

Lisa Sampson, MBA
WREN Program Manager

Lisa Sampson started as the Department of Family Medicine & Community Health (DFMCH) Research Program Manager in 2018. In her role, she provides administrative leadership to the DFMCH research enterprise and the Wisconsin Research and Education Network (WREN). She provides administrative research and grant management support. In addition, she also provides oversight and leadership to assure greater integration among DFMCH research programs.

Lisa received a Master's in Business Administration from Cardinal Stritch University in 2012. Previously, Lisa worked in laboratory, clinical and translational research for over 17 years in the UW Department of Radiology.

In her free time, Lisa enjoys spending time with her husband and two daughters. She enjoys showing horses, spending time outdoors, and coaching basketball.
