☐

Are you an [EnRICH](#) student?

☐ Yes

☐ No

Are you a PRIME-FM student?

☐ Yes

☐ No

Work Reference 1

Please include the name, address, and phone number.

Work Reference 2

Please include the name, address, and phone number.

Projects

Projects

Drag each project that you are interested in (would consider participating in this summer) into the box on the right. For these projects, please rank them top to bottom, with the project you are most interested in at the top. (See full project descriptions here: <https://www.fammed.wisc.edu/med-student-opportunities/srca/>)

Pain Management in
Gynecological Procedures
(PIs: Dalby and Krawzak)

Cover Letter/Other

Cover Letter

IMPORTANT: Include with this application a very brief cover letter that describes your interest in family medicine, the reasons for your interest in this program and particular projects, and your previous experience with research and research tools (e.g. statistical software). Don't worry if your experience is minimal; this program is intended as a learning experience.
