

ASAM
THE **BUPRENORPHINE COURSE**
For Office-Based Treatment of Opioid Use Disorders

The Drug Abuse Treatment Act of 2000 (DATA 2000) specifies training is necessary for physicians to obtain a waiver to engage in office-based treatment of opioid use disorders using drugs approved by the FDA on Schedules III, IV, and V. This course addresses those requirements using a curriculum approved by CSAT/SAMHSA and ASAM, one of the national organizations named in the DATA 2000 legislation as eligible to prepare and administer these courses.

SCHEDULE

12:30 – Registration

1:00 – Buprenorphine training for physicians: The Science and The Law and Implementing Office-Based Opioid Treatment (David Galbis-Reig, MD, DFASAM; Michael Miller, MD, DFASAM, FAPA; Aleksandra Zgierska, MD, PhD, DFASAM)
(4 hours of online training must be completed prior to in-person training)

3:00 – Break/Refreshments

3:15 – Buprenorphine training for physicians: Special Populations, Case Studies with Q&A, and Completing the Waiver Paperwork and Final Q&A (David Galbis-Reig, MD, DFASAM; Michael Miller, MD, DFASAM, FAPA; Aleksandra Zgierska, MD, PhD, DFASAM)
(4 hours of online training must be completed prior to in-person training)

5:15 – End

FACULTY

David Galbis-Reig, MD, DFASAM is board-certified in addiction medicine and serves as the Medical Director for Addiction Services at Wheaton Franciscan Healthcare – All Saints in Racine, WI, where he provides evidence-based care for patients with alcohol and drug use disorders. He has authored numerous publications and policy statements regarding addiction prevention and treatment. He is the WISAM's Secretary.

Michael Miller, MD, DFASAM, FAPA is Medical Director of the Herrington Recovery Center at Rogers Memorial Hospital in Oconomowoc, WI, and a clinical faculty at the University of Wisconsin-Madison School of Medicine and Public Health and the Medical College of Wisconsin. He was the first President of the WISAM, is a Past President of the ASAM, and serves as a Director of the American Board of Addiction Medicine (ABAM) and the ABAM's Foundation.

Aleksandra Zgierska, MD, PhD, DFASAM is an Assistant Professor in the University of Wisconsin-Madison (UW), Department of Family Medicine and Community Health. Board-certified family medicine and addiction medicine, she provides primary and specialty care at UW Health. She co-directs the UW Center for Addictive Disorders, is a faculty at the UW Addiction, Pain Medicine, and Research fellowships, and directs the UW Program for Pain and Opioid Education, Therapies and Studies. Her research focuses on improving care for addictive disorders and chronic pain. She is the WISAM's President.

Saturday, October 1, 2016: Post-Conference Workshops
