May >> **Jonathan Temte, MD, PhD, MS**, was selected as the new Associate Dean for Public Health and Community Engagement at the UW School of Medicine and Public Health.

The DFMCH honored 27 medical students, residents and faculty mentors at the McGovern-Tracy and Student Scholars Award ceremony.

June >> **Jonathan Temte, MD, PhD, MS**, was selected for the AAFP 2019 Exemplary Teaching Award for Full-Time Faculty.

44 residents graduated; 26 (59%) entered practice in Wisconsin.

AAFP named University of Wisconsin School of Medicine and Public Health Family Medicine Interest Group a Program of Excellence for the sixth time.

WELCOME FROM THE CHAIR

Welcome to the DFMCH's FY19 annual report, a summary of our faculty and staff activities from July 1, 2018, through June 30, 2019. I'm grateful to all of our faculty and staff for their skill and dedication: our work depends on you!

In FY19, we provided care for 348,648 patient visits (153,465 total patient panel) in our 17 statewide clinics. We continued to improve patient care quality by implementing a pilot program to improve clinic access, appointment utilization, and patient satisfaction with scheduling; collaborating across primary care to advance behavioral health services; and partnering with communities to offer resources for patients in need of food, transportation, housing, employment, utility assistance and legal assistance. In addition, several clinics received the Wisconsin Immunization Program's "Big Shot" award for ensuring 90% of their pediatric populations are up-to-date on vaccinations; and four clinics are now offering medication assisted treatment (Suboxone and Vivitrol) to patients with a substance use disorder, while also training residents on how to deal with this important health issue.

We continue our commitment to educating primary care providers for Wisconsin.

- Of the 44 residents in our sponsored and academic partner programs who graduated in 2019, 26 (59%) entered practice in-state.
- We ranked eighth in Family Medicine Residency Programs in US News and World Report in 2019.
- We taught 511 UW School of Medicine and Public Health students, and for the sixth time, the American Academy of Family Physicians named our Family Medicine Interest Group a Program of Excellence.

In addition, our researchers received \$8.8 million in grant awards in FY19. Their work focuses on preventing and treating addiction and substance misuse, conducting surveillance for infectious diseases and implementing systems-engineering approaches for improving ambulatory care.

And don't miss the numerous national awards our faculty received this past year, listed on pages 10-11 of this report.

Over the next year, we look forward to further improving how we care for patients, building on our educational partnerships, strengthening our research program and expanding our community health efforts. Because health lives here, in Wisconsin.

Valerie Gilchrist, MD

Millard Professor in Community Health

Chair, Department of Family Medicine and Community Health

University of Wisconsin School of Medicine and Public Health

DFMCH GOVERNANCE

EXECUTIVE LEADERSHIP

- Valerie Gilchrist, MD (department chair)
- Lawrence Hanrahan, PhD, MS (July 2018-April 2019)
- Linda Haskins, MBA
- Sandra Kamnetz, MD
- Justin Knupp, MBA (joined December 2018)
- David Rabago, MD (May 2019-June 2019)
- Kirsten Rindfleisch, MD
- William Schwab, MD

1. OUR PEOPLE

EXECUTIVE LEADERSHIP

- **Valerie Gilchrist, MD**, chair
- **Lawrence Hanrahan, PhD, MS**, research director (July 2018-April 2019)
- **Linda Haskins, MBA**, administrator
- **Sandra Kamnetz, MD**, vice chair for clinical care
- **Justin Knupp, MBA**, business operations team representative (joined December 2018)
- **David Rabago, MD**, vice chair for research (May 2019-June 2019)

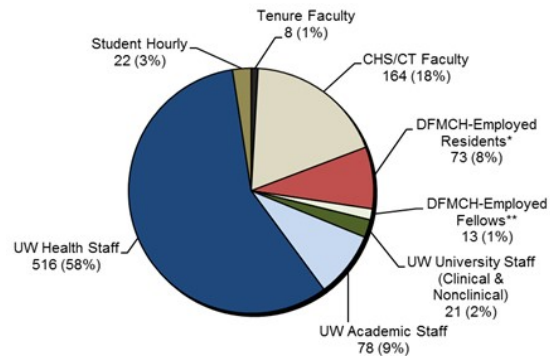

- **Kirsten Rindfleisch, MD**, associate vice chair, Madison residency clinical operations
- **William Schwab, MD**, vice chair for education

FY19 KEY FACTS

- 895 employees (including 172 faculty) plus affiliates statewide
- 10 new faculty
- 14 faculty retirements/departures
- 3 faculty promotions

The people of the UW Department of Family Medicine and Community Health are a diverse and exceptional group. Based in communities, and through statewide affiliations, they all work toward creating health for Wisconsin. We are deeply proud of their dedication, efforts and accomplishments.

FY19 STAFF MIX

* Wausau residents are employed by Aspirus; Milwaukee residents are employed by Aurora
 ** One additional fellow is appointed through the UW Department of Orthopedics

Pictured above, members of the DFMCH Leadership Council. Left to right: Jen Lochner, MD; Allison Hotujec, MD; Robyn Titel, MD; Pamela Olson, MD; Bill Heifner, MD; Ildi Martonffy, MD; Melissa Stiles, MD; John Hawkins, MD; Kirsten Rindfleisch, MD; Jeff Huebner, MD; Greta Kuphal, MD; Elizabeth Perry, MD; Valerie Gilchrist, MD; David Rabago, MD; Brian Arndt, MD; Matt Swedlund, MD.

1.1. NEW FACULTY

Name	Date Joined	Practice Location
Residency Clinic Faculty		
Christopher Nicholas, PhD	7/1/18	Addiction Medicine Faculty
Allison Couture, MD	10/1/18	UW Health Verona Clinic
Erin Hammer, MD, MPH	10/1/18	UW Health Verona Clinic
Community Clinic Faculty		
Michelle Malloy, MD	7/1/18	UW Health Odana Atrium
Eve Paretsky, MD	9/1/18	UW Health Deforest-Windsor
Lauren Mixtacki, MD	10/1/18	UW Health Sun Prairie
Robert Terbrack, DO	12/1/18	UW Health Yahara
Katherine McCreary, MD	2/18/19	UW Health Fitchburg
Jennifer Shafer, MD	4/1/19	UW Health Mt. Horeb
Titus Dutcher, MD	5/1/19	UW Health DFMCH Float Pool

1.2. TRANSITIONS, RETIREMENTS AND DEPARTURES

Retirements and Departures

- Ixchel Alvarez, DO, MPH
- Robert Cape, MD
- Kari Cataldo, MD
- Marilyn Chohaney, MD
- Byron Crouse, MD
- Troy Doetch, MD
- Kenneth Kushner, PhD, MA
- Wendy Molaska, MD
- Bobby Nourani, DO
- Nancy Pandhi, MD, MPH, PhD
- Eric Phillippi, MD
- Richard Roberts, MD, JD
- Mark Robinson, DO
- Jantina Vonk, MD

1.3. ROLE TRANSITIONS

The following faculty had major role transitions in FY19:

- **Zinije Jonuzi, MD**, transitioned from the DFMCH Float Pool to the role of primary care physician at the UW Health Deforest-Windsor Clinic.
- **Michele Brogunier, MD**, transitioned from UW Health Urgent Care to the role of primary care physician at the UW Health Cross Plains Clinic.
- **Gregg Kissel, MD**, transitioned from UW Health Urgent Care to the DFMCH Float Pool.

1.4. PROMOTIONS

The following faculty received promotions in FY19. Kenneth Kushner, MA, PhD, and Sarina Schragger, MD, co-chairs of the promotion and mentoring committee, coordinated these activities.

James Bigham, MD, MPH
Promoted to Clinical Associate Professor

Dr. Bigham practices at the UW Health Odana Atrium Clinic. He earned his medical degree and master's in public health from the University of Wisconsin School of Medicine and Public Health, and completed his family medicine residency at the DFMCH's Madison residency program.

Ann Evensen, MD
Promoted to Professor (CHS)

Dr. Evensen practices at the UW Health Verona Clinic. She earned her medical degree from University of Wisconsin School of Medicine and Public Health and completed her family medicine residency at a University of Washington-affiliated program in Renton, Washington. She is the DFMCH's director of global health; her professional interests are low-risk obstetrics; women's health; office-based procedures; and the intersection of primary and emergency care, including emergency obstetrics.

Russell Lemmon, DO
Promoted to Associate Professor (CHS)

Dr. Lemmon practices at the UW Health Northeast Family Medical Center. He earned his medical degree from the Chicago College of Osteopathic Medicine; completed his family medicine residency at the MacNeal Hospital Family Medicine residency program in Berwyn, Illinois; and completed a fellowship in academic integrative health at the DFMCH. He served as a family physician in the U.S. Air Force, and was deployed with the special forces in Iraq. His professional interests include integrative medicine, medical acupuncture, osteopathic manipulation and integrative approaches to pain.

1.5. ACCOLADES

Randall Brown, MD, PhD, DFASAM, was inducted into the Alpha Omega Alpha (AOA) Honor Medical Society. A lifelong honor, membership in the society confers recognition for a physician's dedication to the profession and art of healing.

Madison resident **Karyn Cecele, MD**, was selected by the Wisconsin Academy of Family Physicians (WAFP) as the winner of the 2018 David C. Eitrhein, MD, Rural Resident Memorial Scholarship for her interest and commitment to rural family medicine.

Jennifer Edgoose, MD, MPH, was selected a University of Wisconsin-Madison 2018-2019 Outstanding Woman of Color. She was chosen for her work to create a definition of "continuity of care" that goes beyond the clinic to address social issues, and for infusing social justice principles into a community and population health curriculum.

The American Academy of Family Physicians (AAFP) Board of Directors selected **Ann Evensen, MD**, as the recipient of its 2018 Humanitarian Award. The award honors extraordinary and enduring humanitarian efforts by AAFP members, both within and beyond the borders of the United States.

The World Health Organization (WHO), the Pan American Health Organization, and Ecuador's Ministry of Health recently recognized the Andean Health Institute (AHI), led by **David Gaus, MD**, as having one of the best primary health care initiatives in Ecuador.

Ildi Martonffy, MD, was named to the Association of Family Medicine Residency Directors' newly created Diversity and Health Equity Task Force.

Sarina Schrage, MD, MS, was named as one of five recipients of the Wisconsin Women's Health Foundation's (WWHF) 2019 Champions in Women's Health Award. The award recognizes individuals who have devoted themselves to improving the lives of Wisconsin women and their families.

Paul Smith, MD, was selected as a 2019 Community-University Partnership Award recipient. The award recognizes the work of UW–Madison faculty, staff, and students, and their community partners across Wisconsin, as they address pressing public issues in Madison and the surrounding region.

Melissa Stiles, MD, was named the Wisconsin Academy of Family Physicians (WAFP) 2018 Family Medicine Educator of the Year for her service as DFMCH director of faculty development, faculty in the UW School of Medicine and Public Health's (UWSMPH) Longitudinal Teacher-Coach program, and a volunteer faculty physician at UWSMPH MEDiC clinics.

Jonathan Temte, MD, PhD, MS, received the 2018 American Academy of Family Physicians' (AAFP) Public Health Award for his contributions to the health of the American public. He also was selected for the 2019 AAFP Exemplary Teaching Award for Full-Time Faculty. In addition, Dr. Temte was named the new Associate Dean for Public Health and Community Engagement at the UWSMPH, effective July 1, 2019.

Aleksandra Zgierska, MD, PhD, received a 2019 UW Health Leadership Excellence Award. The award recognizes outstanding clinicians who demonstrate exceptional leadership skills outside of their home department.

2. EDUCATION

*Belleville resident Nicholas Squires, MD, talks with a patient in the clinic.
(Photo: John Maniaci, UW Health Marketing and Communications)*

FY19 KEY FACTS

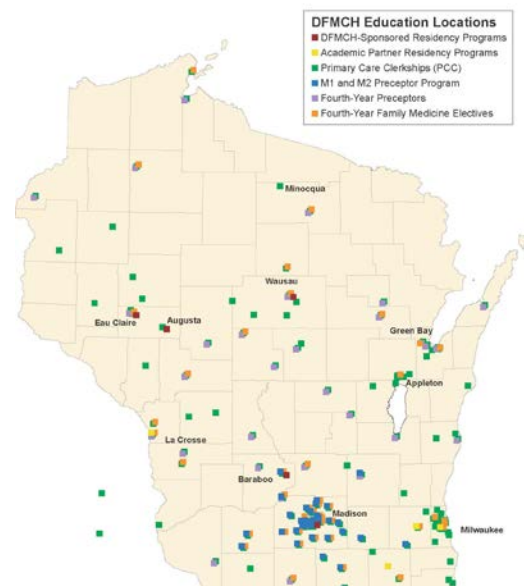

- Office of Medical Student Education taught 171 Chronic and Preventive Care, 134 Phase 1 Preceptor Program, 121 electives, 28 Acting Ambulatory Internship, and 19 Intern Preparation Course students in all three phases of medical school
- Statewide residency programs (DFMCH-managed and academic partners) had 154 residents in training; 44 graduated in 2019
- 13 fellows received specialty education

LEADERSHIP

- **David Deci, MD**, medical student education director
- **William Schwab, MD**, vice chair for education and graduate medical education committee chair

The UW Department of Family Medicine and Community Health educates primary care clinicians for Wisconsin through our statewide:

- office of medical student education;
- residency programs; and
- specialty fellowships.

