THE DFMCH AT A GLANCE

The UW Department of Family Medicine and Community Health (DFMCH) advances health and well-being by caring, teaching, discovering, leading, and connecting.

KEY FACTS

- Chair: **Valerie Gilchrist, MD**
- FY17 revenue: \$110 million
- Ranked seventh of family medicine departments nationwide in *U.S. News & World Report's* 2018 edition (reflects ranking made in 2017).

OUR PEOPLE

- 913 employees (including 165 faculty) plus affiliations statewide.
- 8 new faculty in FY17; 5 faculty promotions.

EDUCATION

- Taught 708 medical students through coursework, clerkship, preceptorships, required courses and electives.
- Three-year statewide residency programs (DFMCH-sponsored and academic partner) are dually accredited by ACGME and AOA; 112 residents were in training in FY17. Of the 33 who graduated in 2017, 22 (67%) entered practice in Wisconsin.
- Academic, addiction medicine, complementary and integrative health research (CIHR), integrative health, primary care research and sports medicine fellowships offered.
- Two- to three-year PA Program had 105 students in training in FY17. Of the 45 who graduated in 2017, 30 (67%) entered practice in Wisconsin and 8 (18%) entered primary care.

PATIENT CARE

- 385,358 patient visits at 20 statewide clinics (159,633 total patient panel), plus 22,239 patient visits at UW Health urgent care sites.

COMMUNITY HEALTH

- Office of Community Health supported education, research, clinical service and outreach projects that promote and enhance community health.

RESEARCH

- \$8.6 million in grant awards in FY17. Research interests include opioid alternatives for pain management, alcohol/substance abuse, complementary/integrative health and nutrition/obesity prevention.
- Wisconsin Research and Education Network (WREN) partnered with primary care clinicians and communities.

YEAR IN REVIEW

July >> 41 residents entered our statewide programs, including four at our new academic partner program, the La Crosse Family Medicine Residency Program at Gundersen Health System.

September >> William Miller, MD, MA, presented the Farley Visiting Professor Lecture.

November >> Susan Skochelak, MD, MPH, received the 2016 Renner Award; **Jonas Lee, MD**, received the 2016 Hansen Lectureship; Kevin O'Connell, MD, and Susan Skochelak, MD, MPH, received Chair's Awards.

January >> UW Health Integrative Medicine formally changes its name to Integrative Health.

February >> DFMCH Chair **Valerie Gilchrist, MD**, became president of the Association of Departments of Family Medicine.

March >> *U.S. News & World Report* ranks the DFMCH seventh of family medicine departments in its 2018 edition.

May >> We honored 26 medical students, residents and faculty mentors at the McGovern-Tracy and Student Scholars Award ceremony.

PA program welcomed new class and graduated 45 students; 30 (67%) entered practice in Wisconsin and 8 (18%) entered primary care.

June >> 33 residents graduated; 22 (67%) entered practice in Wisconsin.

AAFP recognizes Clinical Adjunct Professor and Aurora teaching faculty **John Brill, MD, MPH**, with its 2017 Exemplary Teaching Award for Full-Time Faculty; names SMPH Family Medicine Interest Group a Program of Excellence for the third year in a row.

WELCOME FROM THE CHAIR

Welcome to the DFMCH's FY17 annual report, a summary of our faculty and staff activities from July 1, 2016, through June 30, 2017.

In FY17, we provided care for 385,358 patient visits (159,633 total patient panel) in our 20 statewide clinics. We continued to improve patient care quality through new workflows for patients who have hypertension or who have been recently discharged from the hospital, new processes for prescribing controlled substances and an increased emphasis on tobacco cessation.

Our commitment to educating primary care providers for Wisconsin remains strong.

- Of the 33 residents in our sponsored and academic partner programs who graduated in 2017, 22 (67%) entered practice in-state—above the national average of less than 50%.
- Our academic partner, the La Crosse Family Medicine Residency Program at Gundersen Health System welcomed its first class of residents in July 2016. We also formalized academic partnerships with the Aurora Lakeland Rural Training Track Family Medicine Residency and the Aurora Waukesha Family Medicine Residency Program.
- In October 2016, we received a four-year, \$675,000 grant from the Wisconsin Department of Health Services to expand our residency by two positions. Starting in FY18, two new residents will be located at our Madison residency program's Belleville site, and will participate in a Rural Health Equity Track that focuses on health disparities in rural areas.
- Of the 45 PA Program students who graduated in 2017, 30 (67%) entered practice in-state and 8 (18%) entered primary care.
- We taught 708 UW School of Medicine and Public Health (SMPH) students, and for the third year in a row, the American Academy of Family Physicians named the SMPH's Family Medicine Interest Group a Program of Excellence.

In addition, our researchers received \$8.6 million in grant awards in FY17—a 15% increase from FY16—and 23 new awards from external funding sources.

I thank all of our faculty and staff for their skill and dedication: we couldn't do our work without you! Over the next year, we look forward to strengthening our educational partnerships, continuing to improve how we care for our patients, expanding our research portfolio and deepening our community health efforts. Because health lives here, in Wisconsin.

Valerie Gilchrist, MD

Millard Professor in Community Health

Chair, Department of Family Medicine and Community Health

1. OUR PEOPLE

From left: Greta Kuphal, MD, and Ildi Martonffy, MD

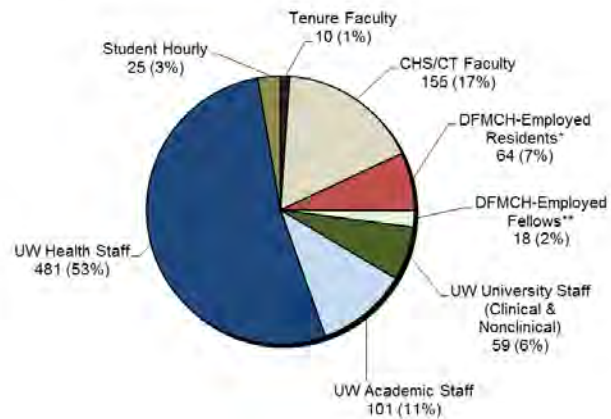

FY17 KEY FACTS

- 913 employees (including 165 faculty) plus affiliates statewide
- 8 new faculty
- 8 faculty retirements/departures
- 5 faculty promotions

EXECUTIVE LEADERSHIP

- **Valerie Gilchrist, MD**, chair
- **Lawrence Hanrahan, PhD, MS**, research director
- **Linda Haskins, MBA**, administrator
- **Sandra Kamnetz, MD**, vice chair for clinical care
- **Kirsten Rindfleisch, MD**, associate vice chair of Madison postgraduate clinical operations (October 2016-present)
- **William Schwab, MD**, vice chair for education

FY17 STAFF MIX

The people of the DFMCH are a diverse and exceptional group. Based in communities, and through statewide affiliations, they all work toward creating health for Wisconsin.

We are deeply proud of their dedication, efforts and accomplishments.

* Wausau residents are employed by Aspirus; Milwaukee residents are employed by Aurora
 ** One additional fellow is appointed through the UW Department of Orthopedics

1.1. NEW FACULTY

Name	Date Joined	Practice Location
Residency Clinic Faculty		
Karina Atwell, MD	9/1/16	UW Health Verona Clinic
Patrick Huffer, MD	7/1/16	UW Health Belleville Family Medicine
Community Clinic Faculty		
none		
Regional Clinic Faculty		
Jamie Kling, DO	4/1/17	UW Health Portage Clinic
Additional Faculty		
Kouros Farro, MD	8/1/16	UW Health Urgent Care
Ann Figurski, DO	9/1/16	Float
David Kiefer, MD	10/1/16	Float
Rian Podein, MD	4/1/17	UW Health Urgent Care
Debra Shenoj, MD	6/1/17	UW Health Urgent Care

1.2. RETIREMENTS AND DEPARTURES

Name	Practice Location
Christine Athmann, MD	UW Health Sun Prairie Clinic
Dennis Breen, MD	UW Health Eau Claire Clinic
Joann Lee, MD	UW Health Beaver Dam Clinic
Kathy Oriel, MD	UW Health Northeast Family Medical Center
Michelle Gigot Puent, MD	UW Health Urgent Care
David Rakel, MD*	UW Health Arboretum Clinic
Mitzi Regala, MD	UW Health Portage Clinic
Marguerite Weston, MD	UW Health Mt. Horeb Clinic

**Now chair of the University of New Mexico Department of Family Medicine and Community Medicine*

1.3. ROLE TRANSITIONS

The following DFMCH faculty had major role transitions in FY17:

- **Kristina Espinoza, MD**, transitioned from hospitalist service at UnityPoint Health–Meriter Hospital to a float position at the DFMCH.
- **Ann Volk Johnson, MD**, added Department of Medicine hospitalist services to her existing role at UW Health Urgent Care.
- **Greta Kuphal, MD**, became medical director of the DFMCH's Integrative Health fellowship.
- **Neethi Magar, MD**, transitioned from a float position to a primary care provider position at the UW Health Beaver Dam clinic.

1.4. PROMOTIONS

Five DFMCH faculty received promotions in FY17. Kenneth Kushner, PhD, chair of the promotion and mentoring committee, along with Kim Jansen, coordinated these activities.

Jacqueline Gerhart, MD
Promoted to Clinical Associate Professor

Dr. Gerhart is based at the UW Health Deforest-Windsor clinic, where she practices full-spectrum family medicine, including maternity and inpatient care. Her special interests include women's health, sports medicine, mental health and minor surgical procedures. She has also written a medical column for the *Wisconsin State Journal*.

Irene Hamrick, MD
Promoted to Professor (CHS)

Dr. Hamrick came to the DFMCH in 2011 to start the Teaching Nursing Home, an interdisciplinary geriatric teaching program at Capitol Lakes Continuing Care Retirement Community. Her research interests include falls prevention, virtual reality home visits, osteoporosis and dementia. She is a regular contributor of geriatric content to *Family Practice Inquiry Network* and *Primary Care Practice Update*, and has received numerous awards for educational leadership, administration, teaching and mentoring.

David Kunstman, MD
Promoted to Clinical Associate Professor

Dr. Kunstman practices family medicine at the UW Health Odana Atrium clinic. He has special interests in preventive medicine and sports medicine and also works to advise and advocate for providers as they transition to electronic health records.

Greta Kuphal, MD
Promoted to Clinical Associate Professor

Dr. Kuphal is the medical director at the UW Health Arboretum clinic's integrative health primary care clinic. She has special interests in the Whole Health model of care, which aims to help patients understand their health in a way that goes beyond traditional disease management and wellness. She also directs the DFMCH's Academic Integrative Health fellowship.

Julie Nielsen-Witkovsky, MD
Promoted to Clinical Associate Professor

Dr. Nielsen-Witkovsky has been involved with the DFMCH as a consulting psychiatrist for 22 years. She provides on-site and indirect consultations for all primary-care providers in the DFMCH's four residency clinics who have patients with mental illness, especially patients who are unable or unwilling to go to a traditional mental health clinic. She also teaches mental health curriculum seminars for Madison family medicine residents.

1.5. ACCOLADES

John Beasley, MD, FAAFP, received a 2017 UW SMPH Dean's Teaching Award. The award recognizes excellence and innovation in medical education; recipients have a "career distinguished by creativity in medical education, a demonstrated high level of teaching effectiveness, and extraordinary and sustained dedication and effort on behalf of medical student learning."

Bret Benally-Thompson, MD, and his wife were asked to serve on the Council of Elders for the American Indian Science and Engineering Society (AISES). Dr. Benally-Thompson was also elected board chair for the American Indian Cancer Foundation (AICAF).

John Brill, MD, MPH, received the American Academy of Family Physicians 2017 Exemplary Teaching Award for Full-Time Faculty. The award recognizes an AAFP member who has demonstrated exemplary teaching skills as well as implemented outstanding educational programs and/or developed innovative teaching models.

Jacqueline Gerhart, MD, was named the Wisconsin Academy of Family Physicians' 2016 Family Medicine Educator of the Year.

Joel Hill, MPAS, PA-C, received a 2017 Service Learning Award from Wisconsin Without Borders, a UW-Madison program that recognizes globally engaged interdisciplinary scholarship. Hill was recognized for establishing the UW-Madison Physician Assistant (PA) program's service-learning trip in which students provide medical care at temporary clinics in Belize.

Paul H. Hunter, MD, was invited to serve on the Advisory Committee on Immunization Practices of the Centers for Disease Control and Prevention through June 30, 2020.

Daniel Jarzemsky, MD, received a UW Health Clinical Practice Physician Excellence Award, which honors outstanding clinicians who demonstrate an extraordinary commitment to safety and quality patient- and family-centered care.

Geoffrey Swain, MD, MPH, received the Distinguished Teaching Award (Community Mentor Category) from the UW School of Medicine and Public Health's Training in Urban Medicine and Public Health (TRIUMPH) program.

For the third year in a row, the AAFP selected the UW School of Medicine and Public Health's Family Medicine Interest Group as one of ten Programs of Excellence for 2017, in recognition of its outstanding activities in generating interest in family medicine.

2. EDUCATION

Belleville resident Lucas Kuehn, MD (center) examines a patient as David Deci, MD, oversees.

FY17 KEY FACTS

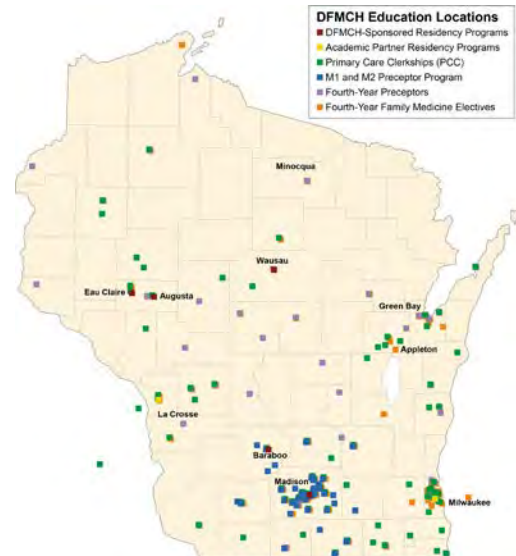

- Office of Medical Student Education taught 708 students in all four years of medical school
- Statewide residency programs (DFMCH-managed and affiliated) had 112 residents in training; 33 graduated in 2017
- 19 fellows received specialty education
- Physician assistant (PA) program had 105 students in training; 45 graduated in 2017

LEADERSHIP

- **David Deci, MD**, medical student education director
- **William Schwab, MD**, vice chair for education and graduate medical education committee chair
- **Virginia Snyder, PhD, PA-C**, PA program director
- **Michelle Grosch, MA**, director of educational services

The DFMCH educates primary care clinicians for Wisconsin through our statewide:

- office of medical student education;
- residency programs;
- specialty fellowships; and
- physician assistant (PA) program.

2.1. MEDICAL STUDENT EDUCATION

FY17 KEY FACTS	LEADERSHIP
<ul style="list-style-type: none">• Taught 708 SMPH students through clerkship, preceptorships, required courses and electives• Supported by faculty, staff, and community-based clinical adjunct faculty	<ul style="list-style-type: none">• David Deci, MD, medical student education director and Primary Care Clerkship director• Jacqueline Gerhart, MD, Family Medicine Interest Group director <p>More leadership on page 16...</p>

From coursework to special programs to hands-on mentoring, the DFMCH's Office of Medical Student Education teaches students through all four years of their education at the UW School of Medicine and Public Health (SMPH).

We are grateful for the efforts of our dedicated family medicine faculty and staff, and especially our statewide network of community-based clinical adjunct faculty (see Section 8).

