Daniel Wall
Community Representative

Daniel Wall was born and raised in a rural South Eastern Wisconsin community. Daniel completed a degree in Mechanical Engineering and worked for a number of years in industry. As a young adult Daniel experienced a number of health complications which exposed him to the importance of medical research, comprehensive primary care and the need for accessible specialty care.

In 2012, Daniel changed careers to focus on improving patient outcomes through medical research and joined the Marshfield Clinic Research Institute. Daniel's research interests include informatics, rural health, and cancer research.

During his time off, Daniel enjoys spending time in the outdoors with his wife and two sons, reading and flying.