2.1. MEDICAL STUDENT EDUCATION

FY19 KEY FACTS	LEADERSHIP
<ul style="list-style-type: none">• Taught over 500 phase 1,2, and 3 UWSMPH students through clerkship, preceptorships, required courses and electives• Supported by faculty, staff, and community-based clinical adjunct faculty	<ul style="list-style-type: none">• David Deci, MD, medical student education director and primary care clerkship director• Jacob Bryan, MD, family medicine interest group director <p>More leadership on page 16...</p>

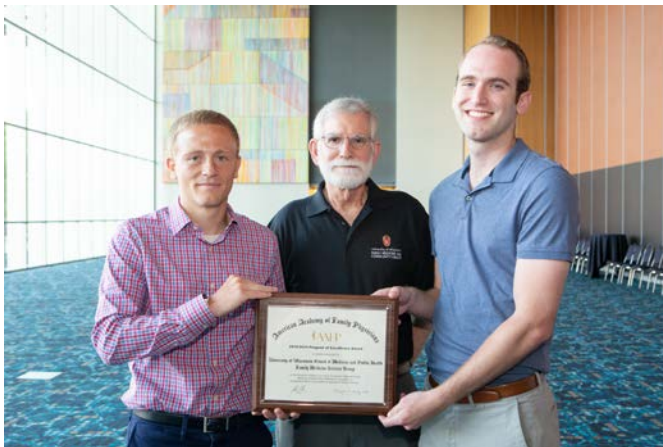

From coursework to special programs to hands-on mentoring, the DFMCH's Office of Medical Student Education (OMSE) teaches students through all four years of their education at the University of Wisconsin School of Medicine and Public Health.

We are grateful for the efforts of our dedicated family medicine faculty and staff, and especially our statewide network of community-based clinical adjunct faculty (see Section 8).

2.1.1. GENERAL HIGHLIGHTS

- The Community Health Engagement Projects (CHEPs) continue to be a highlight in Chronic and Preventive Care. Students work in teams with community partners on a project that spans one year. Community organizations and a faculty mentor work with the team of students over the 12-week block to improve health outcomes. This past year, two community organizations were added to the list of host sites. Toward the end of the block, students 'hand off' the project to the incoming student groups.
- The CPC continues to provide students with a unique curricular experience in the area of Depression and Young Adults (DYA). This online curriculum developed by DFMCH faculty, features a series of video vignettes where patients share the many ways in which depression has affected their lives. Students then meet with a trained facilitator to share insights and discuss what they learned.
- OMSE funded 32 UWSMPH students' attendance at the 2018 American Academy of Family Physicians (AAFP) National Conference of Family Medicine Residents and Medical Students in Kansas City.
- OMSE sponsored 31 UWSMPH students to attend or present at the Family Medicine Midwest Conference, held November 9-11, 2018, at the Union South on the UW Madison campus. There were 22 premed students invited to participate in breakfast roundtable discussions.
- DFMCH and OMSE hosted and provided support and sponsorship for the Family Medicine Midwest Conference held in Madison, WI. This was the first time the annual conference was held on a university campus, and the Union South was a perfect venue. DFMCH sponsored the welcome reception and the FMIG provided and served Babcock ice cream. Many participants were surprised to hear the ice cream is made on campus.

- OMSE collaborated with the UWSMPH Family Medicine Interest Group (FMIG) and 49 volunteer faculty, residents, staff, FMIG student leaders and community volunteers to teach 85 medical students, 22 PA students, and for the first time, 11 premed students, at its annual procedures fair on November 1, 2018. The event highlighted the scope of family medicine through 12 different workshops.
- OMSE welcomed 46 students, 10 physicians and three resident physicians at the 17th annual Essen Haus event, a recruiting partnership between the Wisconsin Academy of Family Physicians (WAFP) and the FMIG, held October 15, 2018.
- With the help of seven faculty, residents, and M4 students and staff, OMSE held a Basic Life Support in Obstetrics certification class on December 1, 2018, for 16 UWSMPH medical students.
- On March 26, 2019, FMIG and OMSE hosted the 1st Annual Speed Dating the Scope of Practice in Family Medicine event. With a focus on demonstrating the scope of family medicine, 10 volunteers representing addiction medicine, hospitalist, integrative health, international health, LGBTQ – transgender and private practice, rural health, military medicine small office procedures and private practice, and women’s health-OB were present to speak with students. There were 23 medical students and 9 premed students who participated.
- OMSE matched 10 UWSMPH students with DFMCH faculty to collaborate on people-oriented, clinically relevant, hands-on research projects as part of the Summer Student Research and Clinical Assistantship program.
- The AAFP named the FMIG a 2019 Program of Excellence for the sixth time.

Left: Tyler Weyer, David Deci, MD, and David Cupp, representatives from the DFMCH and the UWSMPH Family Medicine Interest Group, receive the American Academy of Family Physicians' 2019 Program of Excellence award for sixth time. (Photo: AAFP)

Below: Thirty-two UWSMPH students attended the 2018 AAFP National Conference of Family Medicine Residents and Medical Students in Kansas City.

2.1.2. PROGRAM-SPECIFIC HIGHLIGHTS

Phase 1 Preceptor Program

(family medicine section directed by David Deci, MD)

The Phase 1 Preceptor Program introduces first- and second-year medical students to clinical medicine by pairing them with primary care physicians from around Wisconsin.

In FY19, the program paired 134 medical students with 101 statewide preceptors.

Phase 2 Chronic and Preventive Care (CPC) (directed by Mark Beamsley, MD)

Using a statewide network of community preceptors, the CPC gives Phase 2 medical students in-depth experience assessing and managing patients in the outpatient setting.

In FY19, 171 medical students were evaluated by 188 family medicine preceptors statewide. This part of the curriculum is new and organizational outcomes are being measured and evaluated centrally through the UWSMPH Medical Education Office.

Acting Ambulatory Internship (AAI) (directed by Paul Hunter, MD)

This experience gives fourth-year medical students insight into the relationships between clinical care, public health and the health of the community.

In FY19, 28 medical students worked with 14 statewide preceptors.

Phase 3 Family Medicine Electives (directed by David Deci, MD)

In FY19, 121 UWSMPH and 6 visiting medical students participated in family medicine electives with more than 250 family medicine faculty, residents, PAs, nurses and staff at 37 statewide sites.*

** The program has added more part-time preceptors to fill the educational gap caused by existing preceptors teaching less.*

2.1.3. FACULTY/STAFF LEADERSHIP

Program	DFMCH Faculty/Staff
Medical Student Education	David Deci, MD
Chronic and Preventive Care (CPC)	Mark Beamsley, MD
Family Medicine Interest Group	Jacob Bryan, MD
MEDiC	Anne Eglash, MD
Doctors Ought to Care (DOC)	Alison Miller, MD
Summer Student Research and Clinical Assistantship (SSRCA)	Jonathan Temte, MD, PhD
Family Medicine Advisorship Program	David Deci, MD; Christa Pittner-Smith, MD; Jacob Bryan, MD
Health Care in Diverse Communities elective	Jonas Lee, MD
Fourth-year electives	
Addiction medicine	Randall Brown, MD, PhD, DFASAM
Integrative health	Adam Rindfleisch, MD, MPhil
Family medicine research elective	Jonathan Temte, MD, PhD
Madison Area Clinical Clerkships	
Belleville Family Medicine Clinic	David Deci, MD
Northeast Family Medicine Clinic	Ronni Hayon, MD
Verona Family Medicine Clinic	Brian Arndt, MD
Access Wingra Family Medical Center	Kirsten Rindfleisch, MD
St. Luke's Family Medicine Clinical Clerkship	Brian Wallace, MD
UW Family Medicine Sub-internship	Nicole Bonk, MD
St. Mary's Family Medicine Sub-internship	Julia Lubsen, MD
CPC OSCE exams	Mark Beamsley, MD
UWSMPH Admissions Committee	Patricia Tellez-Giron, MD

2.2. RESIDENT EDUCATION

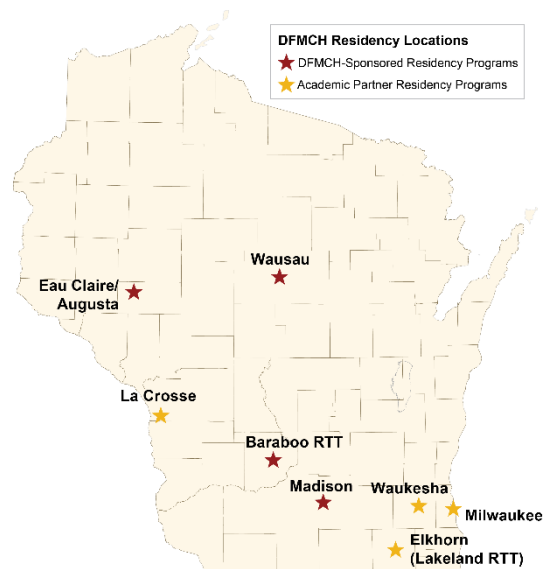

FY19 KEY FACTS	LEADERSHIP
<ul style="list-style-type: none"> 154 residents in training in our three-year, statewide, DFMCH-sponsored and academic partner programs 44 graduates in 2019; 26 (59%) entered practice in Wisconsin All programs fully accredited; six sites have achieved osteopathic recognition 	<ul style="list-style-type: none"> William Schwab, MD, vice chair for education and graduate medical education committee chair

Nationally recognized for its educational excellence, the DFMCH prepares residents to practice full-spectrum family medicine, with particular attention to health promotion within their communities.

Each residency program has full accreditation status, and six sites (marked with asterisks below) have received osteopathic recognition, an educational designation from the Accreditation Council for Graduate Medical Education (ACGME).

Total Residents in Training (FY19)

PROGRAM	NUMBER OF RESIDENTS
DFMCH-Sponsored Residency Programs	
Baraboo Rural Training Track *	6 (5 MD, 1 DO)
Eau Claire/Augusta *	15 (11 MD, 4 DO)
Madison (at four continuity clinics) *	45 (34 MD, 11 DO)
Wausau *	17 (12 MD, 5 DO)
Academic Partner Residency Programs	
La Crosse *	15 (13 MD, 2 DO)
Lakeland RTT	8 (8 MD, 0 DO)
Milwaukee *	30 (15 MD, 15 DO)
Waukesha	18 (14 MD, 4 DO)
TOTAL	154

* = Site has received osteopathic recognition

2.2.1. STATEWIDE HIGHLIGHTS

Graduates

- 28 (64%) remained in Wisconsin:
 - 26 (59%) entered in-state practice
 - 2 (5%) entered in-state fellowships (1 primary care research, 1 MPH)
- 14 (31%) will practice outside of Wisconsin:
 - 12 (27%) entered out-of-state practice
 - 1 (2%) entered an out-of-state fellowship (osteopathic neuromusculoskeletal medicine)
 - 1 (2%) locum tenens (New Zealand)
- 2 (5%) were undecided at the time of publication

Initiatives

- **Residency program growth.** The Madison Family Medicine Residency now has two residents in its Rural Health Equity Track in each year of the program, expanding its total number of residents to 48.
- **Fellowship accreditation.** DFMCH's Addiction Medicine Fellowship was one of the inaugural programs in the country to receive ACGME accreditation.

GRADUATE MEDICAL EDUCATION COLLABORATORS

- Aspirus Wausau Hospital
- Aurora Health Care
- Divine Savior Healthcare
- Gundersen Lutheran Medical Center
- Gundersen Lutheran Medical Foundation
- Monroe Clinic, Inc.
- Sacred Heart Hospital
- Sauk Prairie Healthcare
- SSM Health St. Clare Hospital–Baraboo
- SSM Health St. Mary's Hospital–Madison
- UW Health
- University of Wisconsin Medical Foundation
- University of Wisconsin School of Medicine and Public Health
- Waukesha Memorial Hospital

WRPRAP: GROWING OPPORTUNITIES FOR RURAL RESIDENCY TRAINING

The Wisconsin Rural Physician Residency Assistance Program (WRPRAP) is now in its ninth year as a DFMCH-administered program designed to provide state funding to expand resident education opportunities in rural Wisconsin communities.

In FY19, WRPRAP awarded 11 programs \$989,048 in total grant funding to enhance and expand rural GME programs and tracks. Individual grants ranged from \$10,000 to \$340,000 to support efforts including new development of rural residency and fellowship programs, continued development of rural residency programs and tracks, and initial planning for new rural rotation sites. WRPRAP, through its funding of the Wisconsin Collaborative for Rural GME, has continued to stimulate interest and initiatives to increase education and training opportunities within the physician workforce in rural Wisconsin.