2.1.1. GENERAL HIGHLIGHTS

In FY17, the Office of Medical Student Education:

- Funded 34 SMPH students' attendance at the 2016 American Academy of Family Physicians (AAFP) National Conference of Family Medicine Residents and Medical Students in Kansas City;
- Held the first required Internship Prep Course (IPC) for 34 fourth-year medical students who matched in family medicine (led by Christa Pittner-Smith, MD, and made possible by 23 faculty and resident volunteers and collaboration with multiple departments);
- Sponsored 14 SMPH students to attend or present at the Family Medicine Midwest Conference, held October 7-9, 2016, in Indianapolis;
- Collaborated with the FMIG and 62 volunteer faculty, residents, staff, FMIG student leaders and community volunteers to teach 140 medical students and 24 PA students at its annual procedures fair on November 16, 2016;
- Welcomed 57 students, 19 physicians and 4 resident physicians at the 15th annual Essen Haus event, a recruiting partnership between the Wisconsin Academy of Family Physicians (WAFP) and the SMPH's Family Medicine Interest Group (FMIG), held January 23, 2017;
- Supported 10 student posters created from PCC community engagement projects at the SMPH's annual Medical Education Day, held May 19, 2017;
- Matched 11 SMPH students with DFMCH faculty to collaborate on people-oriented, clinically relevant, hands-on research projects as part of the Summer Student Research and Clinical Assistantship program;
- Opened a new PCC site in Sheboygan Falls, Wisconsin; and
- Was honored as the AAFP named the FMIG a 2017 Program of Excellence for the third year in a row.

Left: Representatives from the DFMCH and the UW SMPH Family Medicine Interest Group receive the American Academy of Family Physicians' 2017 Program of Excellence award for the third year in a row.

The award recognizes the FMIG's outstanding activities in generating interest in family medicine.

Right: SMPH students Kristin Magliocco, Ngoc Pham and James Ircink on Match Day. All three matched into family medicine residency programs in the region.

Left: Office of Medical Student Education Director David Deci, MD, and SMPH students meet with AAFP board chair Wanda Filer, MD, MBA, FFAFP, during our annual "What is Family Medicine?" event.

From left: Dr. Deci; David Garrett Donaldson; Manu Habibi; Lindsay Boyke; Dr. Filer; Nicole Altman; and Willem Schott.

2.1.2. PROGRAM-SPECIFIC HIGHLIGHTS

Patient, Doctor, and Society (PDS)

PDS is the core clinical course in the first two years of medical school. It teaches history taking and physical examination skills, plus topics like professionalism, health disparities and health systems.

The final group of students came through this course in FY17. Five DFMCH faculty and 11 residents led 40 medical students in the course's weekly "small group" learning sessions.

M1 and M2 Preceptor Program (*family medicine section directed by David Deci, MD*)

The M1 and M2 Preceptor Program introduces first- and second-year medical students to clinical medicine by pairing them with primary care physicians from around Wisconsin.

In FY17, the program paired 208 medical students with 154 statewide preceptors.

Primary Care Clerkship (PCC) (*directed by David Deci, MD*)

Using a statewide network of community preceptors, the PCC gives third-year medical students in-depth experience assessing and managing patients in the outpatient setting.

In FY17, 183 medical students worked with 147 family medicine preceptors statewide.*

Fourth-Year Preceptorship (*directed by Paul Hunter, MD*)

This experience gives fourth-year medical students insight into the relationships between clinical care, public health and the health of the community.

In FY17, 54 medical students worked with 24 family medicine preceptors statewide.

Fourth-Year Family Medicine Electives (*directed by David Deci, MD*)

Electives give students additional experiences in inpatient medicine, integrative medicine, rural medicine and care of underserved communities.

In FY17, 165 SMPH and 41 visiting medical students participated in family medicine electives with 270 family medicine faculty, residents, PAs, nurses and staff at 28 statewide sites.*

* The program has added more part-time preceptors to fill the educational gap caused by existing preceptors teaching less.

2.1.3. FACULTY/STAFF LEADERSHIP

Program	DFMCH Faculty/Staff
Medical student education director	David Deci, MD
Primary Care Clerkship	David Deci, MD, director; Mark Beamsley, MD, assistant director
Family Medicine Interest Group	Jacqueline Gerhart, MD
MEDiC	Anne Eglash, MD
Doctors Ought to Care (DOC)	Alison Miller, MD
Summer Student Research and Clinical Assistantship (SSRCA)	Jonathan Temte, MD, PhD
Family medicine advisorship program	David Deci, MD
The Healer's Art elective	Jensena Carlson, MD
Health care disparities elective	Kevin Thao, MD, MPH
Fourth-year electives	
Addiction medicine	Randall Brown, MD, PhD, FASAM
Integrative health	Adam Rindfleisch, MD
Family medicine research elective	Jonathan Temte, MD, PhD
Geriatric medicine	Irene Hamrick, MD
Madison area clinical clerkships	
Belleville Family Medicine Clinic	David Deci, MD
Northeast Family Medicine Clinic	Ronni Hayon, MD
Verona Family Medicine Clinic	Mark Shapleigh
Access Wingra Family Medical Center	Kirsten Rindfleisch, MD
Eau Claire clinical clerkship	William Cayley, MD
St. Luke's family medicine clinical clerkship	John Brill, MD, MPH
St. Mary's family medicine sub-internship	Jennifer Edgoose, MD, MPH
UW family medicine sub-internship	Louis Sanner, MD, MSPH
YEPSA/PCC OSCE exams	Doug Smith, MD
UW SMPH admissions committee	Jacqueline Gerhart, MD; Patricia Tellez-Giron, MD

2.2. RESIDENT EDUCATION

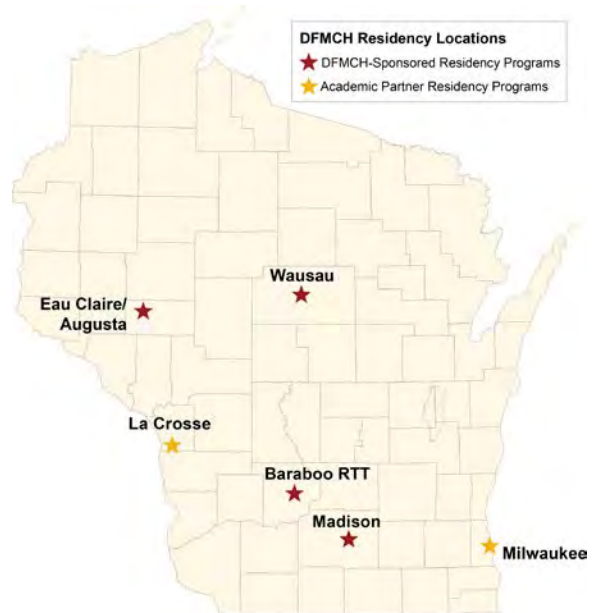

FY17 KEY FACTS	LEADERSHIP
<ul style="list-style-type: none"> 112 residents in training in our three-year, statewide, DFMCH-sponsored and academic partner programs 33 graduates in 2017; 22 (67%) entered practice in Wisconsin All programs dually accredited by ACGME and AOA 	<ul style="list-style-type: none"> William Schwab, MD, vice chair for education and graduate medical education committee chair Michelle Grosch, MA, director of educational services

Nationally recognized for its educational excellence, the DFMCH prepares residents to practice full-spectrum family medicine, with particular attention to health promotion within their communities.

Each residency program has full accreditation status, and is dually accredited by the Accreditation Council for Graduate Medical Education (ACGME) and the American Osteopathic Association (AOA). Residents in our statewide osteopathic program train at each of the sites below.

Total Residents in Training (FY17)

PROGRAM	NUMBER OF RESIDENTS
DFMCH-Sponsored Residency Programs	
Baraboo Rural Training Track	6 (5 MD, 1 DO)
Eau Claire/Augusta	14 (9 MD, 5 DO)
Madison (at four continuity clinics)	44 (36 MD, 8 DO)
Wausau	15 (6 MD, 9 DO)
Academic Partner Residency Programs	
La Crosse	4 (4 MD)
Milwaukee	29 (12 MD, 17 DO)
TOTAL	112

2.2.1. STATEWIDE HIGHLIGHTS

For program-specific details, please see the summaries beginning on page 26.

New Residents (FY17)

PROGRAM	NUMBER OF RESIDENTS
DFMCH-Sponsored Residency Programs	
Baraboo Rural Training Track	2
Eau Claire/Augusta	5
Madison (at four continuity clinics)	15
Wausau	6
Academic Partner Residency Programs	
La Crosse	4
Milwaukee	9
TOTAL	41

Graduates and Practice Plans (FY17)

PROGRAM	NUMBER OF RESIDENTS
DFMCH-Sponsored Residency Programs	
Baraboo Rural Training Track	2
Eau Claire/Augusta	5
Madison (at four continuity clinics)	14
Wausau	2
Academic Partner Residency Programs	
Milwaukee	10
TOTAL	33

Of these graduates:

- 22 (67%) remained in Wisconsin:
 - 18 (55%) entered in-state practice
 - 4 (12%) entered in-state fellowships (1 academic, 2 integrative health, 1 primary care sports medicine)
- 11 (33%) will practice outside of Wisconsin:
 - 9 (27%) entered out-of-state practice
 - 2 (6%) entered out-of-state fellowships (1 obstetrics, 1 faculty development)

Initiatives

- **New academic partnerships.** In FY17, the DFMCH formalized two new academic partnerships: one with the brand-new Aurora Lakeland Rural Training Track Family Medicine Residency in Elkhorn, Wisconsin, and one with the Waukesha Family Medicine Residency Program, which transitioned from Medical College of Wisconsin sponsorship to Aurora Health Care sponsorship as of July 1, 2017. Residents who matched into these programs in FY17 will be included in the DFMCH's FY18 annual report.
- **Preparations for changes in osteopathic program accreditation.** Building on the Accreditation Council for Graduate Medical Education's (ACGME) FY16 approval of each of our statewide residency programs for ACGME Osteopathic Recognition, and in anticipation of the American Osteopathic Association (AOA) ending their accreditation of all residency programs nationwide by 2020, we began preparations to terminate our programs' AOA accreditation as of July 1, 2017. Our statewide osteopathic program will continue to operate as a statewide osteopathic collaborative, providing the same high-quality education as before.

GRADUATE MEDICAL EDUCATION COLLABORATORS

- Aspirus Wausau Hospital
- Divine Savior Healthcare
- Gundersen Lutheran Medical Foundation
- Mayo Clinic Health System in Eau Claire
- Monroe Clinic, Inc.
- Prevea Health
- Sacred Heart Hospital
- Sauk Prairie Memorial Hospital and Clinics
- SSM Health (including SSM Health St. Clare Hospital and Health Services, SSM Health St. Mary's Hospital and Dean Medical Group)
- UW Health
- UW School of Medicine and Public Health

GROWING OPPORTUNITIES FOR RURAL RESIDENCY TRAINING

The Wisconsin Rural Physician Residency Assistance Program (WRPRAP) is now in its seventh year as a DFMCH-administered program designed to leverage state funding to expand resident education opportunities in rural Wisconsin communities.

In FY17, WRPRAP awarded eight programs \$605,443 in total grant funding to enhance and expand rural GME programs and tracks. Individual grants ranged from \$7,800 to \$160,664, and they support efforts including new development of rural residency and fellowship programs, continued development of rural residency programs and tracks, and initial planning for new rural rotation sites. WRPRAP, in collaboration with Wisconsin Collaborative for Rural GME, stimulated interest and initiative to increase education and training opportunities among the physician workforce in rural Wisconsin.

WRPRAP Director Byron Crouse, MD, is a professor in the DFMCH and the associate dean for rural and community health at the SMPH.

FY17 WRPRAP Grants Overview

- Five Transformation grants, supporting:
 1. Early development of a new 1-2 Rural Training Track Family Medicine Residency Program in northern Wisconsin (Sacred Heart–St. Mary’s, Rhinelander);
 2. Continued development of a new 1-2 Rural Training Track Family Medicine Residency Program in southern Wisconsin (Aurora Health Care, Elkhorn);
 3. Continued development of a rural education track within a traditional urban residency program (UW Department of Obstetrics and Gynecology, Madison);
 4. Planning and curriculum development for a new rural hospitalist fellowship program (Mercy Health System, Walworth); and
 5. Planning and curriculum development for a new 8-week rural rotation site for residents in Family Medicine, Surgery, Emergency Services, Hospital Medicine and Obstetrics (Reedsburg Area Medical Center, Reedsburg).

- Three Operational grants, supporting:
 1. Enhancement of a rural psychiatry residency program in central Wisconsin (Medical College of Wisconsin, Wausau);
 2. An 8-week rural rotation for a pediatric resident in Beaver Dam (UW Department of Pediatrics, Madison); and
 3. Continued growth of the Wisconsin Collaborative for Rural GME to provide technical assistance, education and consulting for rural hospitals, clinics and residency programs in order to create and improve rural GME opportunities throughout Wisconsin (Rural Wisconsin Health Cooperative, Sauk City)

In addition to grant awards, WRPRAP has played a leadership role in rural GME development through participation in state and national rural associations, and through actively encouraging collaboration among health systems, academic institutions and community leaders. The Wisconsin Family Medicine Residency Program Directors Forum is an annual event hosted by WRPRAP to facilitate statewide efforts to recruit family medicine residents to Wisconsin and share lessons among a network of program directors.

Residency Graduation Awards

AWARD	RECIPIENT(S)
DFMCH-Sponsored Residency Programs	
Baraboo Rural Training Track	
Chief Resident Leadership Awards	Neil Cox, MD, and Abigail Puglisi, DO
James Damos Distinguished Educator of the Year Award	Bonnie Gray, LPN
Eau Claire Residency Program	
Chief Resident Leadership Awards	Michael Braunsky, DO, and Gretchen Adams, DO
Madison Residency Program	
Chief Resident Leadership Awards	Erin Peck, MD; Emily Petersen, MD; Eric Phillippi, MD; Emily Torell, MD
William Scheibel, MD, and Baldwin E. Lloyd, MD, Clinical Teacher Awards	Kathy Oriel, MD
Clinical Teacher Awards	Ann Allen, MD; Basant Sharma, MD; Matt Anderson, MD
Resident Teacher Award	Jody Epstein, MD
Distinguished Service Award	Bill Caldwell, RN
Wausau Residency Program	
Faculty Awards to Residents	Esprit de Corps Award: Tricia Gilling, DO, and Alexandra Oleinik, DO Excellence in Teaching: C. Ross Clayton, MD
Faculty Awards to Faculty or Community Physicians	Legend in Teaching Award: Scott Howells, MD
Resident Awards to Faculty/Staff	Excellence in Teaching Award: Kris Lahren, MD Good Fellow Award: Kevin Thao, MD Esprit de Corps Award: Kay Sorenson, MD
Academic Partner Residency Programs	
Milwaukee Residency Program	
Heip Trieu Memorial Award for Patient Dedication	Sarah Karalus, DO
Golden Find Award	Jasmine Wiley, MD, and Brandon Phelps, DO
Len and Jeannine Perushek Award	Jasmine Wiley, MD
Service to the Residency Award	Stephanie McDearmon, MD
Faculty Teaching Award	Mark Robinson, DO
Chief Residents Award	Michelle Crane, DO, and Stephanie McDearmon, MD
STFM Certificate	Michelle Crane, DO

Resident Scholarly Accomplishments

Scholarship is a key part of resident education at the DFMCH, as demonstrated by the following publications and presentations by our residents in FY17:

Adams G (Eau Claire). “Domestic Violence.” Presentation at Sacred Heart Hospital Grand Rounds; Eau Claire, WI; May 11, 2017.

Kelly CJ, Lehmann W, Stearns J, Simpson D, Thompson DB, **Blaza J**, O’Meara SM, Lepic MK, Irena A, **Wiley J**, Patel K, Battiola R, Gesese AA, Greiten T, Pischke SL, Gisch J, Eberhardt R (**Milwaukee**). “Three Residency Programs’ Lessons Learned about Disparities from a Deep Dive into Our Population Data.” Presentation at AIAMC Annual Meeting; Amelia Island, FL; March 30– April 1, 2017.

