

The Healer's Art

A fall elective for **all medical students**
encouraging physician health, wholeness
& happiness

The following topics will be explored in
both large and small groups collaboratively
with a diverse group of faculty and
practicing clinicians:

- Discovering your deepest values in medicine
- Appreciating the human dimension of medicine
- Finding & maintaining meaning as a physician and medical student
- Experiencing joy and satisfaction in relationships with patients, colleagues, and loved ones
- Appreciating the mystery and awe in medicine

This is a 1 credit elective
Credit is based on attendance

- Recognizing the importance of physician self-care & learning healthy tools to manage stress

Faculty has included:

Vincent Minichiello, MD (Course Director)
David Deci, MD
Patrick McBride, MD