William Schwab, MD,
DFMCH Vice Chair for
Education and
WRPRAP Director

Program Coordinator:
Briana Kleinfeldt

FY19 WRPRAP Grants Overview

- Two transformation grants, supporting:
 1. Feasibility study to develop a child psychiatry rural rotation or a child psychiatry rural training track. (MCW Department of Psychiatry, Milwaukee)
 2. Developing a rural training track and rural primary care fellowship program in northern Wisconsin rural communities. (Ascension St. Mary's, Rhinelander)
- Nine operational grants, supporting:
 1. A rural general surgery residency training program with 8-week rotations located in Waupun. (UW Department of General Surgery, Madison)
 2. A rural training track in child health with two 4-week rural rotations in Baraboo and Beaver Dam (UW Department of Pediatrics, Madison)
 3. A maternity care rural training track with eight 4-week rural rotations in Portage, Monroe, Watertown, Waupun, and Ripon. (UW Department of Obstetrics and Gynecology, Madison)
 4. A behavioral health public health track with rotations located in Ashland, Lancaster, Monroe, Portage, Waupaca, and Sauk City. (UW Department of Psychiatry, Madison)
 5. A rural psychiatry residency program in central Wisconsin (MCW Central Wisconsin Psychiatry, Wausau)
 6. Faculty development for a family medicine residency rural rotation program. (Gundersen Health System, LaCrosse)
 7. Faculty development for a family medicine residency rural training tack program. (Mayo Clinic, Eau Claire)
 8. Primary care/emergency medicine fellowship program (Marshfield, Rice Lake)
 9. Continued growth of the Wisconsin Collaborative for Rural GME (WCRGME) to provide technical assistance, education and consulting for rural hospitals, clinics and residency programs in order to create and improve rural GME opportunities throughout Wisconsin (Rural Wisconsin Health Cooperative, Sauk City)

In addition to grant awards, WRPRAP has played a leadership role in rural GME development through participation in state and national rural associations, and through actively encouraging collaboration among health systems, academic institutions and community leaders. The Wisconsin Family Medicine Residency Program Directors Forum is an annual event hosted by WRPRAP to facilitate statewide efforts to recruit family medicine residents to Wisconsin and share lessons among a network of program directors.

Residency Graduation Awards

AWARD	RECIPIENT(S)
DFMCH-Sponsored Residency Programs	
Baraboo Rural Training Track	
Chief Resident Leadership Awards	Kayce Spear, MD; and Stacy Loerch, MD
James Damos Distinguished Educator of the Year Award	Sharilyn Munneke, MD
Eau Claire Residency Program	
Chief Resident Certificates	Steven Long, DO; Caitlin Suilmann, MD
Teaching Award	Caitlin Suilmann, MD
Madison Residency Program	
Chief Resident Leadership Awards	Emily Metzger, MD; Alex Milsap, MD; Caitlin Regner, MD; Xia Vang, MD
William Scheibel, MD, and Baldwin E. Lloyd, MD, Clinical Teacher Awards	Ronni Hayon, MD
Clinical Teacher Awards	Bethany Howlett, MD; Michelle Kelly, MD; Molla Teshome, MD
Resident Teacher Award	Caitlin Regner, MD
Distinguished Service Award	Jim Hazeltine
Wausau Residency Program	
Faculty Awards to Residents	Dr. Russell Clayton Esprit de Corps Award: Amanda Schoenfuss, DO; and Caitlin Harris Hwang, DO Outstanding Teaching Award: Amanda Schoenfuss, DO; and Caitlin Harris Hwang, DO Outstanding Medical Student Teacher: Caitlin Harris Hwang, DO
Faculty Awards to Faculty or Community Physicians	Legend in Teaching: Kris Lahren, MD
Resident Awards to Faculty/Staff	Excellence in Teaching Award: Herbert Wiser, MD Good Fellow Award: Blair Henneman Esprit de Corps Award: Deanna Froehlich
Academic Partner Residency Programs	
Milwaukee Residency Program	
Heip Trieu Memorial Award for Patient Dedication	Joseph Vogelgesang, DO
Golden Find Award	Alonzo Jalan, MD; and Abdulrehman Siddiqui, MD
Len and Jeannine Perushek Award	Abdulrehman Siddiqui, MD
Service to the Residency Award	Matthew Gill, DO
Faculty Teaching Award	Bonnie Bobot, MD
Chief Residents Award	Abdulrehman Siddiqui, MD; and Joseph Vogelgesang, DO
STFM Certificate	Alonzo Jalan, MD

Resident Scholarly Accomplishments

Scholarship is a key part of resident education at the DFMCH, as demonstrated by the following publications and presentations by our residents in FY19:

Babiarz, A (Eau Claire). “Thrombocytopenia.” OB/Gyn Journal Club. Eau Claire, WI; May 25, 2019.

Beck, J. O (Eau Claire). “Postpartum Hemorrhage.” OB/Gyn Journal Club. Eau Claire, WI; October 16, 2018.

Bullock, K (Eau Claire). “Term Elective induction of Labor and Pregnancy Outcomes among Obese Women and Their Offspring.” OB/Gyn Journal Club. Eau Claire, WI. July 17, 2018.

Dresang L, **Kredit S (Madison).** Does Tranexamic Acid Decrease Maternal Mortality When Given for Postpartum Hemorrhage? Journal of Family Practice. Accepted for publication in Nov 2019.

Droeszler, Z (Baraboo). “The PURE Study and the Continued Discussion of Fats vs Carbs”. UWDFMCH Primary Care Conference. Madison, WI; February 20, 2019.

Erickson R (Madison). “The Clinical Effects of a Single Platelet-Rich Plasma (PRP) Injection for the Treatment of Chronic Lateral Epicondylitis.” American Medical Society for Sports Medicine Annual Meeting. Houston, TX; Apr 13, 2019.

Gill M (Milwaukee). “Upper Extremity OMT in the Setting of Rotator Cuff Injury” case presentation. UW DFMCH Statewide Osteopathic Collaborative Conference. Baraboo, WI; May 2019.

Goldman P (Madison). “Chronic Pain or Opioid Use Disorder in Patient Started on Opioids for Pain Management as a Teen.” WI Opioid Project ECHO. Madison, WI; April 19, 2019.

2.2.2. STATEWIDE OSTEOPATHIC COLLABORATIVE

FY19 KEY FACTS	LEADERSHIP
<ul style="list-style-type: none"> 38 residents 	<ul style="list-style-type: none"> Sarah James, DO, director of osteopathic education and DFMCH osteopathic program director Anna Veach, DO, associate director of osteopathic education Jennifer White, education coordinator

The statewide osteopathic collaborative operates at six residency sites, each of which is accredited by the Accreditation Council for Graduate Medical Education (ACGME) and has received osteopathic recognition from the ACGME effective July 1, 2015.

Education Highlights

- AOA accreditation terminated; statewide Collaborative formed.** In anticipation of the American Osteopathic Association (AOA) ending its accreditation of residency programs, the program terminated its AOA accreditation as of July 1, 2017. The program now operates as a statewide osteopathic collaborative.
- OMT conferences.** The program continues to offer four OMT conferences each year, which consist of resident-led case presentations, hands-on time to practice OMT techniques, a practice management topic and faculty development sessions.
- In an osteopathic recognition program, osteopathic residents train with their allopathic resident colleagues while receiving additional opportunities to learn and practice Osteopathic Principles and Practice and Osteopathic Manipulation Medicine. Osteopathic graduates of the program are eligible to take both the osteopathic and allopathic medical board examinations

2.2.3. DFMCH-SPONSORED RESIDENCY PROGRAMS

2.2.3.1. BARABOO RURAL TRAINING TRACK (RTT)

FY19 KEY FACTS	LEADERSHIP
<ul style="list-style-type: none"> 6 residents 	<ul style="list-style-type: none"> Stuart Hannah, MD, program director Shari Munneke, MD, associate program director (departed 3/30/19) Beth Lownik, MD, associate program director (as of 4/1/19) Angela Womble, education coordinator

The Baraboo RTT is committed to preparing physicians for rural practice. It's the oldest program of its kind in Wisconsin, and one of only a few in the country.

Education Highlights

- Education for rural practice.** Since the program opened in 1996, 54% of graduates have gone on to provide maternity care in rural communities, and 60% have remained in Wisconsin.
- Quality of education.** For the past five years, third-year Baraboo residents successfully passed the ABFM board exam on their first attempt, with a program composite score of 602, above the national composite score of 525.

2.2.3.2. EAU CLAIRE/AUGUSTA RESIDENCY PROGRAM

FY19 KEY FACTS	LEADERSHIP
<ul style="list-style-type: none">15 residents	<ul style="list-style-type: none">Joan Hamblin, MD, residency program directorPaula Naumann, MA, education coordinator

The Eau Claire/Augusta residency program teaches community-connected care in a state-of-the-art facility. Through a strong collaboration with Chippewa Valley Technical College (CVTC), resources include a human patient simulation lab and virtual hospital.

Education Highlights

- Community engagement.** Residents gave health talks at two elementary schools, a middle school and the regional juvenile detention center. They also conducted sports physicals at middle and high schools, collaborated on health outreach projects with CVTC, conducted wellness meetings at local companies and participated in a local wellness fair.

*Above: Eau Claire resident Crystal Lalonde, MD, MSc.
(Photo: Jeff Thompson Photography)*

- Curriculum initiatives.** The program approved and implemented changes to the dermatology, hospitalist (Mayo), neurology, otolaryngology, orthopedics, critical care unit, and gynecology curricula. Residents also proposed, and received approval to complete, elective rotations in parenting, high-volume OB, allergy and immunology, neuropsychology and sleep medicine.
- Resident wellness initiatives.** In addition to holding monthly intern well-being sessions, the program offered a mindfulness retreat, abbreviated schedules during FMS rotation as well as social activities promoting wellness.

2.2.3.3. MADISON RESIDENCY PROGRAM

FY19 KEY FACTS	LEADERSHIP
<ul style="list-style-type: none">• 45 residents• Continuity practices at 4 residency clinics:<ul style="list-style-type: none">○ Belleville: 21,412 patient visits and a patient panel of 7,106○ Northeast: 23,233 patient visits and a patient panel of 10,062○ Verona: 36,183 patient visits and a patient panel of 12,594○ Wingra: 23,720 patient visits and a patient panel of 9,654	<p>Ildi Martonffy, MD, residency program director Jennifer White, education coordinator</p> <p>Belleville:</p> <ul style="list-style-type: none">• Jennifer Lochner, MD, medical director• Peggy Soehnlein, clinic manager <p>Northeast:</p> <ul style="list-style-type: none">• Russell Lemmon, DO, medical director• Alicia Rizzo, clinic manager <p>Verona:</p> <ul style="list-style-type: none">• Brian Arndt, MD, medical director• Cheryle Sickels, clinic manager <p>Wingra:</p> <ul style="list-style-type: none">• Kirsten Rindfleisch, MD, medical director• Mary Vasquez, clinic manager

The Madison residency program offers a robust curriculum nurtured by a supportive community of residents, faculty and staff. Residents care for a dedicated patient panel for three years at one of four continuity clinics.

Education Highlights

- **Diversity and inclusiveness efforts.** Training on teaching inclusively was held for faculty at the core faculty retreat and for residents at their post-in-training exam educational afternoon. Residents and faculty also brainstormed practical ways to make our clinics and hospital services more inclusive during our annual program evaluation.

Above: Residents from the DFMCH class of 2021.

- **Addressing opioid addiction.** Residents are being trained in Medication Assisted Treatment (MAT), including receiving their X-waiver to be able to prescribe buprenorphine in the clinic. The residency clinics are setting up workflows for residents and faculty to streamline care for patients with opioid addiction.
- **New rural health pathway.** The program added a rural health pathway to the list of pathways that residents may pursue. Pathways are a pre-established yet flexible set of experiences within

the standard residency curriculum. Residents on the rural health pathway will participate in extra rural rotations at sites of interest in Wisconsin. They are also encouraged to focus their Community Health Learning Experience on a rural community or topic.

- Resident well-being and resilience initiatives continue.** The program continues to offer a resiliency training course based on mindfulness meditation in the first-year seminar series; second- and third-year residents also have physician resiliency training in their seminar series. Four faculty continue to conduct Balint groups for the residents in all years of training. In addition, the in-patient heavy patient rounding schedule was reduced by a half day on the weekend on the St. Mary's Family Medicine Service and the Maternal Child Teaching Service.