Braunsky M (Eau Claire). “Case presentation: Counterstrain.” Presentation at UW DFMCH Statewide Osteopathic Conference; Baraboo, WI; November 2016.

Braunsky M (Eau Claire). “Preconception Counseling.” Presentation at Sacred Heart Hospital Grand Rounds; Eau Claire, WI; August 11, 2016.

Brown M (Madison). “Debilitating Large Muscle Soreness in a High School Football Player.” Presentation at American Medical Society for Sports Medicine Annual Meeting; San Diego, CA; May 8-13, 2017.

Brown M (Madison). “Establishing an Optimal Fitness Measure to Predict In-Season Injury.” Presentation at American Medical Society for Sports Medicine Annual Meeting; San Diego, CA; May 8-13, 2017.

Chawla G (Milwaukee). “Case presentation: Temporomandibular Joint Disorders.” Presentation at UW DFMCH Statewide Osteopathic Conference; Baraboo, WI; March 2017.

Couture A (Madison). “Case presentation: Chronic pain and depression.” Presentation at UW DFMCH Statewide Osteopathic Conference; Baraboo, WI, March 2017.

Cox N (Baraboo). “Ethics Consult.” Presentation at Thursday CMD-CPD Series; Baraboo, WI; January 5, 2017.

Cox N (Baraboo). “Physical Activities in Parks: A Randomized Controlled Trial Using Community Engagement.” Presentation at UW DFMCH Journal Club; Madison, WI; August 3, 2016.

Cox N (Baraboo). “Sexually Transmitted Infection: How Not to Share the Love.” Presentation at UW DFMCH Primary Care Conference; Madison, WI; May 17, 2017.

Cox N (Baraboo). “Update to Formulary of Common Medications for Tanzania.” Presentation at UW DFMCH Senior Night; Madison, WI; May 25, 2017.

Danielsson K (Eau Claire). “Autism Spectrum Disorders.” Presentation at Wisconsin Society of Medical Assistants Conference; November 5, 2016.

Danielsson K, Stringer J (Eau Claire). “Autism Spectrum Disorders: A Primer for Primary Care Providers.” STFM and AFMRD Family Medicine Residency Curriculum Resource; December 2016.

Dawson M (Eau Claire). "Adult Shoulder Exam." Presentation at Sacred Heart Hospital Grand Rounds; Eau Claire, WI; July 14, 2016.

Wirtz A (Wausau). “Clinical Evaluation of Elevated Transaminases.” Presentation at Aspirus Wausau Hospital Grand Rounds; Wausau, WI.

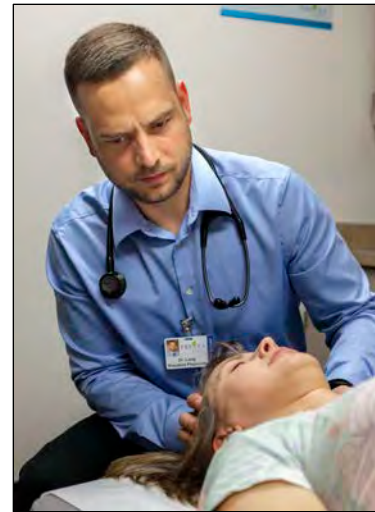

2.2.2. STATEWIDE OSTEOPATHIC RESIDENCY PROGRAM

FY17 KEY FACTS	LEADERSHIP
<ul style="list-style-type: none"> 40 residents 	<ul style="list-style-type: none"> Mark Robinson, DO, program director Jennifer White, education coordinator

The statewide osteopathic program operates at each residency site. Residents simultaneously complete osteopathic certification requirements while participating in their site's allopathic curriculum.

Education Highlights

- Faculty development series.** The program added a faculty development series to its OMT conferences, equipping faculty to serve as table trainers for each conference.
- Milestones-based resident evaluation.** Each residency site began evaluating DO residents on Osteopathic Recognition Milestones.
- Osteopathic recognition and statewide osteopathic consortium.** In anticipation of the American Osteopathic Association (AOA) ending their accreditation of residency programs, the program prepared to terminate its AOA accreditation as of July 1, 2017. Each site has received Osteopathic Recognition through the ACGME, and the statewide osteopathic program will continue to operate as a statewide osteopathic consortium.

2.2.3. DFMCH-SPONSORED RESIDENCY PROGRAMS

2.2.3.1. BARABOO RURAL TRAINING TRACK (RTT)

FY17 KEY FACTS	LEADERSHIP
<ul style="list-style-type: none"> 6 residents 	<ul style="list-style-type: none"> Stuart Hannah, MD, program director Angela Womble, education coordinator

The Baraboo RTT is committed to preparing physicians for rural practice. It's the only program of its kind in Wisconsin, and one of only a few in the country.

Education Highlights

- Education for rural practice.** Since the program opened in 1996, 66% of graduates have gone on to provide maternity care in rural communities, and over 50% have remained in Wisconsin.
- Resident-led curriculum development.** Residents Neil Cox, MD, and Mathew Herbst, MD, began developing a guided ultrasound joint injection curriculum for residents.

Above: Baraboo resident Neil Cox, MD, in the OB ward nursery at St. Clare Hospital.

2.2.3.2. EAU CLAIRE/AUGUSTA RESIDENCY PROGRAM

FY17 KEY FACTS	LEADERSHIP
<ul style="list-style-type: none">• 14 residents• Eau Claire residency clinic had 14,513 patient visits and a patient panel of 4,943• Augusta residency clinic had 5,528 patient visits and a patient panel of 2,391	<ul style="list-style-type: none">• Joan Hamblin, MD, residency program director• Paula Naumann, MA, education coordinator• Dennis Breen, MD, Eau Claire and Augusta medical director (July 2016-January 2017); Jaime Stringer, MD, Eau Claire and Augusta medical director (January-June 2017)• William Cayley, MD, Augusta site leader• Jerry Barton, MSA, clinic manager

The Eau Claire/Augusta residency program teaches community-connected care in a state-of-the-art facility. Through a strong collaboration with Chippewa Valley Technical College, resources include a human simulation lab and virtual hospital.

Education Highlights

- **Pre-residency curriculum.** Three incoming residents took advantage of an externship program designed to provide introductory experiences for International Medical Graduates to increase their exposure to the U.S. health care system by spending time with current residents in our continuity clinic and hospitals. The program includes a half-day session with pediatric patients.
- **Curriculum reviews.** In FY17, the program reviewed and implemented changes to the human behavior and mental health curriculum and the orthopedics and sports medicine curricula.
- **Resident wellness initiatives.** In addition to the intern well-being sessions held monthly, the program introduced quarterly wellness sessions for second- and third-year residents.

2.2.3.3. MADISON RESIDENCY PROGRAM

FY17 KEY FACTS	LEADERSHIP
<ul style="list-style-type: none">• 44 residents• Continuity practices at 4 residency clinics:<ul style="list-style-type: none">○ Belleville: 22,625 patient visits and a patient panel of 6,058○ Northeast: 25,846 patient visits and a patient panel of 10,218○ Verona: 36,602 patient visits and a patient panel of 12,782○ Wingra: 24,630 patient visits and a patient panel of 8,485	<p>Kathy Oriel, MD (July 2016-February 2017), Ildi Martonffy, MD (March 2017-present), residency program director</p> <p>Jennifer White, education coordinator</p> <p>Belleville:</p> <ul style="list-style-type: none">• Jennifer Lochner, MD, medical director• Peggy Soehnlein, clinic manager <p>Northeast:</p> <ul style="list-style-type: none">• Russell Lemmon, DO, medical director• Mark Shapleigh, clinic manager (interim) <p>Verona:</p> <ul style="list-style-type: none">• Brian Arndt, MD, medical director• Mark Shapleigh, clinic manager <p>Wingra:</p> <ul style="list-style-type: none">• Kirsten Rindfleisch, MD, medical director• Mary Vasquez, clinic manager

The Madison residency program offers a robust curriculum nurtured by a supportive community of residents, faculty and staff. Residents care for a dedicated patient panel for three years at one of four continuity clinics.

Education Highlights

- **New Rural Health Equity Track.** The program received a Wisconsin Department of Health Services (DHS) grant to expand the residency by two positions. Starting in FY18, these two new residents will be located at the Belleville Clinic, and will participate in a Rural Health Equity Track that focuses on health disparities in rural areas.
- **Nutrition curriculum.** The program created and implemented a required two-week nutrition curriculum, which includes online modules on nutrition topics and clinical experiences at the General Nutrition Clinic, Pediatric Fitness Clinic and Diabetes Clinics.
- **Resiliency training.** The program offered first-year residents a 10-hour resiliency training course based on mindfulness meditation to help them build skills in dealing with the stressors of residency training and gain insight into techniques that might benefit their patients.

Patient Care Highlights

BELLEVILLE FAMILY MEDICINE

Located in a rural community approximately 19 miles from Madison

FACTS

FY17 Patient Visits: 22,625 | **FY17 Patient Panel:** 6,058

Medical Director: Jennifer Lochner, MD | **Clinic Manager:** Peggy Soehnlein

HIGHLIGHTS

- The clinic implemented the Adolescent Champion Model, developed by the University of Michigan, which is leading staff through a culture shift to ensure that the environment is welcoming to adolescents, to increase comfort and skills in working with adolescents and to allow for better care that increases key health behaviors and addresses risks.
- The DFMCH was awarded a Rural Health Equity Grant from the Wisconsin Department of Health Services to create a unique residency experience that emphasizes health disparities specific to rural populations. With this grant, two additional residents per year will be located at UW Health Belleville Family Medicine, starting in July 2017.
- The clinic worked with the Wisconsin Research and Education Network (WREN) on a project titled "Opioid Management Improvement," which has improved patient safety and the clinic process by which opioids are prescribed. Over 11 months, the clinic increased the completed medication agreements with patients from 12% to 84%, doubled the number of PHQ screenings from 40% to 80% and increased the number of up-to-date urine drug screenings from 15% to 77%.

NORTHEAST FAMILY MEDICAL CENTER

Located in northeast Madison, with a culturally and socioeconomically diverse patient population

FACTS

FY17 Patient Visits: 25,846 | **FY17 Patient Panel:** 10,218

Medical Director: Russell Lemmon, DO

Clinic Manager: Mark Shapleigh (Interim)

HIGHLIGHTS

- Launched the Food Voucher Prescription program in partnership with Madison Public Health, the City of Madison, Willy Street Co-op, Wholesome Wave and Second Harvest Food Bank. Gave out 150 food vouchers for use at the Willy Street Co-op in 21 days; then regrouped and restarted the program in June to serve an additional 250 food-insecure families.
- Went live with the Home Sleep Study pilot; gave feedback to help improve the workflow for assisting patients who need a sleep study and getting the needed information back to Wisconsin Sleep.
- Continued the partnership with Lake View Elementary School, the neighborhood school the clinic “adopted” over five years ago. Participated in the school’s Back to School Bash, Reading Night, Science Night, Math Night, Multicultural Night and Wellness Day.

VERONA CLINIC

Located in a suburb approximately 11 miles from Madison, with urban and rural patients

FACTS

FY17 Patient Visits: 36,602 | **FY17 Patient Panel:** 12,782

Medical Director: Brian Arndt, MD

Clinic Manager: Mark Shapleigh

HIGHLIGHTS

- As an early pilot site, implemented a clinic-based Primary Care Pharmacist program designed to support clinicians, staff, and patients with a full-time pharmacist presence for consultations, patient encounters and education.
- With the help of UW Industrial Engineering students, implemented a quality improvement project that significantly improved telephone response metrics, which have been sustained for months thereafter.
- Held in-services for faculty, residents, and staff regarding increasing awareness of UW Health Interpreter Services, and expanding our understanding of the needs of the area's LGBTQ community.

ACCESS COMMUNITY HEALTH CENTER/WINGRA FAMILY MEDICAL CENTER

Located in a racially and ethnically diverse area of Madison

FACTS

FY17 Patient Visits: 24,630 | **FY17 Patient Panel:** 8,485

Medical Director: Kirsten Rindfleisch, MD

Clinic Manager: Mary Vasquez

HIGHLIGHTS

- Beth Potter, MD, in conjunction with the clinic's behavioral health team, successfully held a six-session chronic pain group visit for patients. The goal was to offer non-medication management of chronic pain. Eight to 14 patients participated in the sessions and Dr. Potter plans to offer them again in the fall of 2017.
- Jonas Lee, MD, forged a relationship with the Allied Drive Wellness Center so that clinic staff can regularly donate to its personal essentials pantry through a bin at the clinic.

2.2.3.4. WAUSAU RESIDENCY PROGRAM

FY17 KEY FACTS	LEADERSHIP
<ul style="list-style-type: none"> 15 residents 	<ul style="list-style-type: none"> John Wheat, DO, program director Deanna Froehlich, education coordinator

The Wausau family medicine residency program—one of the oldest in the state—offers unopposed education at a state-of-the-art facility on the Aspirus Wausau Hospital campus.

Education Highlights

- New pediatrics rotation site.** In FY17, the program established a third longitudinal continuity pediatric clinic at the Aspirus Weston Clinic. One resident started in this clinic and will spend one half-day per week there for at least 16 weeks over a minimum of 6 months.
- SBIRT curriculum modules.** The program incorporated Screening, Brief Intervention, and Referral to Treatment (SBIRT) modules into the PGY-2 behavioral and mental health rotation. The program's Licensed Clinical Social Worker assists residents in this curriculum.
- Resident well-being initiatives.** Residents receive at least one lecture per year on well-being and resilience. In FY17, the program director and one resident also joined Aspirus' Wellness & Resilience Committee

2.2.4. ACADEMIC PARTNER RESIDENCY PROGRAMS

2.2.4.1. LA CROSSE RESIDENCY PROGRAM

FY17 KEY FACTS	LEADERSHIP
<ul style="list-style-type: none">• 4 residents in FY17	<ul style="list-style-type: none">• Paul Klas, MD, program director• Paula Ebert, education coordinator

In 2016, the DFMCH formalized an academic partnership with Gundersen Lutheran Medical Foundation with the intent of strengthening graduate medical education in family medicine throughout Wisconsin.

Through this partnership, the La Crosse Family Medicine Residency Program at Gundersen Health System welcomed its first class of residents on July 1, 2016.

Above: The La Crosse program's first resident class, from left: Wesley Fox, MD; Katya Alcaraz, MD; Victoria Bodendorfer, MD; Elizabeth White, MD.

Gundersen has a long history of excellent graduate medical education in multiple specialties.

Gundersen Health System Graduate Medical Education was recognized as a Baldwin Award winner for being one of the top institutions in the country promoting an excellent learning environment for graduate medical education.

Gundersen is also the western academic campus for the University of Wisconsin School of Medicine and Public Health and is a site for the Wisconsin Academy for Rural Medicine (WARM) program.

Education Highlights

- **First class welcomed.** The program welcomed its first class of four residents, all of whom have ties to the Midwest and many of whom have expressed interest in practicing rural medicine after graduation.
- **New curriculum.** The program is developing a robust simulation and point-of-care ultrasound curriculum.

PGY-1 Residents

2.2.4.2. MILWAUKEE RESIDENCY PROGRAM

FY17 KEY FACTS

- 29 residents

LEADERSHIP

- **Wilhelm Lehmann, MD**, program director
- **Stephanie Malusic**, education coordinator

The DFMCH has a long-standing partnership with the Aurora Family Medicine Residency Program, which is located in Milwaukee and sponsored by Aurora Health Care.

The partnership includes an affiliation with the DFMCH's statewide DO program.