Patient Care Highlights

BELLEVILLE FAMILY MEDICINE

Located in a rural community approximately 19 miles from Madison

FACTS

FY19 Patient Visits: 21,412 | **FY19 Patient Panel:** 7,106

Medical Director: Jennifer Lochner, MD | **Clinic Manager:** Peggy Soehnlein

HIGHLIGHTS

- Began offering in-clinic ultrasound imaging for our OB patients for dating and monitoring of fetal growth; and in anticipation of teaching residents.
- Recruited four new interns, thus completing our transition from a six resident training site (2/2/2) to a twelve resident site (4/4/4).
- In partnership with Green County, began offering medication assisted treatment (Suboxone and Vivitrol) to patients with a substance use disorder, while also training residents on how to deal with this important health issue.

NORTHEAST FAMILY MEDICAL CENTER

Located in northeast Madison, with a culturally and socioeconomically diverse patient population

FACTS

FY19 Patient Visits: 23,233 | **FY19 Patient Panel:** 10,062

Medical Director: Russell Lemmon, DO

Clinic Manager: Alicia Rizzo

HIGHLIGHTS

- Patient access initiatives: extended schedule availability to 12 months, and shifted same day appointments and PSR scheduling to reduce scheduling barriers. These initiatives improved the ability for patients to get an appointment when needed from 47% to 60% over a 6-month period.
- Implemented two clinic-wide quality improvement teams that meet weekly. Initial improvement projects in FY19 included completion of an adolescent health champion project and integration of student-patient navigators into clinical teams.
- Improved patient experience metrics with "likelihood of recommending your clinic" up from 69% to 83% over a 6-month period. "Promise in Action" training completed by all staff. Improved building appearance with painting, artwork and furniture upgrades.
- Faculty awards: Jennifer Edgoose, MD, UW's Outstanding Women of Color award for 2018-2019; Sarina Schrage, MD, Wisconsin Women's Health Foundation 2019 Champion in Women's Health award.

VERONA CLINIC

Located in a suburb approximately 11 miles from Madison, with urban and rural patients

FACTS

FY19 Patient Visits: 36,183 | **FY19 Patient Panel:** 12,594

Medical Director: Brian Arndt, MD

Clinic Manager: Cheryle Sickels

HIGHLIGHTS

- Team realignment: faculty, APPs, residents, nursing staff and PSRs were assigned to four different teams, identified by color, to reflect FTE, in basket work, and OB specialties. The teams were created to improve continuity of care for patients.
- On site community garden, managed by the clinic and Badger Prairie Needs Network (BPNN), provides produce to local food pantry based on community needs.
- APPs and provider management of patients' chronic illnesses to offer more patient access to team members who know patient history.

ACCESS COMMUNITY HEALTH CENTER/WINGRA FAMILY MEDICAL CENTER

Located in a racially and ethnically diverse area of Madison

FACTS

FY19 Patient Visits: 23,720 | **FY19 Patient Panel:** 9,654

Medical Director: Kirsten Rindfleisch, MD

Clinic Manager: Mary Vasquez

HIGHLIGHTS

- Wingra Clinic Resource Navigators have worked with almost 200 patients on social needs of access to food, transportation, housing, employment, utility assistance and legal assistance. The navigators have been able to assist several homeless patients in finding housing and wrap around services.
- Affiliated with Access Community Health Centers (ACHC), the local Federal Qualified Healthcare Center (FQHC); many of our recent resident graduates have taken Primary Care Provider positions at ACHC or other FQHCs around the country.
- Worked hard to improve fill rates for the APPs improving from 68% to 94% as part of the organization's strategic focus on improving access to care. The work included collaboration from reception and clinical teams to promote the APPs.

2.2.3.4. WAUSAU RESIDENCY PROGRAM

FY19 KEY FACTS	LEADERSHIP
<ul style="list-style-type: none"> • 17 residents 	<ul style="list-style-type: none"> • John Wheat, DO, program director • Deanna Froehlich, education coordinator

The Wausau family medicine residency program—one of the oldest in the state—offers unopposed education at a state-of-the-art facility on the Aspirus Wausau Hospital campus.

Education Highlights

- **Obstetrics curriculum.** The curriculum is available to one or two residents who desire extra training in obstetrics and maternity care
- **Increased pediatrics experience.** Longitudinal pediatrics continuity clinics continue to provide a consistent increase in outpatient pediatric encounters. Additional inpatient pediatrics experience is available through rotations with a pediatric residency at a children’s hospital.
- **Resident well-being initiatives.** Residents continue to receive at least one lecture per year on well-being and resilience, and participate in a resident-planned retreat twice per year. A Balint Group meets once or twice a year.

2.2.4. ACADEMIC PARTNER RESIDENCY PROGRAMS

2.2.4.1. LA CROSSE RESIDENCY PROGRAM

FY19 KEY FACTS

- 15 residents

LEADERSHIP

- **Paul Klas, MD**, program director
- **Robin Borge, MD**, associate program director
- **Paula Ebert**, education coordinator

In 2016, the DFMCH formalized an academic partnership with Gundersen Lutheran Medical Foundation with the intent of strengthening graduate medical education in family medicine throughout Wisconsin.

Through this partnership, the La Crosse Family Medicine Residency Program at Gundersen Health System welcomed its first class of residents on July 1, 2016.

Gundersen has a long history of excellent graduate medical education in multiple specialties. Gundersen Health System Graduate Medical Education was recognized as a Baldwin Award winner for being one of the top institutions in the country promoting an excellent learning environment for graduate medical education.

Gundersen is also the western academic campus for the University of Wisconsin School of Medicine and Public Health and is a site for the Wisconsin Academy for Rural Medicine (WARM) program.

Education Highlights

- **6-6-6 residency approved.** The program completed its third year of training and was recently approved to increase its number of residents from four annually to six annually by the Accreditation Council for Graduate Medical Education (ACGME).
- **Osteopathic recognition.** The program received osteopathic recognition, an educational designation from the ACGME.

2.2.4.2. LAKELAND RURAL TRAINING TRACK

FY19 KEY FACTS

- 8 residents

LEADERSHIP

- **Jeffrey Tiemstra, MD**, program director
- **Stephanie Dunaway**, education coordinator

In 2017, the DFMCH formalized an academic partnership with the new Aurora Lakeland Rural Training Track (RTT) Family Medicine Residency Program.

Through this partnership, the Lakeland RTT welcomed its first class of residents on July 1, 2017.

Residents spend their first year in Milwaukee on inpatient rotations with the Aurora St. Luke's Family Medicine residents, and their second and third years at Aurora Lakeland Medical Center in Elkhorn, Wisconsin, practicing and learning rural family medicine.

Above: The Lakeland RTT's first resident class entered their final year of training, from left: Munish Kaushik, MD; Shivani Bhatganar, MD; Eftu Boru, MD; Jace Varkey, MD

Education Highlights

- **We matched our second class!** The program welcomed our second class of four residents, all of whom have interests in practicing rural medicine in Wisconsin; other clinical interests include obstetrics, geriatrics and LGBTQ medicine.
- **Medication assisted treatment for opioid addiction.** The program established and launched a new clinic to provide buprenorphine and naloxone (Suboxone®) treatment for people struggling with symptoms of opioid addiction and withdrawal. Residents received training in medication assisted treatment for opioid addiction, and staff the clinic under supervision from the program director.
- **We welcomed our new faculty member.** Dr. Lauren Walsh joined our residency program and helped successfully start our OB program.

2.2.4.3. MILWAUKEE RESIDENCY PROGRAM

FY19 KEY FACTS

- 30 residents

LEADERSHIP

- **Wilhelm Lehmann, MD**, program director
- **Stephanie Malusic, C-TAGME**, medical education coordinator

The DFMCH has a long-standing partnership with the Aurora Family Medicine Residency Program, which is located in Milwaukee and sponsored by Aurora Health Care.

The partnership includes an affiliation with the DFMCH's statewide osteopathic collaborative.

In addition, Milwaukee residency program faculty have academic appointments at the DFMCH, and Milwaukee residents have access to DFMCH academic and clinical resources.

Education Highlights

- Aurora Scientific Day was held Wednesday, May 22, 2019, at the Aurora Conference Center. Over 170 were in attendance to support research and quality projects presented by Aurora Health Care residents, fellows, attending physicians, students, researchers, and all health care professionals at Aurora Health Care. A total of 25 judged posters, 21 general posters, 14 oral presentations and three Rieselbach distinguished paper sessions were presented. Resident, **Leslie Rabaut, DO**, also participated with her publication *Medically Tailored Meals as a Prescription for Treatment of Food-Insecure Type 2 Diabetics*. *J Patient Cent Res Rev* 2019;6:179-183.
- Over the past year, Caroline Toberna and Hannah William have worked alongside faculty member **Dennis Baumgardner, MD**, **Jessica Kram, MPH**, and **Kayla Heslin, MPH**, on a research study entitled, "Epidemiologic Survey of Legionella Antigen Tests at Aurora Health Care." The study aimed to identify unrecognized Legionella outbreaks throughout the Eastern Wisconsin Aurora Health Care system, as well as geodemographic associations of Legionella disease by investigating the frequency and distribution of positive Legionella urine antigen (LgAg) tests.

- Anne Getzin, MD**, UW clinical adjunct assistant professor in family medicine and medical director of Aurora Midtown Health Center, was selected to receive the Aurora UW Medical Group Pilot Funds for research in 2019. This competitive, application-based annual award seeks to support well-conceived and designed pilot proposals focused on innovation, academics or applied clinical research. The project aim is to assess the prevalence of elevated lead levels among pregnant patients in Milwaukee and to compare demographic characteristics between pregnant patients with and without elevated lead levels. Enrollment for her research study kicked off June 1, 2019.

2.2.4.4. WAUKESHA RESIDENCY PROGRAM

FY19 KEY FACTS

- 18 residents

LEADERSHIP

- **Mike Mazzone, MD**, program director
- **Lori Goodman**, education coordinator

In 2017, the DFMCH formalized an academic partnership with the Waukesha Family Medicine Residency Program, which transitioned from Medical College of Wisconsin (MCW) sponsorship to Aurora Health Care sponsorship and an academic affiliation with UWSMPH.

The program has been in existence since 1976 and is a suburban training site that's ethnically and economically diverse. It maintains academic partnerships with both MCW and the UWSMPH/DFMCH, and also offers a high-volume OB experience and an innovative Majors and Mastery curriculum through which residents can individualize their training and complete an optional surgical OB fellowship, MPH or MBA.

Above: The Waukesha program's second-year residents in FY19, from left: Anjali Best, DO; Jaclyn Hastings, MD; Stephanie Jones, MD; Eric Kuehn, MD; Jessica Miller, MD; Kelsey Bierdeman, MD.

Education Highlights

- All of our graduating residents stayed in Wisconsin and 4 of the 6 are staying with ProHealth Care. Two of our second year residents will be staying on to do a surgical OB fellowship and an MPH fellowship.

2.3. FELLOWSHIPS

FY19 KEY FACTS	LEADERSHIP
<ul style="list-style-type: none"> • 13 fellows in 5 programs: <ul style="list-style-type: none"> ○ Academic (2) ○ Addiction Medicine (1) ○ Integrative Health (3) ○ Primary Care Research (6) ○ Primary Care Sports Medicine (1) • Related events include a weekly seminar series and biannual symposia 	<ul style="list-style-type: none"> • Sarina Schrager, MD, MS, academic fellowship director • Randall Brown, MD, PhD, DFASAM, addiction medicine fellowship director • Greta Kuphal, MD, academic integrative health fellowship director • David Rabago, MD, primary care research fellowship co-director • Bruce Barrett, MD, PhD, primary care research fellowship co-director • Kathleen Carr, MD, (with David Bernhardt, MD), primary care sports medicine fellowship director

The DFMCH sponsors several fellowship programs to help family physicians and PhD scientists further meet their career goals. In addition to individual mentoring, the fellowship program sponsors weekly seminars, biannual symposia, and additional educational opportunities.

Academic Fellowship

Provides educational and professional experiences to enhance family physicians' teaching, clinical, scholarly, and leadership skills.

Name	Area of Interest
Anna Chase, MD	Education and advocacy work in women's health and reproductive health
Milap Dubal, MD, MPH	Teaching, curriculum development, and research with a focus on underserved populations and caring for the whole patient

Addiction Medicine Fellowship

Educates physicians who have an interest in becoming board certified in the newly recognized specialty of addiction medicine.

Name	Area of Interest
Elise Wessol, DO	Providing primary care and addiction medicine services to vulnerable communities

Academic Integrative Health Fellowship

Creates national and international leaders in integrative health.

Name	Area of Interest
Jared Dubey, DO	Yoga, tai chi, massage, structural integration, chiropractic, and acupuncture
Parker Hoerz, MD	Energy medicine, manipulative therapies, and mind-body therapies
Yoshito Kosai, MD	Integrating nutrition, fitness, exercise, and sports with mental health

Primary Care Research Fellowship

Prepares primary care physicians and PhD scientists for research-oriented careers related to the organization, delivery, or effectiveness of primary health care and preventive medicine.

Name	Area of Interest
Sean Duffy, MD	Management of chronic disease in low resource settings, particularly the management of diabetes in low- and middle-income countries
Susan Flowers Benton, PhD	Management and control of cardiometabolic risk factors, health self-management, and health promotion as a route to reducing health disparities in aging and memory disorders for African Americans
Ellen Goldstein, PhD	Increasing coping self-efficacy in black primary care patients with Adverse Childhood Experiences (ACE) through a motivation-based intervention
Maggie Grabow, PhD, MPH	Quantifying and understanding the health and climate co-benefits of transforming communities to support bicycling and walking opportunities, as well as understanding the many predictors of active transportation behaviors
Hannah Foster, PhD	Understanding the regulation of metabolic health by diet, with the goal of understanding which diet-based interventions will be most effective for patients with diabetes
Andrew McClintock, PhD	Investigating the process and outcome of psychological interventions by examining factors that are common across interventions, factors that are relatively specific and unique to interventions, and the way in which these “common” and “specific” factors interact to facilitate client improvement

Primary Care Sports Medicine Fellowship

Prepares primary care-educated physicians in the field of sports medicine to become academic leaders in the care of sports-related problems in children, adolescents and adults.

Name	Area of Interest
Matthew Brown, MD	Injury prevention and recovery, promoting healthy lifestyles in athletes post-competition, and promoting an active population through involvement in sport at all ages

3. PATIENT CARE

Amy Bauman, DO, pictured above, assists a patient at the UW Health Yahara Clinic. (Photo: John Maniaci, UW Health Marketing and Communications)

FY19 KEY FACTS

- 17 statewide clinics: 4 residency clinics; 10 community clinics; 3 regional clinics
- 348,648 total patient visits; 153,465 total patient panel
- 29,662 patient visits at UW Health urgent care sites

LEADERSHIP

- **Sandra Kamnetz, MD**, vice chair for clinical care
- **Kirsten Rindfleisch, MD**, associate vice chair, Madison residency clinical operations
- **Alicia Rizzo**, director, ambulatory operations
- **Sally Frings, MA, BSN, RN**, director, ambulatory operations
- UW Health clinical operations team

In FY19, our clinicians provided 348,648 total patient visits (153,465 total patient panel) at 17 statewide clinics: four residency clinics, 10 community clinics and three regional clinics.

Our clinicians also provided 29,662 patient visits at UW Health urgent care sites in FY19.

3.1. GENERAL HIGHLIGHTS

Clinical Improvements

Through education, coordination and leadership from medical director-manager dyads, the DFMCH implemented numerous clinical improvements in FY19. Highlights include:

- The Sun Prairie, Odana and Yahara clinics were chosen to pilot an access project focused on creating care teams in order to better serve our patients; all clinics are working on improved access to move the metric “ability to get an appointment when desired.”
- The Cottage Grove and Cross Plains clinics earned the 2019 Patient and Family Experience Team Award for scoring in the top 10% of clinics for "Staff worked together to care for you."
- The Cottage Grove, Oregon and Fitchburg clinics received the Wisconsin Immunization Program’s “BigShot” award for ensuring 90% of their pediatric populations are up-to-date with their vaccinations according to the 4:3:1:3:3:1:4 schedule for 24-36-month-olds.
- The Sun Prairie, Odana, Yahara, and De Forest clinics implemented guidelines for the patient scheduling representatives to decrease the number of symptom-based calls needing RN triage to improve access, appointment utilization, and patient satisfaction with scheduling appointments.
- Four providers at the Yahara clinic, including **Alison Miller, MD**, received WISAM waiver training; Dr. Miller is a leader/trainer for the courses.
- UW Health and the “All of Us” research program held a community event at the Fort Atkinson clinic on July 13 to kick-off the program’s expansion. About 75 people attended the event. The UW-Madison program, which is part of a consortium, including Marshfield Clinic, the Medical College of Wisconsin and the Versiti Blood Center of Wisconsin, is one of several sites nationwide actively recruiting and enrolling participants. UW Health serves as a key partner, assisting with outreach and enrollment efforts in south central Wisconsin.
- Belleville clinic, in partnership with Green County, began offering medication assisted treatment (Suboxone and Vivitrol) to patients with a substance use disorder, while also training residents on how to deal with this important health issue.
- Wingra clinic resource navigators worked with almost 200 patients to improve access to food, transportation, housing, employment, utility assistance and legal assistance. The navigators have helped several homeless patients find housing and wrap around services.
- Continued implementation across all of primary care for the behavioral health collaborative care model including studying our results as a learning health system.
- Continued work on defined quality metrics: hypertension, diabetes, immunizations ages 0-2, and access.

Dr. Aleksandra Zgierska Receives UW Health Leadership Excellence Award

Aleksandra Zgierska, MD, PhD, received a UW Health Leadership Excellence Award at a ceremony on June 6, 2019. The award recognizes outstanding clinicians who demonstrate exceptional leadership skills outside of their home department as well as at an enterprise-wide level.

Dr. Zgierska is one of the primary leaders in formulating UW Health's response to the opioid epidemic. In 2014, she was an early responder who deployed and studied methods to support physicians and teams to provide care for patients with chronic pain. She is currently working to redesign addiction management throughout our system.

She is the principal investigator of seven active grants totaling more than \$12 million. She developed mindfulness-based interventions used locally and nationally to help patients with chronic pain; created content on responsible opioid prescribing, safety monitoring and addiction care; and created educational and clinical tools used at VA hospitals across the US.

She also transformed the Wisconsin Chapter of the American Society of Addiction Medicine into one of the most active and vital chapters in the country. She is at the forefront of dealing with addiction as a treatable chronic disease rather than a personal failing, and testified in a case against criminalization of drug use during pregnancy that currently rests with the Supreme Court.

Dr. Aleksandra Zgierska, pictured here with Dr. David Rabago, received a UW Health Leadership Excellence Award for her work to respond to the opioid epidemic and redesign addiction management throughout our health system.

UW Health Patient Experience Provider Champion Awards

The following DFMCH physician and advanced practice providers received UW Health Patient Experience Provider Champion Awards in 2018: **Jensena Carlson, MD**; **Elizabeth Perry, MD**; **Amy Grelle, MD**; **Ronni Hayon, MD***; **Catherine James, MD***; **Christa Pittner-Smith, MD**; **William Heifner, MD**; **David Ringdahl, MD**; **Heidi A Hughes, PA**; **Sarina Schragger, MD**; **William Schwab, MD***; and **Michael J Weber, MD**. The awards honor exemplary communication skills as recognized by ambulatory patients through survey feedback from 2017.

In addition, the team at the UW Health Cross Plains Family Medicine Clinic, led by medical director **Pamela Olson, MD***, and clinic manager **LuAnn White***, received a Team Award for demonstrating exemplary proactive behavior and positive attitudes, as reflected in patient perceptions.

** Not pictured in photo above*

3.2. COMMUNITY CLINIC HIGHLIGHTS

3.2.1. ARBORETUM CLINIC	
FACTS	
FY19 Patient Visits: 13,091 FY19 Patient Panel: 7,055 Medical Director: Greta Kuphal, MD Clinic Manager: Lea Veltum	
HIGHLIGHTS	
<ul style="list-style-type: none"> Implemented new work flows for Kanban system to better manage clinic supplies and stocking. Developed new clinic plan for improved access and moved the metric "ability to get an appointment when desired" from a low of 22.9% in October 2018 to a high of 44.3% in May 2019. New fellow Yoshi Kosai, MD, started a 2 year rotation in October 2018. 	
CLINICIANS

3.2.7. ODANA ATRIUM CLINIC

FACTS

FY19 Patient Visits: 32,622 | **FY19 Patient Panel:** 16,041

Medical Director: Allison Hotujec, MD | **Clinic Manager:** Nichole Schmitt

HIGHLIGHTS

- Ashley Wilke, MD, joined the clinic in September 2019. Mike Leasure, MD, will join the clinic in November 2019.
- Implemented guidelines for patient scheduling representatives to decrease the number of symptom-based calls needing RN triage; improved access, appointment utilization, and patient satisfaction with scheduling appointments.
- Implemented care teams to better serve our patient population and ensure continuity of care.

3.2.8. OREGON CLINIC

FACTS

FY19 Patient Visits: 12,058 | **FY19 Patient Panel:** 5,475

Medical Director: William Heifner, MD | **Clinic Manager:** Jessica Lawler

HIGHLIGHTS

- New providers Amnah Aurangzeb, MD, and Kristin Catani, MD, started in August 2019
- Troy Doetch, MD, retired June 2019 after 10 years at the clinic.
- Awarded the Wisconsin Immunization Program's "BigShot" award for having 90% of our pediatric population up-to-date with vaccinations according to the 4:3:1:3:3:1:4 schedule for 24-36 month olds.

CLINICIANS

3.2.9. SUN PRAIRIE CLINIC

FACTS

FY19 Patient Visits: 29,715 | **FY19 Patient Panel:** 13,809

Medical Director: John Hawkins, MD | **Clinic Manager:** Karen Jiles

HIGHLIGHTS

- Welcomed new physician, Kate Greenfield, MD, and Lauren Mixtacki, MD.
- Chosen as a pilot location for an access project focusing on creating care teams to better serve our patients.
- Served as a UW Medical Assistant (MA) Program mentor training site for one MA student and supported a Sun Prairie PSR's acceptance and participation in the UW Health CMA Training Program

CLINICIANS

3.2.10. YAHARA CLINIC

FACTS

FY19 Patient Visits: 33,310 | **FY19 Patient Panel:** 15,169

Medical Director: Matthew Swedlund, MD | **Clinic Manager:** Stephanie Carney

HIGHLIGHTS

- Welcomed a new physician, Robert Terbrack, DO.
- Dr. Alison Miller and four other providers received WISAM waiver training. Dr. Miller is a leader/trainer for the waiver training courses and prescribes Suboxone.
- Implemented guidelines for patient scheduling representatives to decrease the number of symptom-based calls needing RN triage. This is to assist with improving patient satisfaction with appointment availability and reduce unused slots.

3.3. REGIONAL CLINIC HIGHLIGHTS

3.3.1. BEAVER DAM CLINIC

FACTS

FY19 Patient Visits: 18,571 | **FY19 Patient Panel:** 9,812

Medical Director: Sandra Kamnetz, MD | **Site Leader:** Seth Barudin, MD

Clinic Manager: Dawn Lunde

HIGHLIGHTS

- Received 100% on site infection control practices audit.
- Developed a clinic wide daily huddle to help improve safety and quality measures
- Met and sustained the goal of 40.8% for new patients seen within 10 days of scheduling appointment from July 2018 through June 2019.

CLINICIANS

Seth Barudin, MD

4. COMMUNITY HEALTH

Above, the DFMCH's Diversity, Equity and Inclusion Committee (L-R): Donna Nett-Pomrening, Shelly Shaw, John Tovar, Sheena Frydrych, Jennifer Edgoose, Bri Deyo, Tom Hahn, Shiva Bidar-Sielaff, Kacia Stevenson, and Maddie Batzli. Not pictured: Ronni Hayon, Kristen Rindfleisch, Allie Wolf, Bethany Howlett, and Bret Benally Thompson

VISION

To be a trusted partner, resource, and advocate in our department and community to advance health equity.

LEADERSHIP

- **Jennifer Edgoose, MD, MPH**, director
- **Shelly Shaw, MPH**, associate director
- **Maddie Batzli**, program coordinator

The UW Department of Family Medicine and Community Health promotes and enhances community health-related efforts in education, research and patient care because we know that over 80 percent of what contributes to health happens outside of a doctor's office. We promote healthy communities where everyone can thrive—for generations.

4.1. GENERAL HIGHLIGHTS

The Office of Community Health (OCH) was established in 2015 to promote and enhance community health-related efforts in education, research and clinical services within the DFMCH.

In FY19, the OCH continued to grow. A part-time associate director and part-time program coordinator have joined the OCH Team. The focus of FY19 was largely on education and partnership building. The OCH will be assessing time, scope and resources available to the office and will be forming a small advisory committee to help hone in on future projects and to maximize the impact the OCH can have on communities in Wisconsin.

Maddie Batzli
 Program Coordinator

Shelly Shaw, MPH
 Associate Director

Diversity, Equity and Inclusion Committee

The DFMCH's Diversity, Equity and Inclusion committee (fammed.wisc.edu/about/diversity) continued work on issues of health equity, diversity and inclusion for DFMCH faculty, staff, learners and patients and has members representing all mission areas of the department.