In addition, Milwaukee residency program faculty have academic appointments at the DFMCH, and Milwaukee residents have access to DFMCH academic and clinical resources.

Education Highlights

- **Reducing colorectal cancer screening disparities.** The Aurora Health Care family medicine residency program was recognized by the Centers for Medicare and Medicaid Services' Office of Minority Health and National Opinion Research Center for its outstanding work in reducing disparities in colorectal cancer screening. This work was completed as part of the Alliance of Independent Academic Medical Centers' National Initiative V on Improving Community Health and Health Equity through Medical Education.
- **Research poster recognition.** A poster by faculty member Fabiana Kotovicz, MD, "Impact of Primary Care Provider Education on Appropriate Level of Opioid Prescription for Chronic Noncancer Pain (CNCP)," was selected for the Pain Management Poster Walk at the 2016 North American Primary Care Research Group's annual meeting. Another poster by Dr. Kotovicz, "Impact of Primary Care Provider Education on Appropriate Level of Opioid Prescription for Chronic Noncancer Pain," also received a second-place award at Aurora Scientific Day 2017.

2.3. FELLOWSHIPS

FY17 KEY FACTS	LEADERSHIP
<ul style="list-style-type: none"> • 19 fellows in 6 programs: <ul style="list-style-type: none"> ○ Academic (1) ○ Addiction medicine (2) ○ Complementary and integrative health research (CIHR) (4) ○ Integrative health (5) ○ Primary care research (6) ○ Primary care sports medicine (1) • Related events include a weekly seminar series and biannual symposia 	<ul style="list-style-type: none"> • Sarina Schrager, MD, MS, academic fellowship director • Randall Brown, MD, PhD, FASAM, addiction medicine fellowship director • Bruce Barrett, MD, PhD, complementary and integrative health research (CIHR) fellowship director • Greta Kuphal, MD, integrative health fellowship director • David Rabago, MD, primary care research fellowship director • Kathleen Carr, MD (with David Bernhardt, MD), primary care sports medicine fellowship director

The DFMCH sponsors several fellowship programs to help family physicians and PhD scientists further meet their career goals. In addition to individual mentoring, the fellowship program sponsors weekly seminars, biannual symposia and additional educational opportunities.

Academic Fellowship

Provides educational and professional experiences to enhance family physicians' teaching, clinical, scholarly, and leadership skills.

Name	Area of Interest
Sean Duffy, MD	Developing a mobile health tool to improve diabetes care in rural Guatemala

From left: Sean Duffy, MD, and Maireni Cruz Jimenez, MD

Addiction Medicine Fellowship

Educates physicians who have an interest in becoming board certified in the newly recognized specialty of addiction medicine.

Name	Area of Interest
Maireni Cruz Jimenez, MD	General management of addictive disorders affecting the community and providing quality care for those suffering from addiction
Matthew Thomas, MD	Exploring the effects of the opiate epidemic and the poor access to treatment; providing access to suffering addicts and their families

Complementary and Integrative Health Research (CIHR) Fellowship

Educates individuals who are aiming for careers in health science research related to complementary and alternative medicine.

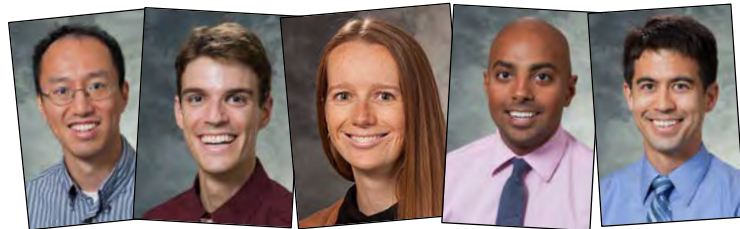

From left: Dagoberto Cortez, MS; Maggie Grabow, PhD, MPH; Christine Harden, OD; Rachel Sippy, MPH

Name	Area of Interest
Dagoberto Cortez, MS	Analyses of doctor-patient interactions and how treatment decisions are made; addressing economic and interactional themes found in CIH
Maggie Grabow, PhD, MPH	Quantifying and understanding the many health and climate co-benefits of transforming communities to support bicycling and walking opportunities, and evaluating the many predictors of active transportation behaviors
Christine Harden, OD	Analysis of sleep in relation to mindfulness meditation and acute respiratory illness
Rachel Sippy, MPH	Analyses of the effect of exercise or mindfulness meditation on the incidence of acute respiratory infection

Integrative Health Fellowship

Creates national and international leaders in integrative health.

From left: Eugene Lee, MD; Vincent Minichiello, MD; Mara Motley, MD; Sagar Shah, MD; Jonathan Takahashi, MD

Name	Area of Interest
Eugene Lee, MD	Exploring patients health and healing through yoga
Vincent Minichiello, MD	Mindfulness-based resiliency training for resident physicians
Mara Motley, MD	Organizing a group visit series focusing on Whole Health and anxiety with a focus on yoga
Sagar Shah, MD	Nutrition/exercise and treatment of patients with PTSD
Jonathan Takahashi, MD	Integrating techniques from yoga and meditation traditions with western medicine to better support health and prevent disease, and to help patients manage chronic illness

Primary Care Research Fellowship

Educates primary care physicians and PhD scientists for research-oriented careers related to the organization, delivery, or effectiveness of primary health care and preventive medicine.

From left: Kristin Berg, MD, MS; Ellen Goldstein, PhD; Vernon Grant, PhD; Erin Hammer, MD; Gwen Jacobsohn, PhD; Jacob Meyer, PhD

Name	Area of Interest
Kristin Berg, MD, MS	Gender disparities in tobacco use and cessation
Ellen Goldstein, PhD	Increasing coping self-efficacy in black primary care patients with Adverse Childhood Experiences (ACE) through a motivation-based intervention
Vernon Grant, PhD	Analyzing strategies to increase physical activity in American Indian populations to decrease obesity and the subsequent development of diabetes
Erin Hammer, MD	Exploring selected topics within primary care sports medicine, including the association between the Female Athlete Triad and stress fractures and the risk of ACL tear with hormone-containing contraception use
Gwen Jacobsohn, PhD	Exploring the effects of provider-patient communication on changes in health behaviors and health-related outcomes
Jacob Meyer, PhD	Examining the mechanisms underlying exercise, physical activity and mental health interactions with the goal of designing programs that alter physical activity to improve mental health

Primary Care Sports Medicine Fellowship

Educates primary care-educated physicians in the field of sports medicine to become academic leaders in the care of sports-related problems in children, adolescents and adults.

Lucianne Olewinski, MD

Name	Area of Interest
Lucianne Olewinski, MD (appointed through Department of Orthopedics)	Sports Medicine, with a focus on mental health in sports, harm reduction in athletes, and in keeping athletes active in the sports they love after injury.

2.4. PHYSICIAN ASSISTANT PROGRAM

FY17 KEY FACTS

- 105 students in two- and three-year campus- and community-based tracks
- 45 graduates received a Master of Physician Assistant Studies (MPAS)
- 16 students graduated from the Master's Degree Completion Program, a 12-month online program for UW-Madison PA Program baccalaureate graduates

LEADERSHIP

- **Virginia Snyder, PhD, PA-C**, program director
- **Susan Kaletka, MPH**, program administrator

The University of Wisconsin Physician Assistant (PA) Program is a nationally recognized, masters-level program administratively linked with the DFMCH. With complementary missions, the PA program and DFMCH promote the primary care needs of Wisconsin and beyond, including rural, urban, and underserved populations.

In FY17, the program trained 105 PA students in two- and three-year educational tracks. Of the 45 who graduated in 2017, 30 (67%) entered practice in Wisconsin and 8 (18%) entered primary care.

Above: The PA Program's class of 2017 at commencement.

Path of Distinction Students Graduate

In FY17, 13 PA Program students graduated with a Path of Distinction (PoD) in Public Health. Students in the PoD choose from global health, population health or rural health tracks, and complete coursework, service-learning experiences and a capstone project related to that track. The PoD is a component of the PA Program's participation in *Public Health and Primary Care Innovations in Medical Education* (UW-PRIME).

Above: Path of Distinction in Public Health graduates with incoming PA Program Medical Director Dipesh Navsaria, MPH, MSLIS, MD.

wisPACT Program Students Graduate

In FY17, seven students graduated from the PA Program's Wisconsin Physician Assistant Community-Based Track (*wisPACT*). A partnership between UW–Madison, UW–Marathon County, Aspirus, Ministry Health Care (now part of Ascension), Marshfield Clinic Health System and Essentia Health, *wisPACT* is designed to educate PAs for practice in northern Wisconsin.

Above: *wisPACT* graduates. Back row (L-R): Cassy Schemberger, Suzy Solin, Kimberly Kuphal, Laura Berry, Elijah Blair. Front row (L-R): Chelsie Maguire, *wisPACT* Coordinator Patti Thwaites, Marissa Mcguire.

Master's Degree Completion Program Students Graduate

In FY17, 16 students graduated from the PA Program's Master's Degree Completion Program, a one-year online degree offered to UW-Madison PA Program baccalaureate graduates. The program focused on topics added to the curriculum as it transitioned to a master's degree program, with a special emphasis on preventive health, community practice and evidence-based medicine.

Staff Transition

- **John Beasley, MD**, retired after serving as the program's medical director for 10 years.

Current Faculty and Staff

- **Virginia Snyder, PhD, PA-C**, program director
- **Amanda DeVoss, MMS, PA-C**, academic director
- **Beverly Speece, MTS, PA-C**, director of clinical education
- **Joel Hill, MPAS, PA-C**, director of distance education
- **Kevin Wyne, MPAS, PA-C**, didactic year associate faculty
- **Angela Vitcenda, MS, PA-C**, clinical instructor
- **Honorie Coté, MS, PA-C**, faculty associate (rehired annuitant)
- **Lauren Trillo, MMS, PA-C**, clinical year associate faculty
- **Alissa DeVos, MPAS, PA-C**, faculty associate
- **Amy Parins, MPAS, PA-C**, clinical instructor
- **Sue Kaletka, MPH**, program administrator
- **Erin McCarthy-Orth**, student services program manager
- **Patti Thwaites, MS**, wisPACT regional outreach coordinator
- **Michelle Ostmoe**, instructional technology consultant
- **Kate Hook, MS**, academic year coordinator
- **Juli Loker**, program associate
- **Rosa Retrum, MSE**, clinical year coordinator
- **Diane Twiton**, university services program associate

PA PROGRAM GRADUATES RECOGNIZED FOR SCHOLARSHIP

The Capstone project is the embodiment of the graduate degree. Students study a subject for the duration of their degree program, acquiring a significant depth of knowledge on that topic. They then share their “capstone” achievement in their second year by presenting the results of their research to faculty and peers.

At the 2017 commencement ceremony, faculty acknowledged the following students for special achievement in completion of their Capstone paper:

Adrienne Bull: “The Everywhere Chemical Associated with Negative Birth Outcomes.” The National Institutes of Health refers to phthalates as “The Everywhere Chemical.” Phthalates are petrochemicals used as plasticizers, solvents, and stabilizers in various products. Bull reviewed scientific literature which concluded that a strong connection exists between phthalate exposure in-utero and poor infant outcomes, including preterm birth, low birth weight and anti-virilization.

Ciarra Sroda: “The Impact of Practicing Yoga on Adults with Chronic Low Back Pain.” Sroda conducted a comprehensive literature search examining the primary clinical intervention of yoga in adults suffering from chronic low back pain, and measurement of pain and functionality. The results of the studies indicate that yoga can be effective at reducing pain and functional disability in patients with chronic low pain.

Aisling Tallman: “Relapse Prevention Following Oral Naltrexone versus Implant Naltrexone Therapy in Opiate-Dependent Adults.” Tallman conducted a literature search to determine whether oral or implant is the most effective form of naltrexone. She concluded that although the literature review supported the use of implant naltrexone over oral naltrexone in terms of efficacy, it is important to individualize patient care and weigh risks and benefits among other considerations. Further research is needed; however, the implant provides another viable option for the treatment of opioid-use disorder.

PA Program Awards

The program presented the following awards at its 2017 graduation ceremony:

Award	Recipient(s)
Instructor of the Year Award. In appreciation for outstanding didactic instruction.	Sam J. Lubner, MD, UW Madison School of Medicine and Public Health; Madison, WI
Preceptor of the Year Award. In appreciation for outstanding clinical instruction.	Quinn Holzheimer, DO, Madison Emergency Physicians; Madison, WI

The program also presented the following awards during FY17:

Award	Recipient(s)
Andy Stolper Memorial Award. Honors a first-year student for optimism, service, perseverance, and dedication to the PA profession.	Chloe VanDerWeele
Dr. Mildred H. Evans Memorial Scholarship Award. Awarded to a distance education student to support educational and career goals of a returning student.	Jenna Boller Hanson
Alice Thorngate Memorial Scholarship Awards. Given in memory of Alice Thorngate, who had a distinguished career in medical technology education at UW, to graduating students interested in furthering their training and experience in PA education.	Kyoko Miya Felland, Kayla Hagen and Jesse Hargrave Quinn
Wisconsin Rural Opportunities Foundation Award. Awarded by the Wisconsin Opportunities Foundation to a student(s) from rural Wisconsin so they, in turn, can transform and improve the economic health and quality of life in rural areas.	Marlee Schmitz, Ashley Wenninger and Bailey Yeager
Paul S. Robinson Leadership Award. Awarded by the Wisconsin Academy of Physician Assistants Foundation. This award recognizes the student who demonstrates outstanding leadership in their community, profession, program or campus.	Miranda Zuhlke
Wisconsin Indian Education Association Scholarship. WIEA is an organization that provides achievement-based scholarships to American Indian students attending higher education schools in Wisconsin.	Colton Skenandore
Revered Peer Award. Students nominate a peer to receive an award that honors one of their classmates based on leadership, professionalism, support and strong mentorship.	Mike Graf

UNIVERSITY OF WISCONSIN DEPARTMENT OF FAMILY MEDICINE AND COMMUNITY HEALTH
FY17 ANNUAL REPORT

<p>Norine Friell Service Award. Awarded by the Wisconsin Academy of Physician Assistants Foundation in memory of Norine Friell. This award recognizes a PA student who demonstrates exemplary service to their local, state or global community.</p>	<p>Colton Skenandore</p>
<p>Vikki Lianne Moritsugu Memorial/Veterans Caucus Scholarship. This scholarship honors the late Vikki Moritsugu, loving daughter of RADM Dr. Kenneth and the late Donna Moritsugu. The Moritsugu family and friends remember Vikki’s passion for life and learning through this scholarship. The Veterans Caucus scholarship recognizes the achievements of an outstanding veteran of one of the seven branches of the uniformed services who is currently enrolled in PA training.</p>	<p>Miranda Zuhlke</p>
<p>PAEA Future Educator Fellowship. Awarded by the Physician Assistant Education Association. The Future Educator Fellowship was created to provide PA students interested in a future career as PA educators a better understanding of medical education and academic careers in PA education. PA fellows focus on professional development, leadership, and mentorship.</p>	<p>Brett Palmer</p>
<p>Fannie P. Lewis Scholarship. Awarded by the Health Professional Programs in the School of Medicine and Public Health at UW-Madison. It is awarded based on scholarship and merit.</p>	<p>Heather Clark</p>
<p>Amy Hunter-Wilson, MD, Scholarship. Awarded by the Wisconsin Medical Society. Established by Dr. Hunter-Wilson, this scholarship is available to American Indian students pursuing training or advanced education as doctors of medicine, nurses, or in a related health field.</p>	<p>Colton Skenandore</p>

3. PATIENT CARE

Anne Niebler, MD, talks with her patient at the Cottage Grove Clinic.

FY17 KEY FACTS

- 20 statewide clinics: 6 residency clinics; 10 community clinics; 4 regional clinics
- 385,358 total patient visits; 159,633 total patient panel
- 22,239 patient visits at UW Health urgent care sites

LEADERSHIP

- **Sandra Kamnetz, MD**, vice chair for clinical care
- **Kathy Seymer, RN, BSN, MSHI**, director, UW Health ambulatory operations (residency & regional clinics)
- **Kay Porter, MBA**, director, UW Health ambulatory operations (community clinics)
- UW Health clinical operations team

In FY17, our clinicians provided 385,358 total patient visits (159,633 total patient panel) at 20 statewide clinics: six residency clinics, 10 community clinics and four regional clinics.

Our clinicians also provided 22,239 patient visits at UW Health urgent care sites in FY17.

3.1. GENERAL HIGHLIGHTS

Automated Patient Appointment Reminders

A new standard automated patient appointment reminder process was implemented in family medicine clinics in FY17. Patients receive an automated call a few days prior to their appointment and also have the option to sign up for text message reminders as well. The goal is to ensure all patients receive an appointment reminder in order to decrease the number of patients who do not attend their scheduled appointment and to increase efficiency for the clinic.

Controlled Substances

A new mandate in FY17 requires all providers to review the Wisconsin Prescription Drug Monitoring Program database before issuing a prescription for controlled substances. The focus has been on ensuring the best patient care while also ensuring we are coordinating with all prescribing providers as well as all the pharmacies that a patient uses. Family medicine clinics are also getting ready for the implementation of e-prescribing controlled substances which will allow providers to send most orders for scheduled medications directly to the pharmacy. This will be much more efficient for family medicine providers and pharmacies, and more convenient for patients.

Post Hospital Appointments

Considerable attention was given in FY17 to ensuring that patients who are discharged from the hospital leave the inpatient setting with their follow-up primary care appointment already scheduled. This process allows for better transitions of care and a better patient experience, with the goal of also reducing hospital readmission rates.

Hypertension

Improving the care of patients with hypertension is a significant area of focus for family medicine. When a patient's blood pressure is high, a second blood pressure is now standardly taken as a best practice. Additional new workflows related to patient follow-up care are being used at several clinics with the plan to spread to all clinics.

Transitioning Inpatient Care

In FY17 family medicine physicians transitioned from caring for patients in the UnityPoint Health-Meriter Hospital inpatient setting to spending more time in their clinics. Patients are receiving the best possible care in both the inpatient and clinic setting and this model still allows family medicine physicians to provide obstetrical care and newborn care at the hospital.

Tobacco Cessation

There was emphasis in FY17 to ensure that patients who are using tobacco products are more consistently asked by their care team if they are ready to quit. Additionally, efficient workflows were implemented to ensure that we connect patients to resources that can help support them during this important time.

Embedded Ancillary Services

Family medicine clinics are continuing to explore ways to embed ancillary services such as pharmacy and behavioral health in our clinics. The models for providing these services are at various stages of development and testing and we are eager to monitor the results to see how we can provide even better and more efficient patient care.

Daniel R. Jarzemsky, MD, Receives UW Health Clinical Practice Physician Excellence Award

Daniel Jarzemsky, MD, a clinical associate professor in the DFMCH who practices at the UW Health Cross Plains Clinic, received a 2017 UW Health Clinical Practice Physician Excellence Award.

The award honors outstanding clinicians who demonstrate an extraordinary commitment to safety and quality patient- and family-centered care.

Dr. Jarzemsky received the award at the UW Health Physician Excellence Awards ceremony on June 19, 2017.

Also nominated for Physician Excellence awards were DFMCH faculty **Kirsten Rindfleisch, MD**, **Jennifer Somers, MD**, and **Jonathan Temte, MD, PhD**.

3.2. COMMUNITY CLINIC HIGHLIGHTS*

3.2.1. ARBORETUM CLINIC

FACTS

FY17 Patient Visits: 11,304 | **FY17 Patient Panel:** 5,414
Medical Director: Greta Kuphal, MD | **Clinic Manager:** Sara Johnson

HIGHLIGHTS

- Angela Clarson, PA-C, joined the clinic.
- Hired a dedicated RN clinical supervisor, which has helped improve policy and procedure initiatives and trainings.
- Improved access at the clinic using the A3 process; the clinic is consistently making the 30% goal for prospective template availability one week out.

CLINICIANS

Angela Clarson, PA-C	Adam Rindfleisch, MPhil, MD
Greta Kuphal, MD	Samantha Sharp, MD
Eugene Lee, MD (fellow)	Sagar Shah, MD (fellow)
Vincent Minichiello, MD (fellow)	Jonathan Takahashi, MD (fellow)
Mara Motley, MD (fellow)	Michael Weber, MD
David Rakel, MD (July 2016-August 2016)	

3.2.2. CROSS PLAINS CLINIC

FACTS

FY17 Patient Visits: 12,849 | **FY17 Patient Panel:** 5,250
Medical Director: David Ringdahl, MD | **Site Leader:** Daniel Jarzemsky, MD
Clinic Manager: LuAnn White

HIGHLIGHTS

- Improved falls and depression screening measures, which helps ensure we are prevention focused with our patients.
- Implemented a tobacco cessation workflow, which helps ensure we ask patients who use tobacco products if they are ready to quit.
- Dr. Daniel Jarzemsky received the Clinical Practice Excellence Award.

CLINICIANS

Brian Blindt, PA-C	Dan Jarzemsky, MD
Amy Grelle, MD	Pam Olson, MD

*Information about our residency clinics appears with each residency program, in the Education section of this report (Eau Claire/Augusta starting on page 29; Madison [Belleville, Northeast, Verona, and Wingra] starting on page 34).

3.2.3. DEFOREST-WINDSOR CLINIC

FACTS

FY17 Patient Visits: 33,495 | **FY17 Patient Panel:** 14,653

Medical Director: David Ringdahl, MD | **Clinic Manager:** Trina Copus

HIGHLIGHTS

- Served as a pilot clinic for new workflows that will help patients who have high blood pressure.
- Served as a pilot clinic for the RN residency program, which is designed to help nurses move confidently into practice following graduation.
- Continued to serve as a pilot clinic for the Primary Care Behavioral Health initiative, which embeds behavioral health into primary care.

CLINICIANS

Jeff Fischer, PA-C

Robert Gage, MD

Jacqueline Gerhart, MD

Jennie Hounshell, MD

Bethany Howlett, MD

Ben Kempfer, PA-C

Peter Pickhardt, MD

David Ringdahl, MD

Lisa Simpson, PA-C

Robyn Titel, MD

3.2.4. FITCHBURG CLINIC

FACTS

FY17 Patient Visits: 8,756 | **FY17 Patient Panel:** 4,640

Medical Director: Elizabeth Perry, MD | **Clinic Manager:** Alicia Rizzo

HIGHLIGHTS

- Welcomed a new clinic manager and clinic operations assistant to the clinic.
- Piloted having staff cross-cover across multiple clinics to provide the best and most efficient patient care.
- Implemented taking a patient's second blood pressure if the first is high to ensure the best patient care.

CLINICIANS

Rachel Bennett, MD

Amy Franklin, NP

Elizabeth Perry, MD

Nicole Weathers, MD

Right: Adam Rindfleisch, MD, discusses the “Whole Health” model at the Arboretum Clinic.

Left: Kari Cataldo, MD, with a young patient at the Mt. Horeb Clinic.

Right: “Bucky’s Book Den,” a Little Free Library at the Oregon Clinic, promotes reading.

3.2.5. MT. HOREB CLINIC

FACTS

FY17 Patient Visits: 14,090 | **FY17 Patient Panel:** 5,414
Medical Director: David Ringdahl, MD | **Site Leader:** Anne Eglash, MD
Clinic Manager: Adrienne Paske

HIGHLIGHTS

- Implemented an improved process for prescribing opioids.
- Implemented taking a patient's second blood pressure if the first is high to ensure the best patient care.
- Clinic emphasis on pre-visit planning before each patient visit to ensure the best quality and most efficient care.

CLINICIANS

Kari Cataldo, MD	Kyle Miner, MD
Anne Eglash, MD	Marguerite Weston, MD (July 2016-February 2017)
Kim Glasgow, FNP-C (July 2016-May 2017)	

3.2.6. ODANA ATRIUM CLINIC

FACTS

FY17 Patient Visits: 35,502 | **FY17 Patient Panel:** 15,670
Medical Director: Jeff Huebner, MD
Site Leaders: James Bigham, MD; Claire Gervais, MD; Jennifer Somers, MD
Clinic Manager: Nicole Smithback

HIGHLIGHTS

- Welcomed Abigail Studinger, PA-C, to the clinic and a new RN clinical supervisor was promoted within the team.
- Remodel of a new call center that comfortably accommodates up to 10 team members, four check-out stations and two nurse consult rooms
- Served as a pilot clinic for helping patients with advanced care planning and piloted new workflows that will help patients who have high blood pressure.

CLINICIANS

James Bigham, MD	David Kunstman, MD
Claire Gervais, MD	Yvette Mikhail, PA-C
Bridget Halbersma, NP	Sarah Redemann, NP
Ravi Hirekatur, MD	Henny Regnier, NP (July 2016-October 2016)
Allison Hotujec, MD	Jennifer Somers, MD
Derek Hubbard, MD	Abigail Studinger, PA-C (September 2016-present)
Jeff Huebner, MD	Mary Thompson, MD
Catherine James, MD	Nancy Williams, NP-C
Anne Kolan, MD	

3.2.7. OREGON CLINIC

FACTS

FY17 Patient Visits: 13,222 | **FY17 Patient Panel:** 5,842
Medical Director: William Heifner, MD | **Clinic Manager:** Alicia Rizzo

HIGHLIGHTS

- Welcomed a new clinic manager and clinic operations assistant to the clinic.
- Served as a pilot clinic for the ambulatory pharmacist program.
- Piloted having staff cross-cover across multiple clinics to provide the best and most efficient patient care.

CLINICIANS

Sanee Bonnell, MD
Troy Doetch, MD
Beatriz Folcik, PA-C

Amy Franklin, NP
William Heifner, MD

3.2.8. STOUGHTON CLINIC

FACTS

FY17 Patient Visits: 3,425 | **FY17 Patient Panel:** 3,364
Medical Director: Sandra Kamnetz, MD | **Clinic Manager:** Gina Glinski

HIGHLIGHTS

- Implemented a new workflow for checking the Wisconsin Prescription Drug Monitoring database with each script written for a controlled substance.
- Served as a pilot clinic for taking patient photos in an effort to decrease identify theft.
- Implemented automated patient appointment reminders, including an option for text messaging.

CLINICIANS

George Gay, MD
Luke Johnson, PA-C
Danalynn Rayner, MD

3.2.9. SUN PRAIRIE CLINIC

FACTS

FY17 Patient Visits: 29,807 | **FY17 Patient Panel:** 13,307
Medical Director: John Hawkins, MD | **Clinic Manager:** Karen Jiles

HIGHLIGHTS

- Welcome two new advanced practice providers to the clinic: Paige Albi, PA-C, and Monica Harms, NP.
- Served as a pilot clinic for the centralization of cleaning instruments.
- Implemented a tobacco cessation workflow, which helps ensure we ask patients who use tobacco products if they are ready to quit.

CLINICIANS

Paige Albi, PA-C (September 2016-present)
Christine Athmann, MD
Jacob Bryan, MD
Lesley Coert, MD
Marla Dahlk, PA-C (July 2016-August 2016)
John Hawkins, MD

Monica Harms, NP (October 2016-present)
Laurie Kuhn, MD
Wendy Molaska, MD
David Queoff, MD
Sarah Westby, PA-C

3.2.10. YAHARA CLINIC

FACTS

FY17 Patient Visits: 37,189 | **FY17 Patient Panel:** 15,930
Medical Director: Matthew Swedlund, MD | **Clinic Manager:** Cheryl DeVault

HIGHLIGHTS

- Served as a pilot clinic for a new tobacco cessation workflow, which helps ensure we ask patients who use tobacco products if they are ready to quit.
- The clinic's improved patient access results were presented at UW Health's Quality Improvement Week.
- A group of staff became certified in Non-Violent Crisis Intervention Training, which will better help our patients in situations that need a Behavioral Emergency Response Team.

CLINICIANS

Mark Anderson, MD
Amy Bauman, DO
Michelle Bryan, MD
Helen Counts, MD
Kelsey Hand, PA-C
Sandra Kamnetz, MD
Linda Lenz, PA-C
Stanley Livingston, MD

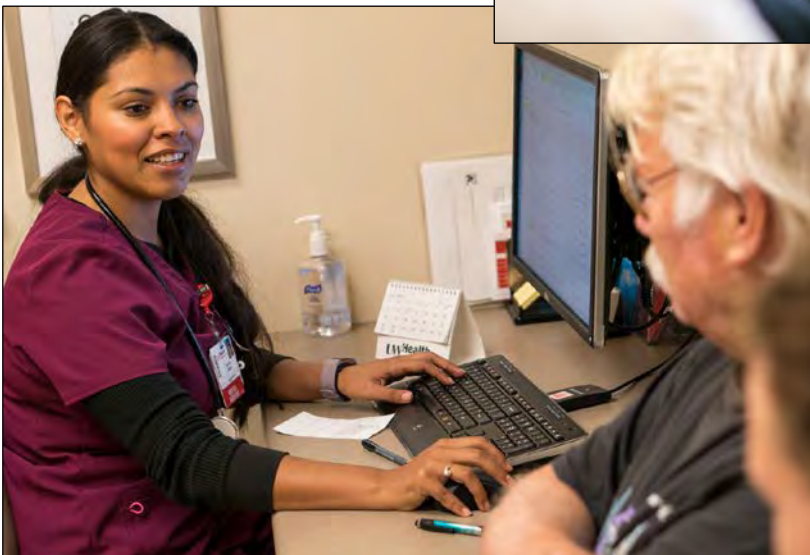

Teresa Cramer McDonald, NP
Alison Miller, MD
Paul Pankratz, PA-C
Katherine Porter, DO
Jessica Rasmussen, PA-C
Matthew Swedlund, MD
Alekszandra Zgierska, MD, PhD

Cottage Grove Clinic.

3.3. REGIONAL CLINIC HIGHLIGHTS

3.3.1. BEAVER DAM CLINIC

FACTS

FY17 Patient Visits: 19,222 | **FY17 Patient Panel:** 9,629

Medical Director: Sandra Kamnetz, MD | **Site Leader:** Seth Barudin, MD

Clinic Manager: Dawn Lunde

HIGHLIGHTS

- Namrata Magar, MD, joined the clinic.
- Introduced pharmacist services at the clinic. The service is supported remotely four days per week; every Friday, a pharmacist is on site to assist providers and meet with patients.
- Introduced Right Fax to clinic operations workflows to decrease turnaround time for health maintenance information to be downloaded into HealthLink.
- Introduced centralized autoclaving to improve proper sterilization/safety workflows and reduce clinical staff time performing this duty.

CLINICIANS

Seth Barudin, MD

Peggy Katsma, APNP

Jennifer Klueger, PA-C

John Lambert, DO

JoAnn Lee, MD

Namrata Magar, MD

Paul McMillan, MD

3.3.2. COTTAGE GROVE CLINIC

FACTS

FY17 Patient Visits: 10,600 | **FY17 Patient Panel:** 4,528

Medical Director: Sandra Kamnetz, MD

Site Leader: Christa Pittner-Smith, MD

Clinic Manager: Lea Veltum

HIGHLIGHTS

- A team consisting of reception staff, laboratory staff, RNs, MAs, and providers are actively working to decrease doses of opiates for patients currently taking doses higher than 90 morphine equivalents.
- Served as a clinical site for three medical students and 2 MA students.
- Developed new workflow to assure consistent completion of second blood pressure checks, ACO screenings and pediatric immunizations.