NAME	ROLE	NAME	ROLE
Maddie Batzli	Educational Services Staff Representative	Donna Nett Pomrening	Patient Advocate
Shiva Bidar-Sielaff	UW Health	Kirsten Rindfleisch	Executive Team
Bri Deyo	Research	Shelly Shaw*	Office of Community Health
Jennifer Edgoose	Committee Chair	Kacia Stevenson	School of Medicine and Public Health
Sheena Frydrych	Human Resources	Bret Benally Thompson*	Clinical Staff
Thomas Hahn*	Residency Leadership	John Tovar	Clinical Staff
Ronnie Hayon	Residency Faculty	Allie Wolf	Family Medicine Resident
Beth Howlett	Community Faculty		

*non-voting members

Education

The OCH supports educational opportunities for faculty, residents, students and staff. This includes support of the DFMCH residency program Community and Population Health Rotation, which includes a longitudinal health equity and structural racism series. The OCH is currently working to evaluate our community health curriculum against ACGME standards as well as evaluate our efforts in health equity capacity building. Nationally, Jennifer Edgoose, MD, MPH, served on the Health Equity Team for Family Medicine for America's Health. As a part of this work, she helped organize the Starfield II Health Equity Summit and led the development of the [Health Equity Curricular Toolkit](#) with 40 interprofessional educators and champions of health equity around the United States including members of the DFMCH. The toolkit is currently under evaluation by the AAFP National Research Network at three academic health centers.

Research

The OCH continued as an affiliate of the UW Institute for Clinical and Translation Research Community-Academic Partnership (ICTR-CAP). This partnership will help grow relationships with UW partners engaged in community health research and facilitate collaboration and funding opportunities for future departmental initiatives.

Community Partnerships and Projects

DFMCH faculty, staff and residents continued our history of community collaboration. Specific community projects in FY19 included:

Belleville Family Medical Center

- **Substance abuse in rural Southern Wisconsin**

Lead faculty: Jillian Landeck, MD

Community partners: Green County Human Services Department, Green County Public Health Department, Health Communities Opioid Coalition, Safe Communities of Madison-Dane County, Belleville Area Cares Coalition, Southwest Community Action Coalition, Monroe Clinic, and Upland Hills Health.

- **Addressing health disparities for older adults.**

Lead faculty: Julia Lubsen, MD (primary); Jillian Landeck, MD

Community partners: Belleville Senior Center, Aging and Disability Resource Center, Manish Shah, New Glarus Home, Belleville EMS, and Fitch-Rona EMS.

Northeast Family Medical Center:

- **Hotspotting: A multisector partnership**

Lead faculty: Jennifer Edgoose, MD, MPH

Community partners: Dryden Terrace (low-income housing site contracted with HUD behind Northeast Clinic), Madison Fire Department, Public Health Madison Dane County, DFMCH residency clinics.

- **Community Resource Navigator Program:** This is an innovative program addressing social determinants of health and has potential national impact.

Lead faculty: Jennifer Edgoose, MD, MPH; and Kirsten Rindfleisch, MD

Community partners: The Center for Patient Partnerships which is supported by the UW Law School; Sheray Wallace, the only community health worker at UW Health at this time; Northeast and Wingra Clinics

- Wisconsin Partnership Program grant proposal PI Sara Lindberg, PhD, (Population Science; Social Science) Director of Evaluation and Senior Scientist in the Population Health Institute; co-PI Jill Jacklitz, MSW, (Social Science) Director of Education in the Center for Patient Partnerships, housed within the Law School; and co-PI **Jennifer Edgoose, MD, MPH**, (Clinical) Director of the DFMCH Office of Community Health. Title: Testing Effectiveness of the Community Resource Navigator Program to Enhance Health Professional Education and Patient Health Outcomes. Collaborators on this grant proposal from the DFMCH include **Kirsten Rindfleisch, MD; Russell Lemmon, DO; and Jeff Huebner, MD.**
- **Lakeview Elementary School**
Lead faculty: Sarina Schrager, MD
Community partners: Lake View Elementary School, Northeast Clinic, Second Harvest Foodbank, Healthy Kids Collaborative: Safe Routes to School, and REAP Food Group.
 - Through a grant from Wisconsin Academy of Family Physicians to pilot a pipeline/pathway program introducing Lake View children to health professionals and their careers. East High School students in the health equity track are also involved.

Verona Family Medical Center:

- **Verona Clinic Garden**
Lead faculty: Brian Arndt, MD
Community partners: Badger Prairie Needs Network, Madison Area Food Pantry Gardens
- **Verona 20/20 Fitness and Lifestyle Challenge**
Lead faculty: Maggie Larson, DO; Brian Arndt, MD; Tom Hahn, MD; Karina Atwell, MD; Julia Yates, LCSW
Community partners: Hy-Vee Fitchburg, Kara Hoerr Nutrition, Anytime Fitness (Verona, Oregon, Stoughton franchise), a local yoga instructor, insurers including Unity/Quartz and GHC, Miller and Sons Grocery
- **Prairie Kitchen Cooking Club**
Lead faculty: Maggie Larson, DO; and Brian Arndt, MD
Community partners: Hy-Vee Fitchburg, Verona Senior Center, BPNN, Kara Hoerr Nutrition, and UW Health Dietetic interns
- **ChopChop Family Cooking Club**
Lead faculty: Ally Couture, DO
Community partners: Hy-Vee Fitchburg, BPNN, Kara Hoerr Nutrition, and UW Health Dietetic interns
- **The Verona Press**
Lead faculty: Karina Atwell, MD; and Shelly Shaw, MPH
Community partners: Verona Press

Wingra Family Medical Center:

- **Patient Resource Navigator Program** (see Northeast)
- **Community Health Needs Assessment Implementation: Centering Pregnancy and Centering Parenting.**
Lead faculty: Jonas Lee, MD; (primary); Jess Dalby, MD; Jennifer Edgoose, MD, MPH

Community Partners: Meadowood Health Partnership, Harambee Village Doulas, African American Breastfeeding Alliance,

Academic partners: OB/GYN; Pediatrics

Health systems partners: UW Health Office of Population Health, Robin Lankton, MPH

- **Community Health Workers at Allied Wellness Center**

Lead faculty: Jonas Lee, MD

Community partners: Allied Wellness Center and eight community health workers.

- **Coaching and Motivational Interviewing with Community Health Volunteers of Madison**

Lead faculty: Jonas Lee, MD

Community partners: Community Health Volunteers of Madison, Wisconsin Involvement Network

- **Advocating for the Latinx of Dane County**

Lead faculty: Patricia Tellez-Giron, MD

Community partners: Latino Health Council

5. RESEARCH

FY19 KEY FACTS

- \$8.8 million in grant awards
- 33 grants submitted
- 25 funded external grants
- 19 funded internal and collaborative grants

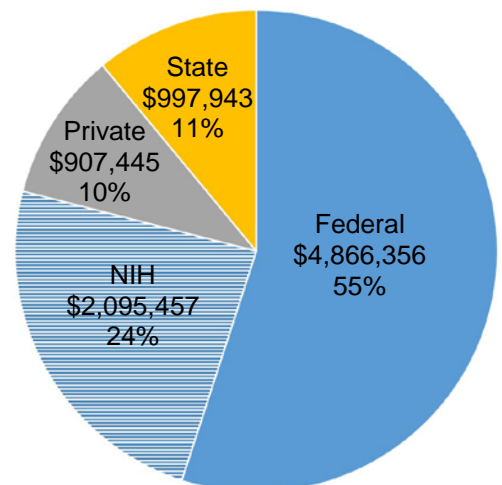

LEADERSHIP

- **Larry Hanrahan, PhD**, research director (retired April 2019)
- **David Rabago, MD**, vice chair for research (as of May 1, 2019)
- **Lisa Sampson, MBA**, research operations director
- **Denise Runyan**, grants manager
- **Barb Mahling**, administrator
- **Loni Ortega**, financial specialist

The UW Department of Family Medicine and Community Health has a robust family medicine research program. With \$8.8 million in grant awards in FY19 (see chart at right), our investigators aim to transform family medicine through inquiry, discovery, and implementation.

Pictured above, members of the DFMCH research committee. Standing, left to right: Edmond Ramly, PhD; Lisa Sampson, MBA; Denise Runyan; Mary Henningfield, PhD; David Rabago, MD; Jonathan Temte, MD, PhD; Bruce Barrett, MD, PhD; Ellen Goldstein, PhD. Sitting, left to right: John Beasley, MD; Marlon Mundt, PhD; Aleksandra Zgierska, MD, PhD. Absent from photo: Andrew Quanbeck, PhD; Randall Brown, MD, PhD, DFASAM, John Frey, MD; Valerie Gilchrist, MD; Rachel Grob, PhD; Barb Mahling; Christopher Nicholas, MD

FY19 RESEARCH GRANT FUNDING SOURCES

5.1. GENERAL HIGHLIGHTS

The mission of the DFMCH research endeavor is to perform innovative, cutting edge primary care research that improves the education, health care and community outreach we deliver. Our program is aided by a robust infrastructure, including grant and project-related administrative and statistical support, and grants and data management services. Highlights of our research endeavor include clinical intervention effectiveness and efficacy trials; education and outreach research; collaborative work by the Wisconsin Research and Education Network (WREN); and research training efforts including a federally funded T32 primary care research training fellowship. Current indicators of research-related success:

- **Grant funding.** In FY19, DFMCH investigators received approximately \$8.8 million in grant awards, including 7 new awards from external funding sources and 19 from internal funding sources. The DFMCH ranks 14th in National Institutes of Health funding among departments of family medicine in U.S. medical schools.
- **Publications and presentations.** DFMCH faculty, learners and staff had 116 publications, including peer-reviewed papers, electronic publications, abstracts, books, book chapters, editorials and commentaries in 2018. That year, through 262 state, national, and international presentations, they also promoted the discovery and dissemination of knowledge important to teaching, clinical practice and the organization of health care.

SPOTLIGHT

Our research program has emerged as a national leader in opioid/addiction-related research (**Aleksandra Zgierska, MD, PhD; Randy Brown, MD, PhD, DFASAM; and Andrew Quanbeck, PhD**). **Work in this area** includes numerous studies that feature education and outreach and community-based research, including projects on suboxone/buprenorphine waiver training, Project ECHO, and the Wisconsin Addiction Hotline (PI: Brown); ED2Recovery, MARI, and Voices for Recovery (PI: Zgierska); and an educational intervention testing an opioid prescribing intervention (PI: Quanbeck). In the context of addiction-related clinical work and research, we developed a clinical fellowship in addiction medicine (Director: Brown) and are able to extend the SMPH's reach across clinical, education and research related missions in the era of the opioid crisis.

Jonathan Temte, MD, PhD (Professor CHS), leads a research team focusing on viral surveillance, and is conducting four investigations, three of which are newly funded this year. Dr. Temte was selected by the AAFP for the Exemplary Teaching Award and was also recently named the SMPH's Associate Dean for Public Health and Community Engagement.

SPOTLIGHT

Rachel Grob, PhD, MA, is a sociologist whose work focuses on patients' experiences with health and health care, and to involving them in the discourse, policy processes and institutional arrangements which impact that care. Current roles and projects: (1) acting as Qualitative Research Lead for the award-winning, internationally-vetted Database of Individual Patient Experience (DIPEX) initiative in the U.S.; (2) leading the qualitative arm on two federal grants pioneering methods to reliably elicit patient narratives about their health care encounters as part of large-scale patient experience surveys; and (3) working as co-PI on a mixed-methods research project providing the first nationally representative portrait of patients' perspectives on "low value" healthcare.

The Wisconsin Strengthening Treatment Access and Retention-Quality Improvement Program (STAR-QI) has been renewed for the 13th year! This statewide initiative supports behavioral health providers working with patients with substance use disorders. The goal is to increase access to and retention in behavioral treatment. Deanne Boss, MS, is the program director for the STAR-QI Program.

NEW FACULTY AND STAFF

The DFMCH welcomed **Denise Runyan**, grants administrator. Denise comes to DFMCH from the Department of Statistics. She has over 20 years of experience with various administrative and grants management experience.

The DFMCH welcomed **Barbara Mahling**, administrative specialist. Barb comes to DFMC from the UW School of Music.

5.2. GRANTS

5.2.1. EXTERNALLY FUNDED PROJECTS

Principal Investigator	Grant Title	Funding Source	Amount

Aleksandra Zgierska, MD, PhD	Wisconsin Voices For Recovery Hospital-based Recovery Coaching Program	WI DHS	\$581,873
Aleksandra Zgierska, MD, PhD	Wisconsin Voices for Recovery	WI DHS	\$166,134

5.2.2. UW-FUNDED PROJECTS

Principal Investigator/ Academic Partner	Grant Title	Funding Source	Amount
Randall Brown, MD, PhD, DFASAM	Screening in Trauma for Opioid Misuse Prevention	WPP-MERC	\$166,667
Rachel Grob, PhD	ICTR-CAP Dipex Genomics	WPP-MERC	\$159,691
Rachel Grob, PhD	Patient Experiences w/Breast Cancer	WPP-MERC	\$50,000
Rachel Grob, PhD	Breast Cancer	WPP-MERC	\$100,000
David Hahn, MD, MS	ICTR-CAP WREN	WPP-MERC	\$192,781
Jonathan Temte, MD, PhD	Rapid Assessment of and Prophylaxis for Influenza in Dwellers of Longer-Term Facilities	WPP-MERC	\$130,398

5.2.3. COLLABORATIVE PROJECTS

These projects are collaborations between DFMCH principal investigators or co-investigators and other UW schools or departments.