CLINICIANS

Louis Falligant, PA-C

Edward Kramper, MD

Anne Niebler, MD

Christa Pittner-Smith, MD

3.3.3. FORT ATKINSON CLINIC

FACTS

FY17 Patient Visits: 14,949 | **FY17 Patient Panel:** 6,635
Medical Director: Sandra Kamnetz, MD | **Site Leader:** Shauna Meyer, MD
Clinic Manager: Lynette Alvarado

HIGHLIGHTS

- Breah Klemp, PA-C, LAT, joined the clinic.
- Successfully implemented standardized processes associated with primary care redesign, including the role of RN care coordinator.
- Providers are transitioning to 20- and 40-minute appointments, which will help improve patient access.

CLINICIANS

Scott Brantmeier, DO
Breah Klemp, PA-C, LAT
Jeffrey McGuire, MD
Shauna Meyer, MD

Jolie Nottelson, NP (July 2016-January 2017)
Rachel Quinn, MD
Tania Weber, NP (July 2016-December 2016)

3.3.4. PORTAGE CLINIC

FACTS

FY17 Patient Visits: 11,204 | **FY17 Patient Panel:** 4,480
Medical Director: Sandra Kamnetz, MD | **Site Leader:** Mitzi Regala, MD
Clinic Manager: Tia Bowen

HIGHLIGHTS

- Jamie Kling, DO, joined the clinic.
- Relocated seven specialty clinics from Divine Savior Hospital into the clinic, hired three new staff and became part of the regional specialty clinics.
- Phase 1 of clinic remodel to maximize space was completed.

CLINICIANS

Leann Greuel, PA-C
Jamie Kling, DO
Hema Patel, MD

Mitzi Regala, MD (July 2016-June 2017)
Joseph Wangerin, PA-C

4. COMMUNITY HEALTH

Alison Hotujec, MD (left), talks with a patient at a diabetes health fair she led at the UW Health Odana Atrium Clinic. An Office of Community Health micro grant helped support the event.

FY16 KEY FACTS

- Supports education, research, clinical service and outreach projects that promote and enhance community health.

LEADERSHIP

- **Kirsten Rindfleisch, MD**, director
- **Robin Lankton, MPH, CHES**, co-director (July 2016-March 2017)

Because over 80 percent of what contributes to health happens outside of a doctor's office, the DFMCH promotes and enhances community health-related efforts in education, research and patient care.

We promote healthy communities where everyone can thrive—for generations.

Above: Maggie Larson, DO, and a child prepare healthy meals at the ChopChopKids bimonthly cooking club at the Badger Prairie Needs Network.

4.1. GENERAL HIGHLIGHTS

The Office of Community Health (OCH) was established in 2015 to promote and enhance community health-related efforts in education, research and clinical services within the DFMCH.

Conference Sponsorship

The OCH sponsors community health conferences that address health equity and promote care for underserved populations. In FY17, the OCH co-sponsored the YWCA Racial Justice Summit, African American Health Network Health Fair, and the UW-Madison Indigenous Health and Wellness Day.

Diversity, Equity and Inclusion Committee

The DFMCH's Diversity, Equity and Inclusion committee (fammed.wisc.edu/about/diversity) continued work on issues of health equity, diversity and inclusion for DFMCH faculty, staff, learners and patients and has members representing all mission areas of the department.

Above, the DFMCH's Diversity, Equity and Inclusion committee

Front row, L-R: Kirsten Rindfleisch, MD; Kacia Stevenson; Ann Schensky; Bethany Howlett, MD; Jennifer Edgoose, MD, MPH (chair)

Back row, L-R: Kim Pinch, MPH; Bailey Murph, MPH; Shiva Bidar-Sielaff, MA; Bri Deyo, MPH; Bret Benally-Thompson, MD

Not pictured: Lea Veltum; Ronni Hayon, MD; Manuel Santiago, Thomas Hahn, MD; Kartik Sidhar, MD; Joanne Looze

In FY17, the committee sponsored a bimonthly lunchtime series, called *It Starts with Me: Conversations about Identity, Privilege and Intersectionality*, professionally facilitated by Groundwork Anti-Racism Collective. Session topics covered:

- Foundations: Introductions, Definitions, History
- Identity, Power and Oppression
- Implicit Bias and Microaggressions
- Communicating About Race
- Panel with People of Color
- Movement and Action

The series served as launching point for continued conversations about race, equity and bias in the department. The committee will be rolling out a series of activities over the next year.

Research

The OCH continued as an affiliate of the UW Institute for Clinical and Translation Research Community-Academic Partnership (ICTR-CAP). This partnership will help grow relationships with UW partners engaged in community health research and facilitate collaboration and funding opportunities for future departmental initiatives.

Curriculum Redesign

The Madison residency program adopted a curriculum on racism and health equity, which will be taught over the three-year residency period. The curriculum includes several large-group seminars, including new sessions such as “Health Disparities and Racism” and “Identity, Intersectionality, and Privilege,” as well as a panel discussion on physicians as advocates.

Faculty Development

The OCH faculty collaborated with other faculty and community partners to offer several development sessions for community and residency faculty groups. Topics included:

- Community and Population Health in Clinical Teaching;
- Community and Population Health Curriculum Redesign;
- Population Health Data: Obtaining, Interpreting and Applying Community Health Data to Clinical Practice and Innovation;
- Health Equity and Social Determinants of Health; and
- Engaging Patients and Communities in Improving Care.

Community Partnerships and Projects

DFMCH faculty, staff and residents continued our history of community collaboration. Specific community projects in FY17 included:

- Lakeview Wellness Day, a partnership between the UW Health Northeast Family Medical Center and Lakeview elementary school. During the event, volunteer faculty and staff taught children how their heart works, made healthy food with them, ran obstacle courses with them, taught first aid, and many other activities.
- The Hotspotting Collaborative, a partnership between faculty and residents at the UW Health Northeast Family Medical Center, the Dryden Terrace apartment complex on Madison's northeast side, Madison Fire Department (MFD) and Public Health Madison and Dane County. Through this partnership, MFD paramedics and DFMCH faculty visit Dryden Terrace to check residents' blood pressure, discuss health concerns or respond to requests for home safety evaluations. During a shared lunch, Jennifer Edgoose, MD, MPH, and DFMCH residents also offer health and wellness educational programming and hold mindfulness sessions for people living at Dryden Terrace.

Micro Grants Program

In FY17, the OCH awarded the following five community health micro grants to support faculty, learners and staff initiatives to improve the health of the communities they serve:

- Odana Atrium Clinic Diabetes Health Fair (Madison, led by Allison Hotujec, MD)
- Community Medicine Collaboration (Wausau, led by Caitlin Harris, DO)
- Verona High School Adolescent Girls' Group (Verona, led by Erin Peck, MD)
- ChopChop Magazine Cooking Club at Badger Prairie Needs Network (Verona, led by Allison Couture, DO)
- Book Club for Deforest-Windsor Clinic (Deforest and Windsor, led by Bethany Howlett, MD)

DFMCH FACULTY PLAY KEY ROLE IN MILWAUKEE HEALTH DEPARTMENT

The DFMCH and the Milwaukee Health Department (MHD) have a unique partnership in which DFMCH faculty provide public health and community services to Wisconsin's largest local health department.

DFMCH Professor **Geoffrey Swain, MD, MPH**, is the medical director and chief medical officer at the MHD, and a scientist at the Center for Urban Population Health (CUPH). He also teaches in the UW SMPH's Master of Public Health program and the Wisconsin Partnership Program-funded UW Population Health Service Fellowship Program. In 2017, he received the Distinguished Teaching Award (Community Mentor Category) from the UW SMPH's TRIUMPH program.

Geoffrey Swain, MD, MPH

Paul Hunter, MD

DFMCH Associate Professor **Paul Hunter, MD**, is the associate medical director at the MHD, and a scientist at CUPH. Dr. Hunter also teaches medical students and residents in Milwaukee, and is the fourth-year preceptorship director. He also serves on the Centers for Disease Control and Prevention's Advisory Committee on Immunization Practices.

5. RESEARCH

The DFMCH research committee (see bottom of page for members)

FY17 KEY FACTS

- \$8.6 million in grant awards
- 41 grants submitted
- 29 funded external grants
- 13 funded internal and collaborative grants

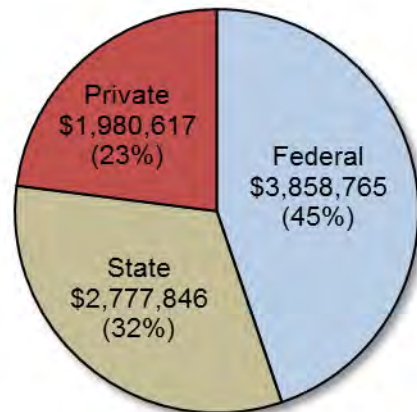

LEADERSHIP

- **Larry Hanrahan, PhD, MS**, research director
- **Jodi Rodefeld**, grants manager
- **Kathi Zich**, research administration assistant

The DFMCH has one of the largest, most robust family medicine research programs in the country.

With \$8.6 million in grant awards in FY17 (see chart at right), our investigators aim to transform family medicine through inquiry, discovery, and implementation.

FY17 RESEARCH GRANT FUNDING SOURCES

Pictured above, DFMCH research committee. Standing, left to right: Bruce Barrett, MD, PhD; Jodi Rodefeld; Regina Vidaver, PhD; Kathi Zich; Larry Hanrahan, PhD, MS; Aleksandra Zgierska, MD, PhD; David Rabago, MD; Laura Cruz. Sitting, left to right: Jonathan Temte, MD, PhD; Randy Brown, MD, PhD, FASAM

5.1. GENERAL HIGHLIGHTS

- **Grant funding.** In FY17, DFMCH investigators received approximately \$8.6 million in grant awards, including 23 new awards from external funding sources and 15 from internal funding sources. The DFMCH ranks 14th in NIH funding among departments of family medicine in U.S. medical schools.
- **Publications and presentations.** DFMCH faculty, learners and staff had 275 publications, including peer-reviewed papers, electronic publications, abstracts, books, book chapters, editorials and commentaries in 2016. That year, through 353 state, national and international presentations, they also promoted the discovery and dissemination of knowledge important to teaching, clinical practice and the organization of health care.

PROJECT HIGHLIGHTS

In FY17, three DFMCH research projects are focusing on strategies to combat addiction and misuse of opioids and other substances.

Aleksandra Zgierska, MD, PhD, is leading a Patient-Centered Outcomes Research Institute study, “A Comparative Effectiveness Randomized Controlled Trial of Mindfulness Meditation versus Cognitive Behavioral Therapy for Opioid-Treated Chronic Low Back Pain.” This five-year randomized controlled trial will compare the effectiveness of two interventions—mindfulness meditation and cognitive-behavioral therapy—for improving outcomes (pain, function, quality of life, opioid dose) in adults with opioid-treated chronic low back pain over a 12-month follow-up period. The study’s coordinating center is UW-Madison, with additional sites at Harvard University’s Brigham and Women’s Hospital in Boston, and the University of Utah in Salt Lake City.

Randy Brown, MD, PhD, FASAM, is leading a Wisconsin Partnership Program-funded study, “Screening in Trauma for Opioid Misuse Prevention (STOMP).” This three-year study seeks to develop protocols to detect opioid risk early in the course of pain management and, ultimately, to intervene to prevent opioid misuse, addiction, and related complications. It brings together expertise in addiction medicine, trauma surgery, public health, systems engineering, social work, pain medicine, and primary care in an effort to improve our understanding of opioid misuse and the development of addiction in the context of traumatic injury and pain management.

Richard L. Brown, MD, MPH, is leading a U.S. Substance Abuse and Mental Health Services Administration-funded study, “Screening, Brief Intervention and Referral to Treatment (SBIRT).” This three-year project implements, refines and evaluates the effectiveness of a scalable, competency-based SBIRT curriculum for 2,000 trainees of multiple health professions at UW and beyond.

5.2. GRANTS

5.2.1. EXTERNALLY FUNDED PROJECTS

Principal Investigator	Grant Title	Funding Source	Amount
Alexandra Adams, MD, PhD	Healthy Children, Strong Families	NIH	\$681,311
Alexandra Adams, MD, PhD	Intergovernmental Personnel Act	CDC	\$9,691
Bruce Barrett, MD, PhD	K24 Career Development Mentoring Award	NIH/NCCAM	\$171,863
Bruce Barrett, MD, PhD	Meditation and Exercise for Preventing Acute Respiratory Infection (MEPARI-2)	NIH/NCCAM	\$744,046
Bruce Barrett, MD, PhD	FLSA Postdoc T32 Supplement	NIH/NCCAM	\$174,943
Richard Brown, MD, MPH	Screening, Brief Intervention and Referral to Treatment (SBIRT)	DHHS, PHS, Substance Abuse & Mental Health	\$373,673
Richard Brown, MD, MPH	Strengthening Treatment Access and Retention-Quality Improvement (STAR-QI) State Implementation	WI DHS	\$134,000
Rachel Grob, PhD	Governance of Learning Activities in Learning Healthcare Systems	University of Pennsylvania	\$21,239
Rachel Grob, PhD, and Nancy Pandhi, MD, MPH, PhD	From Patient Voice to Patients' Voices: Using Patient Experience to Enhance Medical Education	Macy Foundation	\$34,875
David Hahn, MD, MS	Prospective Lyme Disease Blood Specimen Procurement	Quidel Corp.	\$103,676
David Hahn, MD, MS	Meta-Network Learning and Research Center (Meta-LARC)	Oregon Health & Science University	\$13,684
David Hahn, MD, MS	MEDication Focused Outpatient Care for Underutilization of Secondary Prevention	University of Iowa	\$45,218
Larry Hanrahan, PhD	Childhood Obesity Surveillance Using Electronic Health Records Data	Fred Hutchinson Cancer Research Center	\$30,473

UNIVERSITY OF WISCONSIN DEPARTMENT OF FAMILY MEDICINE AND COMMUNITY HEALTH
FY17 ANNUAL REPORT

David Rabago, MD	Primary Care Research Fellowship	HRSA	\$380,445
Adam Rindfleisch, MD	Whole Health Patient Content and Advanced Education for Clinicians	Pacific Institute for Research and Evaluation	\$726,779
Sarina Schragger, MD, MS	Shared Decision Making Training for Breast & Lung Cancer Screening	UW Health	\$266,207
Paul Smith, MD	Better, Safer Care Through Clear Communication (BeST Communication)- Bader Foundation	Bader (Helen) Foundation	\$80,200
John Temte, MD, PhD	Influenza Incidence Surveillance Pilot Project (IISP)	WI DHS	\$75,075
Georgiana Wilton, PhD	Milwaukee County JJ AODA	Milwaukee County DHS	\$19,766
Georgiana Wilton, PhD	Kenosha County JJ AODA	Kenosha County DHS	\$13,170
Georgiana Wilton, PhD	Portage County JJ AODA	Portage County DHS	\$5,788
Georgiana Wilton, PhD	Dane County JJ AODA	UW Hospital & Clinics	\$22,438
Georgiana Wilton, PhD	Wisconsin Treatment Outreach Project Application	WI DHS	\$75,000
Georgiana Wilton, PhD	WI aSBI Choices Tribal Initiative	CDC	\$275,000
Aleksandra Zgierska, MD, PhD	A Comparative Effectiveness Randomized Controlled Trial of Mindfulness Meditation versus Cognitive Behavioral Therapy for Opioid-Treated Chronic Low Back Pain.	Patient-Centered Outcomes Research Institute	\$1,686,046
Aleksandra Zgierska, MD, PhD	Maximizing Outcomes & Safety of Long-Term Opioid Therapy in Chronic Non-Cancer Pain: Clinician Adherence to Evidence-Based Treatment Guidelines and its Determinants	Pfizer	\$83,347

5.2.2. UW-FUNDED PROJECTS

Principal Investigator/ Academic Partner	Grant Title	Funding Source	Amount
Alexandra Adams, MD, PhD	WI Obesity Prevention Initiative	WPP	\$1,500,000
Alexandra Adams, MD, PhD	Association Between Objectively Measured Physical Activity, Sleep, and Obesity in Urban Indian Children	UWMF	\$10,000
Randy Brown, MD, PhD, FASAM	Screening in Trauma for Opioid Misuse Prevention	WPP-MERC	\$254,324
Marlon Mundt, PhD, MS, MA	Cost-Effectiveness Analysis of the Wisconsin CMS Medicaid Quitline Incentive Project	Carbone Cancer Center	\$75,000
Nancy Pandhi, MD, MPH, PhD	Patient Engagement in Care Redesign: Identifying Effective Strategies for Measuring & Scaling Intervention	WPP-MERC	\$150,000
Nancy Pandhi, MD, MPH, PhD	UWMF DiPEX	UWMF	\$188,284
David Rabago, MD	Cultural and Economic Influences on Child Weight-Related Communications in Clinic	UWMF	\$10,000
Sarina Schragger, MD, MS	Development of a Toolkit to Support Shared Decision Making in Breast Cancer Screening	WPP-MERC	\$15,000
Jonathan Temte, MD, PhD	Rapid Assessment of and Prophylaxis for Influenza in Dwellers of Longer-Term Facilities	WPP-MERC	\$166,667

5.2.3. COLLABORATIVE PROJECTS

These projects are collaborations between DFMCH principal investigators or co-investigators and other UW schools or departments.

Principal Investigator	Grant Title	Funding Source	Amount
PI: David Feldstein, MD; DFMCH co-investigator: Paul Smith, MD	Integrated Clinical Prediction Rules: Bringing Evidence to Diverse Primary Care Settings	New York University	\$97,962
PI: David Gustafson, MS, PhD; DFMCH co-investigator: Randy Brown, MD, PhD, FASAM	Heart-Related Multiple Chronic Conditions in Primary Care: Behavioral Technology	NIH	\$781,663
PI: Todd Molfenter, MS, PhD; DFMCH co-investigator: Randy Brown, MD, PhD, FASAM	Test of a Workforce Development Intervention to Expand Buprenorphine Prescribers	NIH	\$597,883
PI: Andrew Quanbeck, PhD; DFMCH co-investigators: Randy Brown, MD, PhD, FASAM; Aleksandra Zgierska, MD, PhD	Physician Coaching to Reduce Opioid-Related Harms	NIDA	\$227,205

5.2.4. DFMCH SMALL GRANTS

The DFMCH small grant program provides support to faculty, residents and staff to pursue scholarly interests in order to contribute to the academic culture of the department and develop their own career consistent with the mission and goals of the DFMCH. Projects are expected to lead to the development of presentations, extramural grants, and publications in peer-reviewed journals.

Principal Investigator	Grant Title
Bobby Nourani, DO	Multiple Modality Integrative Care for Chronic Low Back Pain: A Quality Improvement Project
Randy Brown, MD. PhD, FASAM	Opioid Overdose Prevention and Naloxone Use Survey
Jennifer Edgoose, MD, MPH	Developing a Strategy to Increase Underrepresented-in-Medicine in the Wisconsin Healthcare Workforce
David Hahn, MD	2017 WREN Convocation of Practices: How to Get More Joy Out of Your Practice
Daniel Jarzemsky, MD	Health Factor Outcomes for a Community-Based Fitness and Nutrition Social Support Program (Empower)

5.2.5. DFMCH INNOVATION FUNDS

The DFMCH Innovation Fund is designed to provide support to faculty, residents, fellows and staff to test innovations to create new systems, methods, and processes that improve clinical care, education, administration, or research.

Principal Investigator	Grant Title
Jared Dubey, DO	OMT for the MD
Vincent Minichiello, MD	The Effect of a Novel Adapted Mindfulness-Based Stress Reduction Program on Family Medicine Resident Physician Burnout, Stress, Resiliency, and Mindful Awareness
Karina Atwell, MD	UW Department of Family Medicine and Community Health Balint Group Leadership Training and Program Implementation
Ellen Goldstein, MD	A Motivation-Based Intervention to Improve Health Risk Coping Among Urban Black Primary Care Patients

5.3. WISCONSIN RESEARCH AND EDUCATION NETWORK

FY17 KEY FACTS

- Over 1200 clinicians, staff and trainees engaged
- 15 active research projects, including intra- and inter-state projects
- Nearly 500 clinicians and clinic staff participated in WREN research projects during FY17

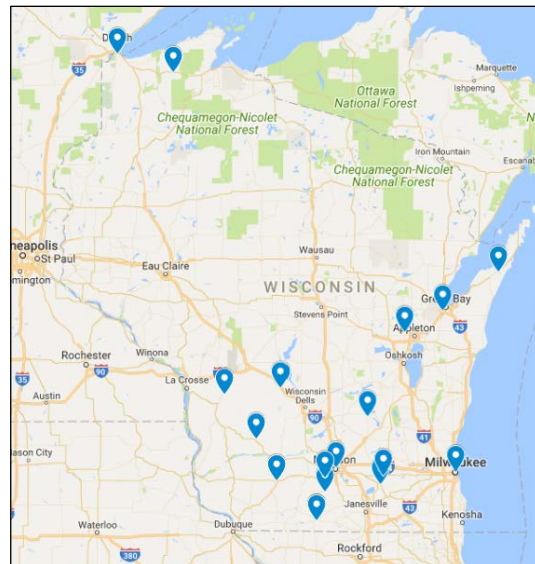

LEADERSHIP

- **David Hahn, MD**, director
- **Regina Vidaver, PhD**, program manager

The Wisconsin Research and Education Network (WREN) is a statewide practice-based research network (PBRN) of primary care clinicians and academic researchers. Its vision is to improve health outcomes for the people of Wisconsin and beyond as a model practice-based research network. Its mission is to promote and conduct primary care research and education in partnership with primary care clinicians and the communities they serve.

Highlights

- **Sustainability.** WREN has been in continuous operation since 1987, making it one of the oldest PBRNs in the country.
- **Increased funding.** WREN has continued to attract high-quality, high-caliber projects supported by federal and local funding, including private foundations.
- **Engagement.** WREN disseminates practical and research information to more than 1200 individuals, including clinicians, researchers and staff across the state of Wisconsin and beyond.
- **Statewide research.** During FY17, WREN was engaged in 15 clinical and practice improvement research projects. Topics included shared decision-making, health literacy training for elderly caregivers, opioid use in chronic pain, opioid addiction, public health-primary care collaboration, developing a rapid Lyme disease detection test, and the cognitive workload of clinic teams.

Location of clinics participating in WREN studies during FY17

- **National association.** WREN is a member of two AHRQ-funded Research Centers in Practice-based Research and Learning consortiums. These consortia accelerate the generation of new knowledge and a community of learning for primary care practices to improve quality, patient safety and effectiveness of care. PBRNs are designed to accomplish clinically relevant, real-world research in primary care practices.
- **Patient outcomes oriented.** WREN is currently working on two PCORI-funded projects related to opioids. Patients, clinicians, researchers and other stakeholders are intimately engaged in project development and communication. Shared decision-making has also emerged as a key area of emphasis for WREN, with multiple projects completed and ongoing around how to improve the way patients are provided information, and clinic teams are prepared to discuss that information with their patients.

Left: WREN Research Coordinators Amanda Hoffmann and Alice Yuroff practice using a voice recorder in preparation for intake visits with participants in a PCORI-funded study.

Right: WREN Director David Hahn, MD, and Research Coordinator Amanda Hoffmann, MPH, accept the award for the David Lanier Top Poster Presentation at the North American Primary Care Research Group (NAPCRG) Practice-Based Research Network (PBRN) annual meeting from conference co-chairs Donald Nease and Denise Campbell-Scherer.

6. ADMINISTRATION

FY17 KEY FACTS

- FY17 revenue: \$110,410,063 (\$110,172,006 without philanthropic donations)

LEADERSHIP

- **Linda Haskins, MBA**, administrator

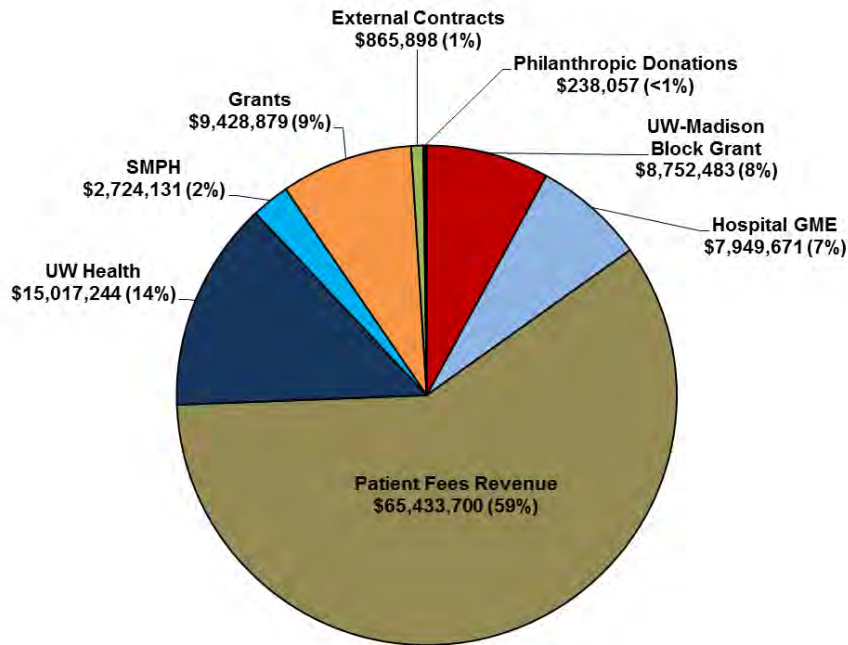

The DFMCH's administrative team provides a variety of services for faculty, staff, and physicians in training. Service areas include finance and accounting, human resources, information technology, clinical care, education, and research.

Members:

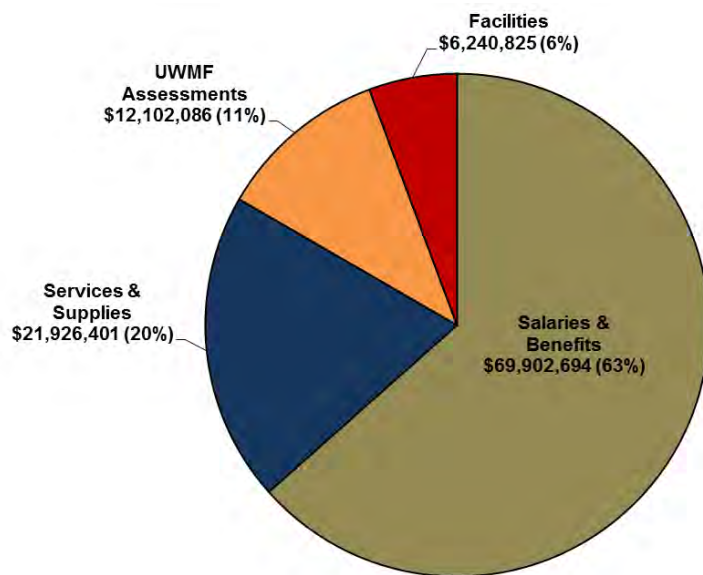

- *Mary Fendry, Associate Director, Operations (July 2016-May 2017)*
- *Michelle Grosch, MA, Director of Educational Services*
- *Lawrence Hanrahan, PhD, MS, Director, Research Services*
- *Linda Haskins, MBA, Administrator*
- *Justin Knupp, MBA, Director, Information Technology Services*
- *Robin Lankton, MPH, CHES, Leadership Project Manager (July 2016-March 2017)*
- *Michelle Riley, Assistant Director, Reimbursement Services, Billing and Health Informatics*
- *Kathy Seymer, RN, BSN, MSHI; Director, UW Health Ambulatory Operations*
- *Barbara Stransky, CPA, Chief Financial Officer*

6.1. FINANCIALS

FY17 REVENUE: \$ 110,410,063 (\$110,172,006 without philanthropic donations)

FY17 EXPENSES: \$110,172,006

6.2. DONOR RECOGNITION

PROLOTHERAPY TREATMENT FOR PAIN PROMPTS RESEARCH GIFT

For three years, Hessa Alqassimi struggled with excruciating pain in her back, sacrum and neck. She tried many different treatments from physicians in her home country of United Arab Emirates (UAE), as well as in Germany and the United States, but those treatments only reduced some of her symptoms.

On a referral from her dentist, she first received prolotherapy from a physician in San Diego to see if it would decrease her back pain. Prolotherapy involves injecting small amounts of therapeutic solution at painful ligaments and tendon and in joint spaces to stimulate healing and relieve pain.

After just a few sessions, Alqassimi says she is pain free, and has stopped all pain medications.

Through conversations with a prolotherapist in the UAE, Alqassimi learned about David Rabago, MD, an associate professor in the DFMCH and an international expert on prolotherapy treatment, research and education.

According to Dr. Rabago, prolotherapy has been practiced for over a century, and although evidence suggests that it's effective for chronic musculoskeletal pain due to osteoarthritis, overuse tendon disorders and back problems, more research is needed.

Above: David Rabago, MD, and colleague Michael Weber, MD, perform prolotherapy in Honduras.

Alqassimi's desire to support that research—and to raise awareness of prolotherapy's promise as a treatment for chronic pain—led her to make a generous donation to the University of Wisconsin Prolotherapy Research and Education Laboratory (UW PEARL).

“I believe [prolotherapy] should be available everywhere and in every hospital, and not a rare specialty treatment that patients find about by luck,” Alqassimi says. “Research is a great way to explore its effectiveness. I wish someone told me about prolotherapy when the pain started...hopefully doctors and patients will become more aware of the benefits of prolotherapy and consider it in their treatment plan.”

Dr. Rabago and the DFMCH are deeply grateful to Alqassimi for her generous support of prolotherapy research and education.

To learn more about UW PEARL or to make a gift to the program, please visit www.supportuw.org/giveto/pearl

THANK YOU TO ALL OUR DONORS

We are deeply grateful to the individuals and organizations below who made philanthropic donations to our department in FY17. Thank you for your contributions!

Hessa Alqassimi	Daniel R. and Paula A. Jarzemsky
John W. and Penelope N. Beasley	Colin Jones
Lester P. Brillman	Robert N. and Barbara K. Justl
James F. Calvert and Wendy A. Warren	Sandra A. and Frederick R. Kamnetz
Kathleen E. Carr Borseth and Adam B. Borseth	Sandra L. Kraemer-Keeker
Carrol A. Christman	Peter D. and Valerie Kuemmel
James R. and Linda A. Damos	John P. Langer
David M. and Diane H. Deci	Michelle M. Lipke
Craig A. and Krista L. Dopf	Brian E. and Susan D. Lochen
Tami Ellinport	Patrick D. Loew
Rodney A. and Ruth A. Erickson	Elizabeth L. Matera
Francis E. and Mildred H. Evans	Robert C. and Carol J. Mead
John J. and Catherine A. Frey	Douglas B. Moericke
George L. Gay	James R. Nelson
Claire M. Gervais and David M. Blouin	Albert O. and Nancy J. Nicholas
Artin Gevorkian	David L. Olson
Valerie J. Gilchrist and William B. Scott	Zorba Paster
Hackett-Hemwall Foundation, Inc.	Andrew V. Pasternak

7. SPECIAL EVENTS

From left: DFMCH Chair Valerie Gilchrist, MD; Marc Hansen, MD; Hansen Lecturer Jonas Lee, MD; and Kenneth Kushner, PhD

FY17 KEY FACTS

- **September 2016:** Farley visiting professor William Miller, MD, MA
- **November 2016:** Renner/Hansen award ceremony
- **May 2017:** McGovern-Tracy scholars award ceremony

Each year, the DFMCH holds several special events that bring together faculty, staff, learners, friends, and guests.