Principal Investigator	Grant Title	Funding Source	Amount
PI: David Feldstein, MD DFMCH Co-investigator: Paul Smith, MD	Integrated Clinical Prediction Rules: Bringing Evidence to Diverse Primary Care Settings	New York University	\$121,466
PI: David Gustafson, MS, PhD DFMCH Co-investigator: Randall Brown, MD, PhD, DFASAM	Heart-Related Multiple Chronic Conditions in Primary Care: Behavioral Technology	NIH	\$973,926
PI: Todd Molfenter, MS, PhD DFMCH Co-investigator: Randall Brown, MD, PhD, DFASAM	Test of a Workforce Development Intervention to Expand Buprenorphine Prescribers	NIH	\$574,332
PI: John Curtin, MD DFMCH Co-investigator: Aleksandra Zgierska, MD, PhD	RCT Targeting Noradrenergic Stress Mechanisms in Alcoholism With Doxazosin	NIH	\$422,341
PI: Ryan Westergaard, MD, PhD, MPH DFMCH Co-investigators: Randall Brown, MD, PhD, DFASAM; Andrew Quanbeck, PhD; Marlon Mundt, PhD	Community-Based, Client-Centered Prevention Homes To Address the Rural Opioid Epidemic	NIH	\$599,237
Michael Koenigs, PhD DFMCH Co-investigator: Aleksandra Zgierska, MD, PhD	Mindfulness for Alcohol Abusing Offenders: Mechanisms and Outcomes	NIH	\$439,808

5.2.4. DFMCH SMALL GRANTS

The DFMCH small grant program provides support to faculty, residents and staff to pursue scholarly interests in order to contribute to the academic culture of the department and develop their own career consistent with the mission and goals of the DFMCH. Projects are expected to lead to the development of presentations, extramural grants, and publications in peer-reviewed journals.

Principal Investigator	Grant Title
Anne Eglash, MD	Evaluation of Vitamins, Minerals, and Fatty Acid Composition of Fresh Human Milk and Human Milk Stored for Different Lengths of Time at Milk Banks
Maureen Goss	iKABOB (Influenza Knowledge, Attitudes and Beliefs in Oregon and Brooklyn)
Maggie Grabow	Mindful Climate Action – Refining the Curriculum and Gathering Pilot Data
Larry Hanrahan, PhD	Use of Herbal Medicine to Improve Trust of Amish Communities in Western Health Care
Christopher Nicholas, PhD	Identifying Preferred Educational Interventions for Promoting Opioid Safety Among Adolescents
Susan Wenker	Survey Development for the Advanced Certified Exercise for Aging Adults Course

5.2.5. DFMCH INNOVATION FUNDS

The DFMCH Innovation Fund is designed to provide support to faculty, residents, fellows and staff to test innovations to create new systems, methods, and processes that improve clinical care, education, administration, or research.

Principal Investigator	Grant Title
Brian Arndt, MD and Karina Atwell, MD	Verona EATS Healthy: Employee Meal Kit Program

5.3. WISCONSIN RESEARCH AND EDUCATION NETWORK

Pictured above, the WREN team. Standing, left to right: Alice Yuroff, Amanda Hoffmann, Denise Grossman, David Hahn, Deanne Boss, Lisa Sampson, Mary Henningfield. Sitting, left to right: Cassandra Sundaram, Shelby Hagen, Alyssa Turnquist (Photo: Armando Vera)

FY19 KEY FACTS

- Over 1200 clinicians, staff and trainees engaged
- 12 active research projects, including intra- and inter-state projects
- Nearly 500 clinicians and clinic staff participated in WREN research projects during FY19.

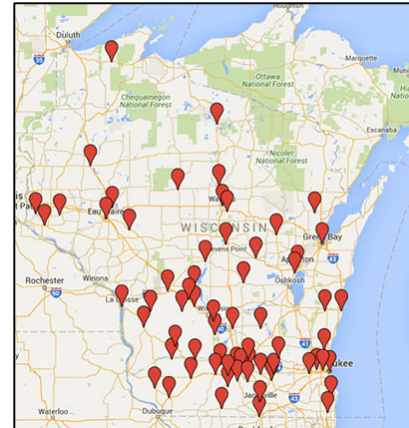

LEADERSHIP

- **David Hahn, MD, MS**, director
- **Mary Henningfield, PhD**, associate director
- **Lisa Sampson, MBA**, program manager
- **Amanda Hoffmann, MPH**, lead coordinator

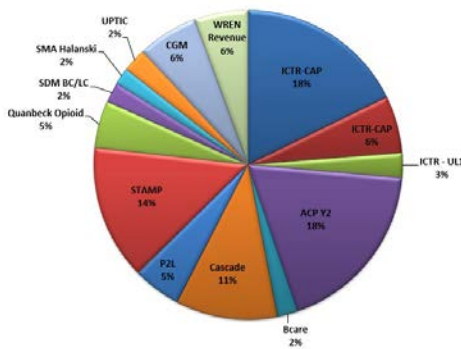

The Wisconsin Research and Education Network (WREN) is a statewide practice-based research network (PBRN) of primary care clinicians and academic researchers. Its vision is to improve health outcomes for the people of Wisconsin and beyond as a model practice-based research network. Its mission is to promote and conduct primary care research and education in partnership with primary care clinicians and the communities they serve. WREN is an active participant in the UW CTSA that promotes and conducts primary care research and education in partnership with PIs across the university, primary care clinicians and the communities they serve. It is currently involved in the conduct of several active, funded investigations. Funding for these projects in FY19 totals \$810,000.

Highlights

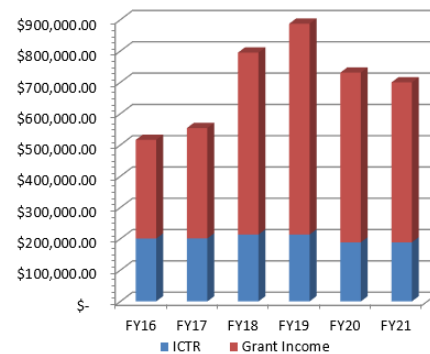

- Sustainability.** WREN has been in continuous operation since 1987, making it one of the oldest PBRNs in the country.
- Engagement.** WREN disseminates practical and research information to more than 1200 individuals, including clinicians, researchers and staff across the state of Wisconsin and beyond.
- Statewide research.** During FY19, WREN was engaged in 13 clinical and practice improvement research projects. Topics included shared decision-making, health literacy training for elderly caregivers, opioid use in chronic pain, opioid addiction, advance care planning, cancer survivorship care planning, and the workload of clinic teams.
- Increased funding.** WREN has continued to attract high-quality, high-caliber projects supported by federal and local funding, including private foundations.

WREN Project Timelines

Project Highlights

WREN is involved in two PCORI-funded clinical trials

Team-Based Versus Primary Care Clinician-Led Advance Care Planning in Practice-Based Research Networks

WREN is one of seven practice-based research networks (PBRNs) involved in this study of advance care planning for patients with advanced illnesses and their caregivers who are being treated in the primary care setting. The study aims to evaluate the comparative effectiveness of a team-based vs singular clinician approach to advance care planning using the serious illness conversation (SIC) guide. The SIC is designed to elicit patient values and preferences about their care. The SIC includes patient-tested language for initial and follow-up conversations. Depending on their randomization, clinicians or clinicians and their teams received online and in-person training with didactic materials, case studies, and videos. Training and support includes structured role playing using the SIC, guidance on approaches to identifying appropriate patients, and templates to document conversations. The primary endpoint is a global rating of patient-reported, goal-concordant care 12 months after enrollment. WREN has recruited six clinics, which are all currently enrolling patients. The ClinicalTrials.gov identifier is NCT03577002.

A Community-based Assessment of Skin Care, Allergies, and Eczema (CASCADE)

WREN is one of four PBRNs participating in this community-based pragmatic randomized controlled trial investigating whether daily full-body emollient application starting in the first 2 months of life prevents atopic dermatitis in a real-world setting. Recruitment of families occurs during the course of routine care within primary care offices and the study population is newborns between 0-2 months of age. Subjects randomized to the intervention will receive general skin care recommendations plus full-body daily lipid-rich emollient use. The control population will receive general skin care advice only and refrain from daily emollient use. The primary outcome will be the cumulative incidence of atopic dermatitis (AD) at age 24 months as determined by blinded clinicians trained in the diagnosis of AD. Key secondary clinical outcomes include time to disease onset and incidence of self-reported food allergy and wheeze using parental questionnaires. WREN recruited five clinics, which are currently enrolling subjects. The ClinicalTrials.gov identifier is NCT03409367.

6. ADMINISTRATION

FY19 KEY FACTS

- FY19 revenue: \$108,145,544
(\$108,085,004 without philanthropic donations)

LEADERSHIP

- **Linda Haskins, MBA**, administrator

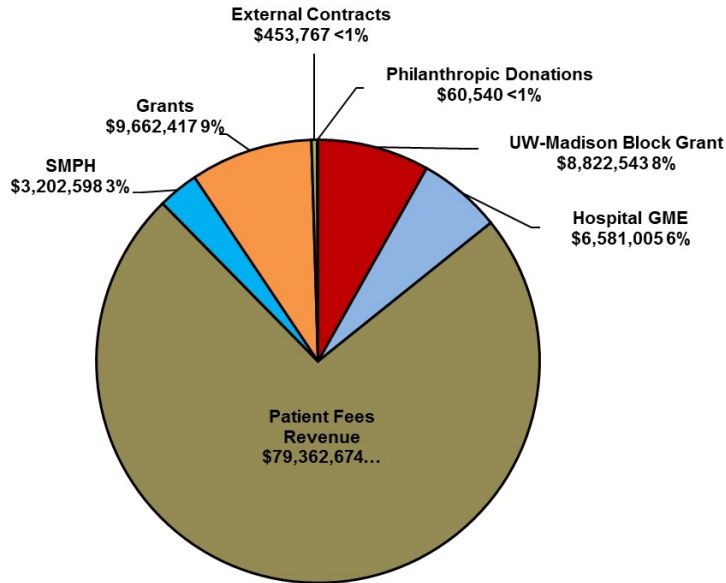

The UW Department of Family Medicine and Community Health’s administrative team provides a variety of services for faculty, staff, and physicians in training. Service areas include finance and accounting, human resources, information technology, clinical care, education, and research.

Members:

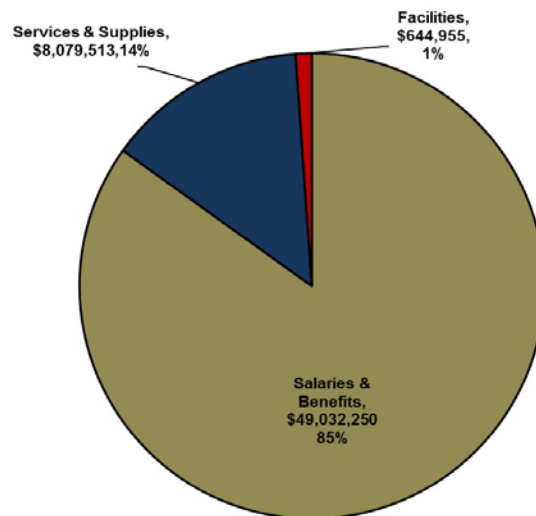

- *Elizabeth Bingman, Director of Educational Services*
- *Linda Haskins, MBA, Administrator*
- *Michelle Justice, SMPH Human Resources Manager*
- *Justin Knupp, MBA, Director, Information Technology Services*
- *Michelle Riley, Director, Reimbursement Services, Billing and Physician Compensation*
- *Lisa Sampson, MBA, Research Program Manager*
- *Barbara Stransky, CPA, Chief Financial Officer*

6.1. FINANCIALS

FY19 REVENUE: \$108,145,544 (\$108,085,004 without philanthropic donations)

FY19 EXPENSES: \$57,756,718

6.2. Donor Recognition

GIFT FROM JUDY AND SAL TROIA SUPPORTS VISITING PROFESSORSHIP IN INTEGRATIVE HEALTH

Sal and Judy Troia have a deep appreciation for how integrative health approaches help them not only manage disease, but also improve their overall health and well-being.

That appreciation, coupled with a strong desire to help others, is behind their recent gift to establish the Judy L. and Sal. A Troia Visiting Professorship in Integrative Health at the DFMCH.

Sal and Judy, pictured at right, have been patients at UW Health Integrative Health for almost as long as the program has existed here.

Above: Sal and Judy Troia

Judy, a retired nurse and breast cancer survivor, particularly values the program's emphasis on fitness, mindfulness meditation and balance of Eastern and Western medicine.

Sal, a retired banking executive and bicycle racer who has lived with inflammatory bowel disease (IBD) for 55 years, says that the program's guidance on diet, nutrition and supplementation has been a valuable complement to conventional IBD treatment and a key part of staying healthy.