Left: Patricia Tellez-Giron, MD, and Shiva Bidar-Sielaff, MA. Above: Wen-Jan Tuan, MS, MPH, and Jennifer Lochner, MD.

7.1. EUGENE FARLEY VISITING PROFESSORSHIP

Honors Eugene and Linda Farley and their contributions to the DFMCH and the discipline of family medicine. Each year, the DFMCH chooses a visiting professor who characterizes the values of service, compassion, and commitment to community.

The Department of Family Medicine and Community Health (DFMCH) welcomed William Miller, MD, MA, as its 2016 Eugene Farley Visiting Professor during its annual Farley/Frey reception, held September 14, 2016, at the Pyle Center in Madison.

His presentation, “Health by Surprise: Refreshing Family Medicine’s Roots,” focused on primary care’s shift to being part of larger corporate organizations, how complexity science can inform primary-care physicians’ work and how family physicians can be part of the next cycle of health care organizations.

2016 Farley Visiting Professor William Miller, MD, MA, with DFMCH Chair Valerie Gilchrist, MD

Dr. Miller was the Leonard Parker Pool chair of family medicine at the Lehigh Valley Health Network in Allentown, Pennsylvania; and the predoctoral education, residency and fellowships director at the University of Connecticut’s family medicine program. He also helped to establish the first group family medicine practice in Bethlehem, Pennsylvania, and was a co-chief resident for the family medicine residency at Harrisburg Hospital, in Harrisburg, Pennsylvania.

John Frey Writing Awards

Honors John Frey III, MD, past chairman of the DFMCH, and presented at the Farley Lecture. Recognizes individuals in the department for creative writing contributions, and encourages creation and enjoyment of such writing.

Prose winners:

- All the Lonely People (John Brill, MD, MPH)
- Visiting the home of a retired brushlands firefighter (Jon Temte, MD, PhD)
- Whomp, Whomp (Kevin Wyne, MPAS, MSc, PA-C)

Poetry winners:

- Aging (Caitlin Regner, MD)
- Bookends (Melissa Stiles, MD)

7.2. RENNER/HANSEN AWARD CEREMONY

The DFMCH hosted the 2016 Renner/Hansen Award ceremony November 9, 2016, at the Pyle Center in Madison.

Marc Hansen Lectureship Award

Honors a DFMCH junior faculty member who has contributed to the education of students and residents or made a scholarly contribution to the academic discipline of family medicine.

WINNER: Jonas Lee, MD, assistant professor (CHS)

From left: Valerie Gilchrist, MD; Marc Hansen, MD; Hansen Lecturer Jonas Lee, MD; and Kenneth Kushner, PhD

John H. Renner “Wisconsin Idea” Award

Honors a Wisconsin citizen or organization who has demonstrated exemplary commitment to family medicine and the health needs of the people of the state.

WINNER: Susan Skochelak, MD, MPH, vice president for medical education at the American Medical Association and former SMPH senior associate dean for academic affairs

From left: Matthew Swedlund, MD; Elizabeth Fleming, MD; Renner Award winner Susan Skochelak, MD, MPH; Michael Fleming, MD; and Valerie Gilchrist, MD

DFMCH Faculty Excellence Award

Recognizes faculty for excellent performance and service to the mission of the department.

WINNER: Jonathan Temte, MD, PhD, professor (CHS)

Shari Barlow and DFMCH Faculty Excellence Award winner Jonathan Temte, MD, PhD

Robert Drachenberg Staff Excellence Awards

Recognizes staff for excellent performance and service to the mission of the department.

WINNER: Wen-Jan Tuan, MS, MPH, senior database administrator

Robert Drachenberg Staff Excellence Award winner Wen-Jan Tuan, MS, MPH, and Kenneth Kushner, PhD

James E. Davis Award for Quality Improvement

Recognizes and honors outstanding quality improvement projects.

WINNER: UW Health DeForest-Windsor clinic's OB care team

The UW Health DeForest-Windsor Clinic's OB care team, who received the James E. Davis, MD, MS, Quality Improvement Award

The William E. Scheckler Awards

Recognizes a faculty or staff member for the best paper published in a peer-reviewed journal in the previous calendar year.

WINNERS: Jennifer Edgoose, MD, MPH, associate professor (CHS) (outstanding research publication, faculty or staff); Vernon Grant, PhD, primary care research fellow (outstanding research publication, medical student, resident or fellow)

Larry Hanrahan, PhD, MS, and William E. Scheckler, MD, Outstanding Research Publication Award winner Jennifer Edgoose, MD, MPH

Chair's Awards

Recognizes leadership and service to the department.

WINNERS: Kevin O'Connell, MD, long-time director of the Wausau residency program, and Susan Skochelak, MD, MPH, vice president for medical education at the American Medical Association and former SMPH senior associate dean for academic affairs

Valerie Gilchrist, MD, with Chair's Award winners Kevin O'Connell, MD (above) and Susan Skochelak, MD, MPH (at left)

AAFP AND WAFP AWARD WINNERS HONORED

At the 2016 Renner/Hansen award ceremony, special guest Larry Pheifer, executive director of the Wisconsin Academy of Family Physicians (WAFP), honored the six DFMCH faculty, plus our Family Medicine Interest Group, who won AAFP awards in 2016.

He was followed by Brandon Wimmer, WAFP director of strategic initiatives, who congratulated Jacqueline Gerhart, MD, for being named the WAFP Family Medicine Educator of the Year.

Top, from left: WAFP Executive Director Larry Pheifer; Cindy Haq, MD (recipient of the AAFP 2016 Exemplary Teaching Award for Full-Time Faculty); Valerie Gilchrist, MD

Bottom, from left: WAFP Executive Director Larry Pheifer; WAFP Family Medicine Educator of the Year Jacqueline Gerhart, MD; David Deci, MD

7.3. MCGOVERN-TRACY AND SCHOLARS AWARD CEREMONY

The DFMCH held its annual McGovern-Tracy and Scholars award ceremony on May 17, 2017, at the Monona Terrace Community and Convention Center.

William Schwab, MD, served as the event's master of ceremonies, and UW Health Chief Diversity Officer Shiva Bidar-Sielaff, MA, delivered the event's keynote address.

McGovern-Tracy Scholarship Winners

The McGovern-Tracy Scholars program honors medical students or family medicine residents who exemplify outstanding community service, outreach, and leadership. It also honors Michele Tracy, a second-year UW medical student who was killed while participating in an educational service program in Malawi, Africa, in July 1999.

- Jared Dubey, DO
- Jody Epstein, MD
- Katie Eszes
- Matt Guerrieri
- Manu Habibi
- Kali Kramolis
- Jacqueline Mirr
- Jasmine Wiley, MD

Top, from left: McGovern-Tracy student scholars Manu Habibi, Kali Kramolis, Matt Guerrieri and Katie Eszes. Not pictured: Jacqueline Mirr

Bottom, from left: Cindy Haq, MD with McGovern-Tracy resident scholars Jasmine Wiley, MD; Jared Dubey, DO; and Jody Epstein, MD

Additional Awards

Zorba Paster Foundation Compassion in Action Awards

- Compassion in Action Award: Nnenna Ezeh
- Compassion in Action Community Health Leadership Award: Vy Dinh, Nailah Cash-O'Bannon
- Compassion in Action International Health Leadership Award: Elizabeth Abbs

Dr. Lester Brillman Scholarships/Awards

- Brillman Scholarships: Andrew Beine; Tricia Brein, MPH, CHES; James Ircink; Kristin Magliocco; Kelsey Schmidt
- Brillman Leadership and Advocacy Award: Sabrina Martinez
- Brillman Mentoring in Family Medicine Award: Jonas Lee, MD

Founders Award (WAFP)

- Cameron Blegen

Robert F. and Irma K. Korbitz Endowed Scholarships in Family Medicine

- Lindsey Anderson
- Abigail Navarro
- Ngoc Pham

Vogel Foundation Scholarship

- Justin Meyers

From left: Brillman Scholarship winners James Ircink, Andrew Beine, and Kristin Magliocco; Zorba Paster Foundation Compassion in Action Community Health Leadership Award winner Vy Dinh; Brillman Scholarship winner Kelsey Schmidt; Brillman Leadership and Advocacy Award winner Sabrina Martinez; Brillman Scholarship winner Tricia Brein, MPH, CHES

Not pictured: Compassion in Action Award winner Nnenna Ezeh; Compassion in Action Community Health Leadership Award winner Nailah Cash-O'Bannon; Compassion in Action International Health Leadership Award winner Elizabeth Abbs

From left: Jill Davis, LCSW; Brillman Mentorship in Family Medicine award winner Jonas Lee, MD; James Davis, MD, MS

From left: Byron Crouse, MD; WAFP Founders Award winner Cameron Blegen; Korbitz Scholarship winners Ngoc Pham and Lindsey Anderson

**Dr. Martin and Charlotte Gallagher Scholarship for
Prolotherapy**

- Michael Braunsky, DO

**Jan Ashe Memorial Award for Excellence
in Community Radiography**

- Marrae Keith

*Jan Ashe Memorial Award for Excellence in
Community Radiography award winner Marrae Keith*

8. CLINICAL ADJUNCT FACULTY

As part of the UW School of Medicine and Public Health, the DFMCH requires preceptorships and other hands-on clinical experiences for students and residents.

The DFMCH is deeply grateful to the 359 statewide clinical adjunct faculty and preceptors who provide much of that critical teaching in communities statewide.

We thank them for their continued dedication and commitment.

9. PUBLICATIONS

Congratulations to the DFMCH faculty, learners and staff who made contributions to the academic discipline of family medicine last year.

The list below includes publications, electronic publications, abstracts, books, book chapters, editorials, and commentaries from January 1, 2016, through December 31, 2016.

1. **Adams AK**, Christens B, **Meinen A**, **Korth A**, Remington PL, et al. The Obesity Prevention Initiative: A Statewide Effort to Improve Child Health in Wisconsin. *Wisconsin Medical Journal*. 2016 Nov;115(5):220-223.
2. Santiago-Torres M, Cui Y, **Adams AK**, Allen DB, Carrel AL, et al. Familial and individual predictors of obesity and insulin resistance in urban Hispanic children. *Pediatric Obesity*. 2016 Feb;11(1):54-60.
3. Santiago-Torres M, Cui Y, **Adams AK**, Allen DB, Carrel AL, et al. Structural Equation Modeling of the Associations between the Home Environment and Obesity-related Cardiovascular Fitness and Insulin Resistance among Hispanic Children. *Appetite*. 2016 Jun 1;101:23-30.
4. Thraen-Borowski KM, Gennuso KP, Ganganon R, Trentham-Dietz A, Koltyn KF, Kelly F, **Adams AK**, et al. Impact Of Exercise On Prognosis, Quality Of Life, And Exercise Capacity In Lung Cancer Survivors: 1882 Board #34 June 2, 3: 30 PM - 5: 00 PM. *Medicine and Science in Sports and Exercise*. 2016 May;48(5 Suppl 1):517.
5. **Atwell KA**, **Smith MA**. The Role of Health Care Systems in Chronic Disease Prevention and Control. In: *Chronic Disease Epidemiology, Prevention, and Control*, 4th ed. Washington, DC: American Public Health Association, 2016.
6. **Atwell KA**, Weiss HB, Gibson C, Miller R, Corden TE. Neonatal Abstinence Syndrome and Maternal Substance Use in Wisconsin, 2009-2014. *Wisconsin Medical Journal*. 2016 Dec;115(6):287-293.
7. Hagen E, **Barnet J**, Johnson S, Bendlin B, Morrell M, Rasmuson A, Peppard P. Associations between severity and duration of sleep-disordered breathing and brain tissue volume. *European Respiratory Journal*. 2016;48(Suppl 60).
8. Hagen EW, **Barnet JH**, Hale L, Peppard PE. Changes in Sleep Duration and Sleep Timing Associated with Retirement Transitions. *Sleep*. 2016 Mar 1;39(3):665-73.
9. Korcarz CE, Benca R, **Barnet J**, Stein J. Treatment of sleep apnea rapidly reduces arterial tone, improves endothelial function and left ventricular diastolic function in normotensive adults. *Journal of the American College of Cardiology*. 2016 Apr 5;67(13):1941.
10. Korcarz CE, Benca R, **Barnet JH**, Stein JH. Treatment of Obstructive Sleep Apnea in Young and Middle-Aged Adults: Effects of Positive Airway Pressure and Compliance on Arterial Stiffness, Endothelial Function, and Cardiac Hemodynamics. *Journal of the American Heart Association*. 2016 Apr 3;5(4):e002930.
11. Korcarz CE, Peppard PE, Young TB, Chapman CB, Hla KM, **Barnet JH**, et al. Effects of Obstructive Sleep Apnea and Obesity on Cardiac Remodeling: The Wisconsin Sleep Cohort Study. *Sleep*. 2016 Jun 1;39(6):1187-95.

12. Nieto J, **Barnet J**, Hagen E, Rasmuson A, Peppard P. Longitudinal association between sleep disordered breathing and peripheral artery disease in the Wisconsin sleep cohort. *European Respiratory Journal*. 2016;48(Suppl 60).
13. Stein JH, Stern R, **Barnet JH**, Korcarz CE, Hagen EW, et al. Relationships between sleep apnea, cardiovascular disease risk factors, and aortic pulse wave velocity over 18 years: the Wisconsin Sleep Cohort. *Sleep Breath*. 2016 May;20(2):813-7.
14. Tattersall MC, **Barnet JH**, Korcarz CE, Hagen EW, Peppard PE, Stein JH. Abstract P081: Late-onset Asthma Predicts Cardiovascular Disease Events: The Wisconsin Sleep Cohort. *Circulation*. 2016 Mar 1;133(Suppl 1):AP081.
15. **Barrett B**, Grabow M, Middlecamp C, Mooney M, **Checovich MM**, Converse AK, Gillespie B, Yates J. Mindful Climate Action: Health and Environmental Co-Benefits from Mindfulness-Based Behavioral Training. *Sustainability*. 2016 Oct 17;8(10):1040.
16. **Barrett B**, Ricco J, Wallace M, **Kiefer D**, **Rakel D**. Communicating statin evidence to support shared decision-making. *BMC Family Practice*. 2016 Apr 6;17(1):41.
17. Chen CX, **Barrett B**, Kwekkeboom KL. Efficacy of Oral Ginger (*Zingiber officinale*) for Dysmenorrhea: A Systematic Review and Meta-Analysis. *Evidence-Based Complementary and Alternative Medicine*. 2016;2016:6295737.
18. Brown RL, Obasi CN, **Barrett BP**. Rasch analysis of the WURSS-21: Dimensional validation and assessment of invariance. *Journal of Lung, Pulmonary & Respiratory Research*. 2016;3(2).
19. Dorresteijn PM, Muller D, Xie Y, Zhang Z, **Barrett BP**. Validation of the Nasal Mucus Index, a novel measurement of acute respiratory infection severity. *American Journal of Rhinology & Allergy*. 2016 Sep 1;30(5):324-8.
20. **Beasley J**, Bazemore A, Mash B. The nature of primary care research. In: *International Perspective in Primary Care Research*. Boca Raton, Florida: CRC Press, Taylor & Francis Group; 2016: 9-10.
21. Holman GT, **Beasley JW**, Karsh BT, Stone JA, **Smith PD**, et al. The myth of standardized workflow in primary care. *Journal of the American Medical Informatics Association*. 2016 Jan;23(1):29-37.