Both would like to increase awareness—in the eyes of the public and the medical community—of the benefits of integrative health.

The visiting professorship will allow the program to invite an integrative health expert to Madison each year to give an educational presentation for providers, learners and patients.

"This is the largest gift the DFMCH has received in support of integrative health," says Adam Rindfleisch, MD, an associate professor (CHS) in the DFMCH and the medical director for UW Health Integrative Health. "We are so grateful to Sal and Judy for their generosity, which will help us share the value of our work in a meaningful, sustainable way."

THANK YOU TO ALL OUR DONORS

We are deeply grateful to the individuals and organizations below who made philanthropic donations to our department in FY19. Thank you for your contributions!

Robert J. Bartz	Teresa I. and Mark S. Kulie
Kathleen E. Carr Borseth	Kenneth P. Kushner and Erica R. Serlin
Neil F. Cox and Clare McNamara	David P. and Hilda W. Kuter
Tami Ellinport	Mark E. Linzer
Louis E. Fogel	Brian E. and Susan D. Lochen
Martin P. and Charlotte A. Gallagher	Morton and Rosaly G. Meltzer
Claire M. Gervais and David M. Blouin	Tommy Randolph
Artin Gevorkian	Brad and Peggy S. Reinders
Valerie J. Gilchrist and William B. Scott	Richard E. and Nina E. Rieselbach
Hackett Hemwall Patterson Foundation	William R. and Pamela S. Scheibel
Marite Hagman	William E. Schwab and Leslie N. Grant
Thomas W. Hahn	Alan I. and Laurie L. Schwartzstein
Linda K. Haskins and Kurt Waldmer	Milton H. Seifert
Richard C. and Ellen Holden	Ruth S. Tsotsis
John R. and Dianne J. Hron	Martin M. and Kathryn A. Urberg
Colin Jones	Patricia Veale
Sandra A. and Frederick R. Kamnetz	Vogel Foundation Inc.
Yehuda and Sari F. Karsh	John C. and Gay L. Yost
Frederick P. Kessler

7. SPECIAL EVENTS

Above: DFMCH Chair Valerie Gilchrist, MD, with Renner Award winner Byron Crouse, MD

FY19 KEY FACTS

- **September 2018:** Farley visiting professor Renée Crichlow, MD
- **November 2018:** Renner/Hansen award ceremony
- **May 2019:** McGovern-Tracy scholars award ceremony

Each year, our special events bring together faculty, staff, learners, friends, and guests.

At left: Kjersti Knox, MD, and Kristen Rindfleisch, MD. Above: Lee Dresang, MD, and William Schwab, MD.

7.1. EUGENE FARLEY VISITING PROFESSORSHIP

Honors Eugene and Linda Farley and their contributions to the DFMCH and the discipline of family medicine. Its purpose is to stimulate ideas and discussion through visits by family physicians whose area of interest is in the humanistic aspects of medicine, medical ethics, social consciousness, philosophy of family medicine, healthcare reform, generalist education or cross-cultural concerns.

The DFMCH welcomed Renée Crichlow, MD, as its 2018 Eugene Farley Visiting Professor during its annual Farley/Frey reception, held September 5, 2018, at the Pyle Center in Madison.

Her lecture, “Targeted Social Justice: Evidence for Advocacy Addressing ACEs,” focused on strategies to prevent and mitigate health disparities through the lens of adverse childhood experiences (ACEs).

Dr. Crichlow is an assistant professor at the University of Minnesota Medical School’s Department of Family Medicine and Community Health and a leader of The Ladder, a mentoring group in North Minneapolis for people interested in health careers.

2018 Farley Visiting Professor Renée Crichlow, MD (on left), with DFMCH Chair Valerie Gilchrist, MD.

John Frey Writing Awards

Honors John Frey III, MD, past chairman of the DFMCH, and presented at the Farley Lecture. Recognizes individuals in the department for creative writing contributions, and encourages creation and enjoyment of such writing.

Prose winners:

- Explanations for eating hot soup outside on a hot day (Cassandra Sundaram)

Poetry winners:

- Dress Code (Ildi Martonffy, MD)
- On Totternhoe Beacon, Summer 2018 (Jennifer Edgoose, MD MPH)
- The Shell (Maggie Larson, DO)

7.2. RENNER/HANSEN AWARD CEREMONY

The DFMCH hosted the 2018 Renner/Hansen Award ceremony November 14, 2018, at the Pyle Center in Madison.

Marc Hansen Lectureship Award

Honors a DFMCH junior faculty member who has contributed to the education of students and residents or made a scholarly contribution to the academic discipline of family medicine.

WINNER: Russell Lemmon, DO (associate professor [CHS])

From left: Marc Hansen, MD; Marc Hansen Lectureship Award winner Russell Lemmon, DO; Alice Hansen; Kristin Lemmon.

John H. Renner “Wisconsin Idea” Award

Honors a Wisconsin citizen or organization who has demonstrated exemplary commitment to family medicine and the health needs of the people of the state.

WINNER: Byron Crouse, MD (professor emeritus and recently retired associate dean for rural and community health at the University of Wisconsin School of Medicine and Public Health)

From left: DFMCH Chair Valerie Gilchrist, MD, and Renner Award winner Byron Crouse, MD

DFMCH Faculty Excellence Award

Recognizes faculty for excellent performance and service to the mission of the department.

WINNERS: Randall Brown, MD, PhD, DFASAM (associate professor), and Lee Dresang, MD (professor [CHS])

From left: DFMCH Faculty Excellence Award winner Randall Brown, MD, PhD, DFASAM (holding plaque, with Bri Deyo, MPH); Lee Dresang, MD (holding plaque, with Ann Evensen, MD)

Robert Drachenberg Staff Excellence Awards

Recognizes staff for excellent performance and service to the mission of the department.

WINNERS: Tyler Ho (lead pharmacist, UW Health Northeast Family Medical Center), and Jeanne Rotter (chief UW accountant, DFMCH).

From left: Robert Drachenberg Staff Excellence Award winners Tyler Ho (holding plaque, with Russell Lemmon, DO) and Jeanne Rotter, CPA (holding plaque, with Barbara Stransky, CPA)

The William E. Scheckler Awards

Recognizes a faculty or staff member for the best paper published in a peer-reviewed journal in the previous calendar year.

WINNER: Brian Arndt, MD, associate professor (CHS), outstanding research publication (faculty or staff) for his *Annals of Family Medicine* publication, "Tethered to the EHR."

William E. Scheckler, MD, Outstanding Research Publication Award winner Brian Arndt, MD (fifth from left, blue sweater) with, from left: senior database administrator Wen-Jan Tuan; Marc Hansen, MD; Lawrence Hanrahan, PhD, MS; DFMCH Chair Valerie Gilchrist, MD; Alice Erickson; and John Beasley, MD

Chair's Award

Recognizes leadership and service to the department.

WINNERS: Kim Jansen and Megan Childers, administrative program specialists in the Chair's office

From left: Chair's Award winner Kim Jansen; DFMCH Chair Valerie Gilchrist, MD; Chair's Award winner Megan Childers

AAFP Award for Distinguished and Meritorious Service to Family Medicine

Presented by the Wisconsin Academy of Family Physicians (WAFP) on behalf of the American Academy of Family Physicians (AAFP) for long-time dedication to advancing, contributing, and supporting to the AAFP and the specialty of family medicine.

WINNER: David Deci, MD, director of the DFMCH's Office of Medical Student Education

From left: David Deci, MD, receives the AAFP Award for Distinguished and Meritorious Service to Family Medicine from WAFP Executive Director Larry Pfeiffer.

REMEMBRANCE AND ACKNOWLEDGEMENT OF SERVICE

At the 2018 Renner/Hansen award ceremony, DFMCH Vice Chair for Education William Schwab, MD, offered a remembrance of Rudy Hecht, MD, the first medical director of the Northeast Clinic; and Walter Pridham, the spouse of Karen Pridham, an emeritus professor of nursing who played an important role in the department's early years.

DFMCH Professor Emeritus and former Chair John Frey, MD, acknowledged the service of three long-time DFMCH faculty members retiring this year—Kenneth Kushner, PhD; Richard Roberts, MD, JD; and Paul Smith, MD—and Dr. Gilchrist announcing the newly created Richard Roberts, MD, JD, Clinical Excellence Award.

From left: William Schwab, MD, offers remembrances; John Frey, MD, acknowledges the service of DFMCH faculty who retired this year; and Valerie Gilchrist, MD, with Kenneth Kushner, PhD, who was among those honored for their service.

7.3. MCGOVERN-TRACY AND SCHOLARS AWARD CEREMONY

The DFMCH held its annual McGovern-Tracy and Scholars award ceremony on May 9, 2019, at Memorial Union's Tripp Commons.

William Schwab, MD, served as the event's master of ceremonies. Kevin Grumbach, MD, professor and chair of the Department of Family and Community Medicine at the University of California, San Francisco, and a nationally recognized expert on health policy reform and primary care improvement, was the ceremony's keynote speaker.

McGovern-Tracy Scholarship Winners

The McGovern-Tracy Scholars program honors medical students or family medicine residents who exemplify outstanding community service, outreach, and leadership. It also honors Michele Tracy, a second-year University of Wisconsin School of Medicine and Public Health student who was killed while participating in an educational service program in Malawi, Africa, in July 1999.

8. CLINICAL ADJUNCT FACULTY

As part of the University of Wisconsin School of Medicine and Public Health, the DFMCH requires preceptorships and other hands-on clinical experiences for students and residents.

The DFMCH is deeply grateful to the 253 statewide clinical adjunct faculty and preceptors who provide much of that critical teaching in communities statewide. We thank them for their continued dedication and commitment.

9. PUBLICATIONS

Congratulations to the DFMCH faculty, learners and staff who made contributions to the academic discipline of family medicine last year.

The list below includes publications, electronic publications, abstracts, books, book chapters, editorials, and commentaries from January 1, 2018, through December 31, 2018.

1. Alagoz E, Chih MY, Hitchcock M, Brown R, Quanbeck A. The use of external change agents to promote quality improvement and organizational change in healthcare organizations: a systematic review. *BMC Health Services Research*. 2018 Jan 25;18(1):42.
2. Anderegg MD, Gums TH, Uribe L, MacLaughlin EJ, Hoehns J, Bazaldua OV, Ives TJ, Hahn DL, Coffey CS, Carter BL. Pharmacist Intervention for Blood Pressure Control in Patients with Diabetes and/or Chronic Kidney Disease. *Pharmacotherapy*. 2018 Mar;38(3):309-318.
3. Anderson T, McClintock AS, McCarrick SM, Heckman TG, Heckman BD, Markowitz JC, Sutton M. Working alliance, interpersonal problems, and depressive symptoms in tele-interpersonal psychotherapy for HIV-infected rural persons: Evidence for indirect effects. *Journal of Clinical Psychology*. 2018 Mar; 74(3):286-303.
4. Atwell KA et al. Starfield Summit II: Health Equity Summit Curriculum Toolkit. *Access to Primary Care is Not Enough: A Health Equity Road Map*. Health Equity Team for Family Medicine for America's Health; 2018.
5. Baron MM, Potter B, Schrager S. A Review of Long-Acting Reversible Contraception Methods and Barriers to Their Use. *Wisconsin Medical Journal*. 2018 Oct;117(4):156-159.
6. Barrett B, Hayney M, Muller D, Rakel D, Brown R, Zgierska A, Checovich M, Barlow S, Hayer S, Barnett J, Torres E, Coe C. Meditation or exercise for preventing acute respiratory infection (MEPARI-2): A randomized controlled trial. *PLoS ONE*. 2018 Jun 22;13(6):e0197778.
7. Barrett B, Muller D, Hayer S, Ewers T, Chase J, Brown R. Feeling Loved: A novel brief self-report health measure. *Explore: Journal of Science and Healing*. Epub 2018 Sep 1.
8. Barzgari A, Sojkova J, Dowling NM, Pozorski V, Okonkwo OC, Stark E, Oh J, Thiesen F, Wey A, Nicholas CR, et al. Arterial spin labeling reveals relationships between resting cerebral perfusion and motor learning in Parkinson's disease. *Brain Imaging and Behavior*; 2018 May.
9. Bhutani S, Hanrahan LP, Vanwormer J, Schoeller DA. Circannual variation in relative weight of children 5 to 16 years of age. *Pediatric Obesity*. 2018 Jul;13(7):399-405.

10. Bornemann P, Jayasekera N, Bergman K, Ramos M, Gerhart J. Point-of-care ultrasound: Coming soon to primary care? *The Journal of Family Practice*. 2018 Feb;67(2):70-80.
11. Brown H, Guan W, Schmuhl N, Smith PD, Whitehead WE, Rogers RG. If We Don't Ask, They Won't Tell: Screening for Urinary and Fecal Incontinence by Primary Care Providers. *Journal of the American Board of Family Medicine*. 2018 Sep/Oct;31(5) 774-782.
